BUSINESS INFORMATION SERVICES BUREAU

TRANSFER/EMPLOYMENT OPPORTUNITY Geographic Information Systems Technician I (\$15.490 - \$21.138/hour)

The Business Information Systems Division in the Department of Technology Services' Business Information Services Bureau has an immediate opening for a Geographic Information Systems Tech I (GIS Tech I). The Business Information Systems Division is responsible for providing GIS services to several departments within the City of Long Beach. The GIS Tech I position reports to the GIS group supervisor.

This position offers a unique opportunity to work on many different GIS and GIS related projects within the City. Primarily this position will support the CityWorks work order application that is closely tied to the City's GIS system. The GIS Tech I will be responsible for the day-to-day support of the CityWorks application. Under direct supervision of the GIS Group Supervisor, the GIS Tech will ensure that CityWorks customer requests are addressed, the system is maintained and all issues are resolved.

The ideal candidate will possess the following qualifications:

- Strong communication skills both written and spoken
- Good understanding of the GIS (ESRI) system
- Ability to work well with others
- Ability to learn and understand various client workflows/businesses
- Understanding of the CityWorks application or other work order systems is desirable
- Technology background is desirable

REQUIREMENTS TO FILE:

This recruitment is open to current classified Geographic Information Systems Technicians and individuals currently certified to the Civil Service eligible list. Please submit a letter of interest and resume, by **4:30 p.m., Wednesday, November 11, 2009** to:

Tina Parmelee, GIS Supervisor
Business Information Services Bureau
City of Long Beach, Technology Services Department
333 West Ocean Boulevard, 12th Floor
Long Beach, CA 90802

Eligible applicants demonstrating the greatest potential for success will be invited to participate in the selection process.
