

VOTE NO on Measure CCC

City hall politicians say they want “an independent Ethics Commission.” — NOT TRUE

Is it independent? NO — The politicians select four commissioners, who in turn select the other three.

Is it ethical? NO — Not when the politicians select their buddies.

Will it be an investigative body with subpoena power? NO & NO

Will it prevent corruption at City Hall? NO

Can you trust an “Ethics” Commission to watch over the politicians who gave them their jobs?
— NO

This UNETHICAL COMMISSION:

Won't promote or enforce good government measures for elected and appointed officials or ensure greater transparency.

Can't enforce ethics rules for our politicians or hold them accountable to strong ethical standards.

Will further degrade public confidence in the fairness and transparency of our government.

Is a self-serving sham intended to provide cover for the politicians who wrote it.

This commission would be controlled and accountable only to the politicians themselves, thereby reducing accountability and transparency.

This commission has no ability to enforce ethics laws.

Placement on the ballot has wasted our tax dollars, and it's meant to mask our government's corruption. It also distracts from the true aim of these charter amendments, the attempt to extend term limits.

Don't trust the fox to guard the henhouse.
