RESOLUTION NO. RES-17-0076

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LONG BEACH ESTABLISHING A HISTORIC RESOURCES DESIGNATION FOR THE BUILDING LOCATED AT 501 EAST BROADWAY, AS PRESCRIBED BY CHAPTER 2.63 OF THE LONG BEACH MUNICIPAL CODE TO BE RECORDED PURSUANT TO THE AUTHORITY OF GOVERNMENT CODE SECTION 27288.2 AND PUBLIC RESOURCES CODE SECTION 5029

The City Council of the City of Long Beach does hereby resolve as follows:

Section 1. This Resolution is adopted pursuant to the authority and mandate of California Public Resources Code Section 5029 in order to provide recorded notice to current and future owners of the affected properties that such properties have been designated as historical landmarks.

Section 2. Pursuant to Chapter 2.63 of the Long Beach Municipal Code, the City Council of the City of Long Beach has adopted Ordinance No. ORD-17-0013 designating the property located at 501 East Broadway as a local historical landmark. As a local historic landmark, the demolition, alteration, or relocation is restricted, subject to controls and standards set forth in this resolution and in Chapter 2.63 of the Long Beach Municipal Code, as may be amended from time to time.

Section 3. The legal description for the building located at 501 East Broadway is set forth on Exhibit "A", attached hereto and incorporated herein as though set forth in full. The owner of 501 East Broadway is Nancy L. Downs, trustee of the 2000 Nancy L. Downs Revocable Trust.

Section 4. Designation as a Historic Landmark. Pursuant to the provisions of Chapter 2.63 of the Long Beach Municipal Code and upon the
recommendation of the Cultural Heritage Commission, the City Council of the City of Long Beach hereby designates the property located at 501 East Broadway as a historic landmark based on satisfying significance criteria A and C, as defined in the City's Cultural Heritage Commission Ordinance (Long Beach Municipal Code, Section 2.63.050). The designation of 501 East Broadway as a local historic landmark has been codified in Section 16.52.2230 of the Long Beach Municipal Code.

A. The Metropolitan Apartments building was originally constructed in 1922. The mixed-use building has been used as both a hotel and apartment building on the upper floors and ground floor commercial over the building's lifetime. City records indicate the structure was originally designed in a Spanish style, but the original building architect could not be determined. The building's current Streamline Moderne façade was designed by noted local architect W. Horace Austin after the building suffered damage in the 1933 Long Beach earthquake. The building is significant under Criteria A for its association with an important event in local history which resulted in a period of reconstruction throughout the City after the Long Beach earthquake. The building is also eligible under Criteria C as an excellent example of the Streamline Moderne style. The building embodies many of the distinctive characteristics associated with the Streamline Moderne style. The structure retains a high level of integrity and maintains several original building including the original bays, many of the original windows, speed-inspired horizontal banding, curved bullnose, the original fire escape, and the original spire. This building will be referred to as the "Metropolitan Apartments Building" if approved.

B. Rational for historic landmark designation. The City Council finds that relative to the designation of the subject building located at 501 East Broadway as a historic landmark, the following criteria are manifested as set forth in the Long Beach Municipal Code Section 2.63.050 based
upon the following:

A. It is associated with events that have made a significant

contribution to the broad patterns of the City's history.

C. It embodies the distinctive characteristics of a type,

period, or method of construction, or it represents the work of a master or it

possesses high artistic values.

Section 5. General guidelines and standards for any changes.

A. Any maintenance, repair, stabilization, rehabilitation,

restoration, preservation, conservation, or reconstruction work proposed for

the building shall be conducted in a manner consistent with the “Secretary

development Standards for the Treatment of Historic Properties with

Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing

Historic Buildings” (1995), by Weeks and Grimmer, as amended, as well as

the “Procedures for Certificate of Appropriateness” (the “Standards”) found

in Section 2.63.080 of the Long Beach Municipal Code.

B. The Standards are incorporated herein by this reference and

shall be used as the authoritative guidelines for reviewing and approving

any proposed exterior work on the building.

C. The provisions of this Resolution shall regulate the building's

exterior walls and other external features. There shall be no restrictions on

the building's interior.

D. Original historic fabric on the exterior of the building shall be

executed in a matter that does not materially impair in an adverse manner

those physical characteristics of the structure that account for its

designation as a City landmark. Any such work must be done in keeping

with the building's historic character, period, and architectural style.

E. No exterior changes to the building shall be allowed unless an
