Subject: **Invitation to the 2016 Public Health Week Conference**

The Long Beach Department of Health and Human Services (Health Department), in collaboration with Long Beach Cares, a 501 (c) (3) nonprofit organization that promotes and supports the importance and value of public health, cordially invites you and your staff to attend the 2016 Public Health Week Conference.

This 3rd Annual Conference coincides with National Public Health Week, (April 4th – 9th) and takes place on April 7, 2016, from 8:00 a.m. – 5:00 p.m., at the Long Beach Airport Marriott. The theme this year is the “Healthiest Nation 2030.” The event will include participation from local community agencies, healthcare professionals, public and private sector agencies, elected officials, business and community leaders and the general public. Additionally, this year, we are celebrating the 110th Anniversary of the Long Beach Health Department, and our local theme is “How to Live to 110 Years.” Our guest of honor will be Los Angeles County 4th District Supervisor Don Knabe, who will be the recipient of the Champion of Public Health Award.

Our first two Public Health Week Conferences were very successful. In addition to the large attendance of more than 400 participants each year, these conferences have attracted a diverse group of keynote speakers and presenters at the breakout sessions. Sessions this year will include livability and mobility, food safety, wellness, homelessness and housing, and many others.

Attached is a registration form that can be completed and returned to our event coordinator, or registration can be completed online through Eventbrite at <http://ow.ly/YgOji>.
