Subject: **Status Update – Suicide Prevention**

On June 19, 2018, the City Council directed the City Manager to work with the Department of Health and Human Services and Long Beach Police Department to report back in 30 days on Long Beach's current suicide prevention methods; establishment of a suicide prevention plan; creation of a suicide prevention community task force; and, training for community members on intervention, procedures, and knowledge of existing resources.

The Health and Human Services Department is in the process of compiling information and preparing the report. We expect to be able to complete the request by September 2018.
