Subject: **Relocation of Paramedic Rescue During Station 9 Remediation**

---

This memorandum is to inform you that effective June 3, 2019, Paramedic Rescue 9 has been temporarily relocated to Fire Station 13 due to repair and remediation efforts currently underway at Fire Station 9. The repairs will take approximately two weeks to complete; however, if additional remediation/repair work is identified, the process could take longer.

Fire Station 13, at 2475 Adriatic Avenue, was chosen as the temporary relocation as it shares response area borders with Fire Station 9, at 3917 Long Beach Boulevard, and will minimize the impacts of such a move. During this relocation period, the Fire Department will strive to maintain response times while continuing to meet the expectations of the community with regard to fire suppression and emergency medical services.

If you have any questions regarding this matter, please call me at (562) 570-2509.
