Bixby Park Community Center
130 Cherry Ave, Long Beach

Join your community in reviewing schematic designs for the renovations of the Alamitos, Junipero, and Granada Concession Buildings!

This set of community meetings will build upon input gathered over the summer for all three locations. The information and activities during the workshops will continue to inform community members about the process and engage residents and stakeholders in the design of the Alamitos, Junipero and Granada Concession Buildings.

The City is providing multiple opportunities for you to be engaged in the process! Choose one of two dates and locations to attend the meeting. The information and activities presented at each will be the same.
