

What's happening in the Fourth this week!

DARYL SUPERNAW
COUNCILMAN, FOURTH DISTRICT
CITY OF LONG BEACH
GO FOURTH!

August 12, 2016

Dear Neighbor,

Thank you for taking the time to read our Fourth District weekly newsletter. It is emailed every Friday afternoon and provides updates on past and future events throughout our council district. Please encourage your friends and neighbors to sign up to receive our publication by contacting the council office at: district4@longbeach.gov or (562) 570-4444.

Past Events

First Annual Meals on Wheels 5K Last Saturday

What an honor it was for me to be the "official starter" for the inaugural Meals on Wheels 5K. Thanks to all of the participants, runners, walkers, rollers and strollers, for a great turnout. It was a terrific fundraiser for our local veterans. Meals on Wheels and the CD4 office would also like to thank all the sponsors for the support. See you all next year, same time, same place!

Response Zones for Fire Station No. 17

Our only fire station in the Fourth District was recently referred to as "Los Altos Station 17". Not only is this factually incorrect (it's located next to Stearns Park in the Artcraft Manor neighborhood), the description greatly understates 17's response area. The entire eastern half of Los Altos is actually covered by Station 22. More important, Station 17's area extends far to the north, south and west of Los Altos. This includes Stratford Square in the 5th District up to Spring and Bellflower, all of Park Estates in the 3rd District to Bellflower and PCH, Zaferia in the 4th District to 15th St. and Redondo, to Temple and Hill in the 4th District (not Signal Hill) and up to Redondo and the 405 Freeway in the 5th District. This is a huge area to be without a fire engine, and I pointed out the impacts at Tuesday's council meeting. In response to my question, Fire Chief Mike DuRee stated that restoring Engine 17 would improve response times by approximately 1.5 minutes. He also stated that we are currently achieving the national standard for response times

only 44% of the time.

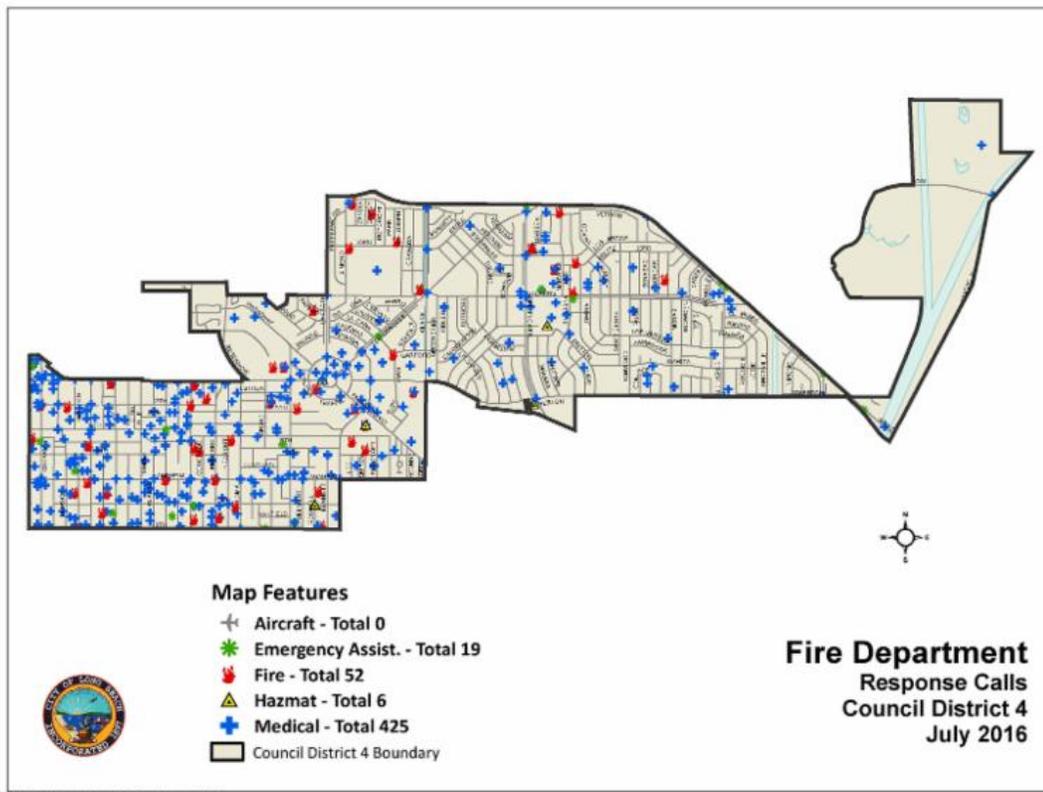

A Plan to Restore Engine Company 17

Fire Station No. 17 opened in April of 1951, and Engine 17 served the area residents and businesses for 60 years. Then, budget cuts forced the "mothballing" of the fire engine, and it was replaced by Truck 17 with no ability to pump or carry water. This left a huge hole in east Long Beach that impacts surrounding fire stations whose areas abut 17's. These include Station 19 on Clark in CD5, Station 22 on Atherton in CD3, Station 14 by the Colorado Lagoon in CD3, Station 4 at 4th/Loma in CD3 and Station 10 at near Anaheim/Walnut in CD6. Engine 10 is the second busiest engine company in the city, and Rescue 10 is the busiest rescue unit citywide. This is illustrated by the map below that shows the number of July calls 10's made in the west side of CD4. There is a plan for the restoration of Engine 17, and I will be working on that in our budget discussions in the weeks to come.
