Past Events

Back-to-Back Community Meetings

On Tuesday, we had the first of our Back-to-Back Community Meetings at the Los Altos Library. Lt. Liberman provided a public safety update and answered questions from the neighbors who attended. In addition, we had a presentation from Melissa Smith of the Association California Community and Energy Service (ACCES) about Energy Upgrade CA. At the end of her presentation, she gave away a goodie bag filled with LED light bulbs and a low flow shower head to one lucky winner. Next month there will be no Tuesday community meeting so we can all enjoy the Long Beach Municipal Band at Whaley Park on June 28th at 6:30 p.m.

Orizaba Park Community Meeting

The following night, we had the second half of our Back-to-Back Community Meetings at the Orizaba Community Center. Melissa presented again about Energy Upgrade CA. Energy Upgrade California is a state initiative to help Californians take action to save energy and conserve natural resources, help reduce demand on the electricity grid, and make informed energy management choices at home and at work. You can visit there [website](#) to learn more if you miss either meeting. We also had Public Resource Officer Johnny A. Dodson give a public safety update and answer questions from the crowd.

CPUC Workshop and Public Hearing on Frontier

On Wednesday, the California Public Utilities Commission (CPUC) held a workshop and public hearing on Frontier transition issues at City Hall. Issues that were discussed included: Verizon data and network issues that Frontier has identified as a major cause of loss of dial tone service, identification of those data and network issues in the CPUC Verizon/Frontier proceeding, data transfer per the CPUC's order, and Frontier service issues since the transition.

Long Beach Community Foundation 20th Anniversary

The Long Beach Community Foundation celebrated their 20 years of service this past Thursday evening. The Long Beach Community Foundation initiates positive changes for Long Beach through charitable giving, stewardship, and grant making.

Two of our Fourth District non-profits were in attendance at the event: Cambodia Town Inc. and The Los Altos Charitable Giving Fund. Cambodia Town Inc. is an energetic volunteer organization that seeks to revitalize the neighborhood by attracting more businesses, visitors and tourists to the area. The Los Altos Charitable Giving Fund was formed to distribute funds from airport noise violations. This new distribution system was developed by City Prosecutor, Doug Haubert.

A Sign of the Times

Thanks to Jan Ward of the West East Side Neighborhood Association (WESCA) for alerting us about street sweeping time changes on Gladys and Coronado Avenues. The switch from "before 8:00 am" to afternoon times will not work for these commercial, parking impacting streets. We are working with Public Works to come up with more business friendly times.

Public Works Update

Paving has been completed for both the Atherton Street and 10th Street projects. All that's left is striping. Once the striping takes place the projects will be finished.
