Past Events

Long Beach Veterans Day Parade

Last Saturday, the 20th Annual Long Beach Veterans Day Parade took place on Atlantic Avenue in North Long Beach. There were over 200 entrants, and the Grand Marshal was retired U.S. Navy Capt. Braden J Phillips, with Honorary Grand Marshal Long Beach Police Officer and U.S. Marine Paul Del Rosario. I rode in the parade on a vintage Ahrens-Fox fire engine with Long Beach Fire Chief, Mike DuRee. Thanks to the many volunteers who made this year's event such a success.

63rd Cambodia Independence Day Celebration

On Wednesday night, I had the honor of attending a Cambodia Independence Day celebration at the offices of Keesal, Young & Logan. I presented the The Honorary Consul of Cambodia, Kim Chha Hout, a certificate of recognition on behalf of the Fourth Council District. Our district is home to the Consulate General in Long Beach office at 3448 E. Anaheim St.

JetBlue Fined \$12,300 for October Noise Violations

For the month of October, JetBlue conducted four operations after 11:00 pm that resulted in Consent Decree violations/fines. Each Consent Decree violation resulted in a fine of \$3,000. JetBlue conducted a total of 19 operations in between 10:00 pm and 11:00 pm. 18 of these operations qualified as unanticipated delays and the delays were primarily due to mechanical problems with aircraft and poor weather conditions. One operation that was conducted in between 10:00 pm and 11:00 pm that resulted in a \$300 violation. JetBlue was fined a total of \$12,300 for the month of October. Beach Streets Midtown TOMORROW!

The City of Long Beach is hosting its third Open Street event, Beach Streets Midtown, Saturday, November 12 from 9:00 am to 3:00 pm on Anaheim Street from Orange Avenue to Pacific Coast Highway. Thanks to funding by Metro and the City, thousands of people will be walking, bicycling and socializing on car-free streets enjoying family-friendly entertainment along the 2.5-mile route, with major hubs at MacArthur Park (1321 E Anaheim Street), and also the Recreation Hub near the intersection of Anaheim Street and PCH.

The MacArthur Park Hub will feature many contemporary and traditional ethnic arts, including traditional Khmer, Hmong, Aztec, Micronesian and West African art demonstrations and drum and dance groups; along with hip hop, popping and locking and street dancing. The Recreation Park Hub will feature Pro skateboarders Scott DeCenzo, Ryan DeCenzo, TJ Rogers and Kurtis Colomonico who will lead a skate demo at 12:00 pm, where there will be free skateboard lessons all day. Yoga, a martial arts demonstration and several bands will help round out the festival lineup. The Cross Town Bike Park, located at Anaheim Street and Walnut Avenue, features an urban cyclocross known as City Cross, with an obstacle circuit course skills track. There will also be a special Kids Cross course with twists and turns and wooden obstacles to ride over; a pump track; and races featuring FAT, hybrid, BMX, beach cruisers and fixed gear bicycles.

Newly painted for Beach Streets is a keyboard crosswalk at Anaheim and Obispo.

City organizers will also unveil innovative new technology developed right here in Long Beach by Beacon Interactive. The digital guide uses Bluetooth low energy beacons that will automatically stream information directly to your phone about the event, our neighborhoods, nearby restaurants, and programming at the entertainment hubs. This offers the user more information about all the fun things happening, cuts down on paper, and helps people to explore what they are interested in. For more information, simply look for the blue and white "Physical Web" icons posted around the event, or visit www.beachstreets.com. There will also be a Snapchat Geofilter for the event to add another fun way for people to chat and find each other.

Reminder: FIS Study Coming to City Council December 13th

As reported in last week's Go Fourth! Friday newsletter, the FIS (international terminal) Study presentation was moved from the November 15th council agenda to December 13th. The City Manager has stated the move was done: *"To allow for additional time for review and collection of public input, and to ensure all Councilmembers can be in attendance, the City Council is now scheduled to receive the presentation and public input from the two commission meetings and consider the potential for a FIS facility on December 13, 2016"*

On August 18th, a Press-Telegram editorial stated such a delay would make decision making difficult: *"Supernaw is right in wanting enough time to have quality community meetings before final action by the council. The timetable should work as long as there aren't delays which would push the issue into the busy November-December holiday season when decisions on major issues like this are difficult to make."*

And Finally

Previous Street Closure on Eastern Section of Anaheim Street

Each year, Anaheim Street in CD4 is closed west of Junipero Avenue for the Cambodian New Year Parade. However, Saturday's "Beach Streets" event will not be the first time Anaheim Street has been closed to traffic on the eastern end for a special event. In 1948, a parade was held along the corridor for the grand opening of Fire Station No. 5 at Anaheim and Newport. In the bottom photo below, an Ahrens-Fox fire engine, just like the one I rode in on Saturday, is seen in the center of the shot. Ironically, it was already a "vintage" fire apparatus 68 years ago.
