## Past Events

### FAA SoCal Metroplex Public Workshop

On Wednesday evening, I attended the FAA's Metroplex open house/workshop. The Federal Aviation Administration is in the process of implementing this project that will replace dozens of existing conventional air traffic control procedures with new satellite-based procedures. There were lots of displays (both interactive and static) and plenty of experts to explain the new system. The bottom line is that our Fourth District will experience very few changes. At the north end of the main runway, new departure procedures will be in place, but they will be used on an infrequent basis. For more information about the project, visit the [SoCal Metroplex website](#).

### Meet Zaferia Monthly Mixer - February 8th

On Wednesday, the East Anaheim Street Business Alliance (EASBA) hosted their Meet Zaferia Monthly Mixer. The location

was the Lighthouse Capital Group's new "Go Green" Building at 4433 E. Anaheim Street. EASBA's community mixers are held in a different location each month for business owners, neighbors & friends. Please visit EASBA's [website](#) for more information.

Last night, I stopped by the Midtown Business Improvement District Board of Directors meeting. In the 4th council district, the Midtown BID runs along Anaheim Street from Raymond Ave. to Gardenia Ave. It continues in the 6th council district along Anaheim to Alamitos Ave. I did learn last night that while we will not have a parade this year, the Cambodian New Year Festival is still scheduled to take place on April 22nd in El Dorado Park.

February is nationally recognized as "Spay/Neuter Awareness Month." The purpose is to encourage people to have their pets sterilized before the spring and summer months when there is a rampant overproduction of puppies and kittens. During that time most animal shelters experience an unmanageable increase in animal intake. Long Beach Animal Care Services provides discounted procedures with a voucher from participating local veterinary hospitals and clinics. ## And Finally

### Stearns Park Wrangler Jeans Commercial Finally Airs

In our March 20th newsletter, we featured photos (see below) of a Wrangler Jeans commercial being shot in Stearns Park. It took nine months, but we finally got to see the finished product on Super Bowl Sunday. The football practice scene in the [commercial](#) only lasts a few seconds.

March 20th newsletter:

*"Last Friday night, film crews were in Stearns Park shooting a commercial for Wrangler Jeans. The scene involved a football practice in the rain. Although it wasn't an official watering day, crews were allowed to create "artificial rain" for the scene."*
