JetBlue Fined \$90,300 for February Noise Violations

The LGB Noise Office has reviewed JetBlue late-night operations and violations for the month of February. All of the data is preliminary pending the final verification of times, noise levels and unanticipated delay status. JetBlue conducted 15 operations after 11:00 pm. All of these operations resulted in Consent Decree violations/fines. For the month of February, each Consent Decree violation resulted in a fine of \$6,000. Approximately 70% of the late-night JetBlue operations that were conducted after 11:00 pm were delayed due to poor weather conditions. In addition, JetBlue conducted a total of 39 operations in between 10:00 pm and 11:00 pm. 38 of these operations qualified as unanticipated delays. One operation that was conducted in between 10:00 pm and 11:00 pm resulted in a \$300 fine. 10 out of the 39 operations were conducted during the 5-minute grace period, and the airlines do not provide reasons for the delayed operations that occur during the grace period. Out of the remaining 29 operations that were conducted in between 10:00 pm and 11:00 pm, approximately 75% of the operations were delayed due to poor weather conditions. JetBlue was fined a total of \$90,300 for the month of February. Thank you Ryan McMullan and Ron Reeves for providing our office with this information.

Month	10:00 PM - 11:00 PM	11:00 PM - 7:00 AM	Total	Fines

SoCal Flight Delays This Weekend

We have received the following LGB update below from Ron Reeves, Noise & Environmental Affairs Officer: "FAA has notified us that SoCal airports may experience delays of up to two hours at various times through Saturday. The delays are associated with the initial implementation of the NextGen flight procedures which began yesterday and are expected to affect evening operations. We have coordinated with the City Prosecutor and verified that flight delays associated with this activity, including flights after 11:00 p.m., are exempt from noise enforcement action due to FAA requirements. We will independently verify the reason for specific delays".

LA County: Measure H on Ballot Next Tuesday

The only item for Long Beach voters on next Tuesday's, March 7th ballot is Measure H. Approval of Measure H would authorize the County to impose a one quarter percent (0.25%) special sales tax on the gross receipts of any retailer from the sale of all personal property in the incorporated and unincorporated territory of the County. Proceeds from Measure H will be used to generate ongoing funding to prevent and combat homelessness within LA County. Long Beach will be exempt from paying the new tax until the current, Measure A, sales tax sunsets in six years.

And Finally

Hof's Hut Torrance?

We found the black & white photo below on the Hof's Hut website under "Hof's Hut Torrance". It's actually a photo of a different location, but you have to know your Los Altos history to recognize it. Standard Shoes occupied the storefront just north of Hof's for many years before MOBUL the mobility store moved in. To the left of the photo is an American flag. That's because Umberto International Clothier was originally a post office. In fact, it was the only drive-thru post office in the nation. The former drive-thru lane is now occupied by the outdoor dining area of Hof's Hut. The only thing that hasn't changed over the years is the great food served by Hof's Hut.
