Billie Jean King Main Library Grand Opening

Last Saturday morning, I attended the ribbon cutting ceremony for the new BJK Main Library in downtown Long Beach. Prior to the event, I had the opportunity to present Billie Jean King with a photo of her father, Bill Moffitt, who was a Long Beach firefighter. The photo, from the LB Firefighter's Museum archives, was his official LBFD portrait taken in 1962. Saturday's grand opening event was a great way to celebrate the new 92,500-square-foot LEED Gold-certified building of glass and wood.

At Wednesday's community meeting, our special guest speaker was the City's Director of Disaster Preparedness & Emergency Communications, Reggie Harrison. He is also known around City Hall as the "Master of Disaster". Reggie provided an overview of the City's disaster preparedness programs and a preview of Saturday's READY Long Beach event. If you weren't able to attend our monthly meeting but would like information on the Department of Disaster Preparedness and Emergency Communications, please visit their website at this [link](#).

Upcoming Events

Community Hospital Update

While the City and the operator, Molina Wu Network, finalize terms of the long-term agreement for Community Hospital, multi-disciplinary teams continue to keep the building secure and systems running. This will enable the partners to work through the complicated process of State licensing inspections that must be completed before the hospital can reopen. Additionally, the multi-disciplinary teams have begun the process of developing the detailed construction plans that will be needed to secure the permits required to meet the State seismic requirements. We cannot provide a specific date for the long-term contract to come to city council for approval, but we're hopeful it will happen within the next few weeks.

And Finally

Original Design *Inspires* Car Wash Remodel

At last week's Planning Commission meeting, we learned the remodel of the Circle Marina Car Wash, at 4800 E. PCH, will reintroduce elements of the original car wash design. The "Googie" architecture style of the Magic Minute Car Wash, built in 1964, incorporated the tall spires that are shown in the post card photo below. The spires were removed when a "Streamline Moderne" architectural style was used in the Circle Marina Car Wash remodel and rebrand. The new remodel will not incorporate the original aqua and orange color scheme or the 1960's pricing. Look closely below the oval Magic Minute sign, and you'll see it was \$1.50 for a car wash.
