10:45	BREAKOUT SESSION #1	
	Sowing the Seeds of Success: How the City of Long Beach is Addressing Legalized Cannabis	
	Location: Grand Ballroom • Moderator: Nelson Kerr • Panelists: Ajay Kolluri, John Fort, Morgan Venter & Marley Williams	
	This panel discussion with City of Long Beach officials will focus on issues and considerations related to the regulation of medical and recreational cannabis in the City of Long Beach. A broad array of issues will be touched upon during the discussion. Topics covered will include permitting structure, revenue generation, basic regulatory requirements, basic life safety issues, underage use, health consequences, health education and equity issues.	
	Proactive HIV Prevention with Truvada for PrEP	
	Location: Lindberg I & II • Presenter: Dr. Ayana Elliott	
	This presentation will discuss proactive HIV prevention strategies including the consideration for Truvada for PrEP in comprehensive management plans to reduce the risk of HIV-1 infection. Topics include: a review of the indications for Truvada for PrEP, the prescribing considerations and important related safety information. The presentation will help participants identify individuals at elevated risk for sexually-acquired HIV and those who are candidates for Truvada for PrEP to help develop comprehensive HIV prevention plans.	
	Trauma & Resiliency Informed Approaches: Addressing Family & Community Intergenerational Violence	
	Location: Salon A & B • Moderator: Kelly Colopy • Panelists: Ana Lilia Morales-Mackay, Dr. Elisa Nicholas & Osvaldo Cruz	
	Trauma-informed systems require a shift in the way we think about people's situations and interactions with our organizations and the context in which people live. Panelists will discuss best practices to address intergenerational family and community level trauma as well as perspectives on intervention efforts that strengthen protective factors.	
	Homelessness and the Art of Jurisdictional Juggling through Interdepartmental Coordination	
	Location: Salon E & F • Moderator: Elsa Ramos • Panelists: Armand Castellanos, Joel Davis, Johnny Dodson III, Hurley Owens, Shannon Parker, Ken Roberts & Justin Verga	
	Homelessness knows no boundaries and manifests itself throughout our community. This impacts the city's livability. During this panel presentation, several city departments will describe the multiple layers of coordination and jurisdictional properties that must be juggled to maintain public space livability and accessibility to all.	
11:45	Lunch	
1:00	Afternoon Keynote Address GRAND BALLROOM	REBECCA D. COSTA , Sociobiologist / Futurist
2:30	BREAKOUT SESSION #2	
	Hey Long Beach — Let's Walk, Roll, and Play!	
	Location: Grand Ballroom • Moderator: Michael Johnston • Panelists: Lara Turnbull, Brian Ulaszewski, Meredith Reynolds, Fern Nueno & Rachel Junken	
	Long Beach is employing a collective impact approach to improve livability in economically and environmentally disadvantaged neighborhoods. This approach will shape the development of our city's active transportation and open space environments for decades to come. Learn how interdepartmental coordination and non-profit partnerships among planning, transportation, health, parks, and urban design experts are contributing to a more livable and active Long Beach.	
	Recreation-Based Brain Fitness	
	Location: Salon A & B • Presenters: Patti LaPlace & Dr. Heewon Yang	
	This session will introduce recreational activities as a non-drug-based cognitive enhancer. The concept of Recreation-Based Brain Fitness (RBBF) and rationales/theoretical backgrounds of RBBF will be introduced. The speakers will also explain about the categories of RBBF sessions and facilitate some sample RBBF activities.	
	AB 626: A Prescription for Economic Opportunity or a Recipe for Disaster?	
	Location: Salon E & F • Moderator: Nelson Kerr • Panelists: Freddie Agyin, Carlos Gonzalez, Matt Middlebrook, Christina Oatfield & Alison Spindler	
	With the passage of the California Homemade Food Act (Cottage Food) in 2013, foods prepared in a private home became legal to package, sell and distribute. Now, AB 626, the Microenterprise Home Kitchen Operations bill, proposes to expand this concept and to open up the California Health and Safety Code to allow for the licensing and permitting of these types of businesses. Today's panel discussion will explore the challenges and solutions the new microenterprise food business model poses.	
	Engage + Envision + Educate: Creating a Safe Sex Culture in the City of Long Beach	
	Location: Lindberg I & II • Presenters: Belinda Prado & Shu Ou	
	ArtCenter College of Design students researched and developed two innovative multi-platform safe sex awareness campaigns targeted for residents of the City of Long Beach, which has seen a dramatic increase in sexually transmitted diseases (STDs) over the past two years.	
3:30	Afternoon Refreshments	FOYER
3:45	BREAKOUT SESSION #3	
	Defining Displacement: Reimagining Housing & Health for All	
	Location: Grand Ballroom • Moderator: Katie Balderas • Panelists: Alejandro Sanchez-Lopez & Alison King	
	The impact of gentrification remains a topic of debate in urban communities. The CDC lists a variety of adverse health effects that may stem from gentrification and displacement, particularly increased stress and mental health problems, trauma, premature birth, and other health problems. Join this interactive panel to better understand the root causes and impacts of gentrification in Long Beach.	
	Cultural Competency: Working with Transgender Individuals	
	Location: Lindberg I & II • Presenter: Zaya Mejia	
	There is a growing need for culturally competent education and training for providers working with transgender and gender non-conforming (GNC) clients. Participants will learn the differences between sex and gender and gender expression and sexual orientation from a client-centered perspective. Participants will also learn about the legal system in California in relation to trans-employment, working with trans or GNC colleagues and creating affirming environments for both staff and clients.	
	Social Isolation: Connecting Seniors to Their Communities	
	Location: Salon A & B • Moderator: Dr. Romilla Batra • Panelists: Eve Gelb & Dr. Marsha Meyer	
	Join three senior executives from SCAN Health Plan for a conversation about social isolation among the senior population. What is being done nationally and regionally to address this issue? SCAN will highlight its innovative work in the community – all designed to reduce social isolation of at-risk seniors.	
	One Health Initiative in Long Beach: Veterinarian Public Health	
	Location: Salon E & F • Presenter: Silene St. Bernard, DVM	
	This session will explore the One Health Initiative, a movement which recognizes that human, animal health and the environment are interconnected. Because of our Port, our "dog-friendly" culture and our diverse community, Long Beach represents a unique example of the One Health concept's applicability. Discussion will center on the importance of collaboration between human, veterinary and environmental health scientists to improve the health of our community.	
4:45	Closing Remarks and Opportunity Drawing
