## GENERAL

### EXECUTIVE SUMMARY

Presented here is the FY11 Action Plan, the Sixth under the amended 2005 – 2012 Consolidated Plan. It provides details of the programs, activities and budgets for the program year October 1, 2010 through September 30, 2012.

The Department of Housing and Urban Development (HUD) consolidated the planning and application process of formula grant programs in 1995. The purpose was to coordinate program requirements and simplify the process of requesting and obtaining federal funds. The City of Long Beach receives four such grants: the Community Development Block Grant (CDBG), the HOME Investment Partnership Program Grant (HOME), the American Dream Downpayment Initiative Grant (ADDI) and the Emergency Shelter Grant (ESG). The consolidated planning process is intended to achieve the following:

- Promote citizen participation in the development of local priority needs benefiting low and moderate income persons;
- Develop a series of one-year Action Plans that will be the basis for assessment of performance; and
- Consult with public and private agencies on identifying needs and appropriate actions required to address those needs.

The City submitted its Consolidated Plan in 2005. The timeframe of the plan was October 1, 2005 - September 30, 2010 and has been extended to September 2012. The Consolidated Plan explains how and why federal HUD funding for housing and community development activities should be used based on identified local needs. It describes the City's plan to create a viable urban community that offers decent affordable housing, a suitable living environment, and expanding economic opportunities, especially for low and moderate-income persons. The activities the City will undertake to achieve its stated objectives are detailed in the Consolidated Plan.

The City's priorities, which are identified in the Consolidated Plan and can be found throughout this Action Plan, are designed to principally serve very low, low, and moderate-income residents by addressing the following :

- Housing Needs
- Homeless Needs
- Community Development Needs  
(Economic Development, Public and Community Facilities, Infrastructure Improvements, Public and Community Services)
- Special Needs Populations

The purpose of the annual One-Year Action Plan is to update the Consolidated Plan. It also provides the City with a basis for assessing its progress in meeting the goals of the Plan through Consolidated Annual Performance and Evaluation Reports (CAPER). The One-Year Action Plan describes the resources expected to be available in the coming program year from federal, non-federal, and private sources. It includes a description of the activities that will be undertaken to meet the specific objectives in the Seven-Year Consolidated Plan.

### **Objectives and Outcomes**

The City is being guided by HUD's Office of Community Planning Development (CPD) Outcome Performance Measurement System to address the high priority needs stated in its Consolidated Plan.

When funding an activity, the City determines which of three HUD objectives best describes the purpose of the activity. The three objectives are:

- Suitable Living Environment (SL) - In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.
- Decent Housing (DH) - The activities that typically would be found under this objective are designed to cover the wide range of housing programs possible under HOME/ADDI, CDBG or ESG. This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs and not programs where housing is an element of a larger effort, since such programs would be more appropriately reported under Suitable Living Environment.
- Creating Economic Opportunities (EO) - This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

Once the objective for the activity is identified, the City determines which of the three HUD outcome categories best reflects what the City seeks to achieve by funding the activity. The three outcome categories are:

- Availability/Accessibility (1) - This outcome category applies to activities that make services, infrastructure, public services, public facilities, housing, or shelter available or accessible to low-and moderate-income people, including persons with disabilities. In this category, accessibility does not refer only to physical barriers, but also to making the affordable basis of daily living available and accessible to low and moderate-income people in the area in which they live.

- **Affordability (2)** - This outcome category applies to activities that provide affordability in a variety of ways in the lives of low-and moderate-income people. It can include the creation or maintenance of affordable housing, basic infrastructure hook-ups, or services such as day care.
- **Sustainability (3)** - Promoting Livable or Viable Communities. This outcome applies to projects where the activities are aimed at improving communities or neighborhoods, helping to make them livable or viable by providing benefit to persons of low-and moderate-income or by removing or eliminating slums or blighted areas, through multiple activities or services that sustain communities or neighborhoods.

Each outcome category can be connected to each of the overarching objectives, resulting in a total of nine pairings of nationally reportable outcome statements:

	<b>Outcome 1: Availability/Accessibility</b>	<b>Outcome 2: Affordable</b>	<b>Outcome 3: Sustainability</b>
<b>General Objective SL: Suitable Living Environment</b>	<p><b>SL-1</b></p> <p>Improve the Accessibility of a Suitable Living Environment</p>	<p><b>SL-2</b></p> <p>Improve the Affordability of a Suitable Living Environment</p>	<p><b>SL-3</b></p> <p>Improve the Sustainability of a Suitable Living Environment</p>
<b>General Objective DH: Decent Housing</b>	<p><b>DH-1</b></p> <p>Improve the Accessibility of Decent Housing</p>	<p><b>DH-2</b></p> <p>Improve the Affordability of Decent Housing</p>	<p><b>DH-3</b></p> <p>Improve the Sustainability of Decent Housing</p>
<b>General Objective EO: Economic Opportunity</b>	<p><b>EO-1</b></p> <p>Improve the Accessibility of Economic Opportunities</p>	<p><b>EO-2</b></p> <p>Improve the Affordability of Economic Opportunities</p>	<p><b>EO-3</b></p> <p>Improve the Sustainability of Economic Opportunities</p>

Each of the City’s specific objectives can be linked back to a nationally reportable outcome statement using the numbering system in the chart above.

### Past Performance and FY 11 Goals

The Consolidated Annual Performance and Evaluation Report (CAPER) for FY10 will not be completed until December of 2010. *Table 2C* below summarizes actual accomplishments as of the close of FY 09 (constituting 57% of the time spanned by the current Consolidated Plan). It also summarizes the FY 11 goals for each of the specific objectives. Summaries are also found throughout subsequent sections of this Action Plan where they are organized by City-identified priority under one of the four major areas of need (Housing Needs, Homeless Needs, Community Development Needs, and Special Needs Populations).

## Fund Distribution By Objective & Outcome

Detailed funding information can be found in the Listing of Proposed Projects included in appendix D of this Action Plan.

## GENERAL DESCRIPTIONS

### Geographic Areas and Basis for Allocation

The City of Long Beach has a population of over 490,000, making it the fifth largest city in California. Overlooking the San Pedro Bay on the south coast of Los Angeles County, Long Beach is 22 miles south of downtown Los Angeles and 10 miles southwest of Anaheim with an area of 54 square miles.

Because the primary national objectives of the Consolidated Plan programs are to benefit low-income and moderate-income residents, the City's CDBG funds will be targeted to very low, low, and moderate-income neighborhoods and businesses that provide jobs to low- or moderate-income individuals. The City has traditionally focused an annual average of 99% of its CDBG resources on activities that exclusively benefit low/moderate-income persons. This trend is expected to continue in FY 11.

Ten Neighborhood Improvement Strategy (NIS) target areas are the main focal points for CDBG funds in the FY 11 Action Plan. In 1990, as part of an effort to maximize the impact of neighborhood revitalization activities, the City of Long Beach adopted the Neighborhood Improvement Strategy (NIS). NIS utilizes federal, state, and local resources in a comprehensive manner to improve

targeted neighborhoods. Resources are directed toward ten specific target areas in order to maximize impact and create immediate improvements. These areas were selected using criteria developed by a task force of City staff. Indicators of problems or potential problems were assessed for each neighborhood. Selections were made based on the number and types of problems existing in the neighborhood (poverty, physical blight, and crime) as well as the potential for effective problem solving and neighborhood resident involvement. This comprehensive approach to neighborhood development extends to neighborhood improvement, housing, economic development, and public service activities.

The City of Long Beach will target funds to these areas as well as similar areas, such as Redevelopment and Housing Action Plan areas, which include many census tracts with low-income families and/or racial/minority concentration. The City will continue to target its Economic Development activities to businesses providing jobs to low/moderate-income individuals.

Redevelopment is a tool created by state law to assist local governments in eliminating blight from a designated area, as well as to achieve the goals of development, reconstruction, and rehabilitation of residential, commercial, industrial, and retail districts. Since the Long Beach Redevelopment Agency (RDA) was formed in 1961, seven redevelopment projects have been adopted. The project areas include: Central Long Beach, Downtown, Los Altos, North Long Beach Poly High, West Beach and West Long Beach Industrial. Although Redevelopment Areas are not all within the CDBG census tracts, Redevelopment Area residents within CDBG-eligible areas benefit from both RDA and entitlement-funded projects and programs.

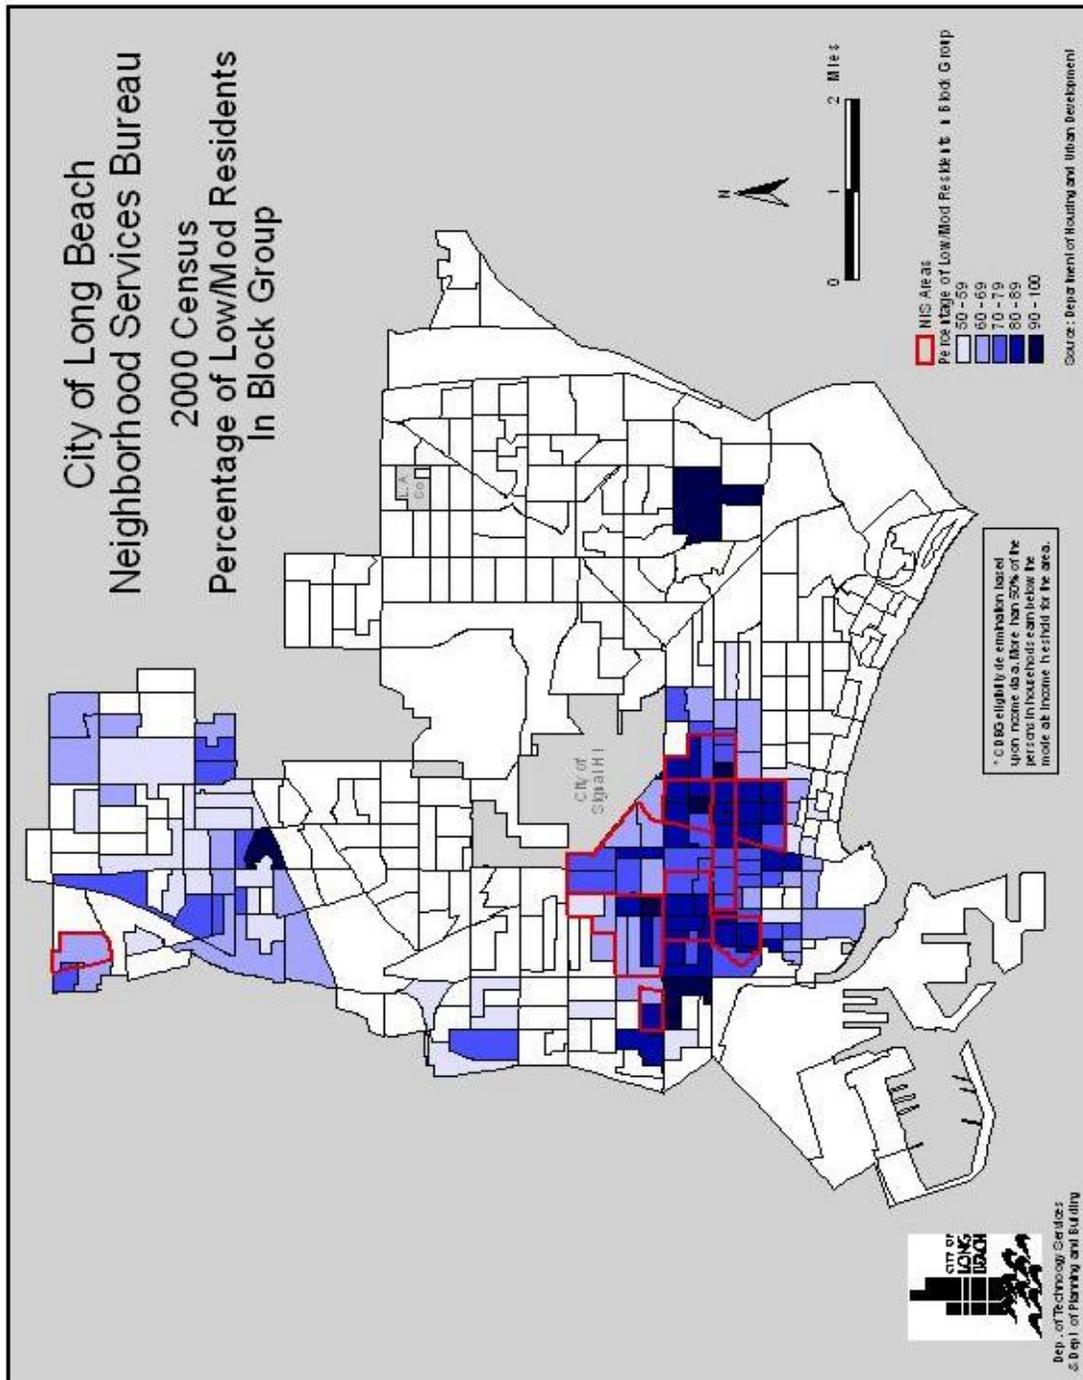

HOME funds can be spent anywhere in the City, but most projects have traditionally been located within Redevelopment and NIS areas. The Housing Services Bureau developed a Housing Action Plan (HAP) designed to most effectively direct its resources to address housing priorities. The City's Housing Action Plan is focused in three areas: North Long Beach, Washington, and Central. A large portion of CDBG, HOME, and Redevelopment funds will be used to create and/or enhance affordable housing in the HAP area and provide interim assistance to area residents as new affordable housing is developed and existing units are rehabilitated.

The Central Focus HAP area falls almost entirely within the Central NIS Area, with the exception of the South Wrigley neighborhood located west of Long Beach Boulevard. The Central Long Beach Redevelopment Project Area includes the western half of the Focus Area (west of Atlantic Avenue), and east along Pacific Coast Highway.

The majority of the North Long Beach King HAP Area falls within the North Long Beach/King School NIS Area, with the exception of the area located west of Long Beach Boulevard. The North Long Beach Redevelopment Project Area includes the entire Focus Area.

The Washington School HAP Area falls entirely within the Washington School Neighborhood Improvement Strategy Area (NIS) and is also within the Central Long Beach Redevelopment Project Area.

The following map shows CDBG-eligible areas overlaid with NIS target areas. Appendix C includes detailed maps of the ten NIS target areas along with relevant statistics. Also included are maps of Redevelopment Project Areas and the City Housing Action Plan areas.

**Meeting Underserved Needs**

The City will continue to target low/moderate-income persons, families, and neighborhoods with its federal, state, and local resources in a comprehensive and coordinated strategy to address individuals and families that are underserved. This approach is designed to leverage private resources to augment and enhance the City’s efforts. The NIS Program and Neighborhood Leadership Program (NLP) will continue in FY 11. These and other programs focus on developing the skills and confidence of neighborhood residents to prepare them for leadership roles in their communities. They are designed to improve housing, neighborhood conditions, and enhance the quality of life in low-income neighborhoods. Mobile recreation will continue as a means of providing supervised recreation opportunities to neighborhoods that lack sufficient parks and/or play areas. Continued support will be provided for the Community Police Centers established in three low-income neighborhoods. These centers, primarily staffed and operated by neighborhood volunteers and community liaisons, provide a valuable link between residents and local police. The Neighborhood Business Investment Program will continue to offer small start-up grants for newly established businesses locating in and serving low/moderate-income neighborhoods.

**Federal, State, and Local Resources**

The Action Plan utilizes federal resources from Community Development Block Grant (CDBG), HOME Investment Partnership Act (HOME), American Dream Downpayment Initiative (ADDI) provided under the HOME Program, and the Emergency Shelter Grant (ESG) entitlement program. The amounts shown also reflect reallocated funds in the CDBG and HOME programs. HUD funding under the Action Plan for FY 11 includes the following resources:

Available Funds	CDBG	ESG	HOME	ADDI	TOTAL
New Entitlement	\$9,428,516	\$380,811	\$5,158,552	\$0	\$14,967,879
Prior Year Uncommitted	\$712,136	\$0	\$2,551,327	\$0	\$3,263,463
Program Income	\$150,000	\$0	\$500,000	\$0	\$650,000
<b>Total Available Funds</b>	<b>\$10,290,652</b>	<b>\$380,811</b>	<b>\$8,209,879</b>	<b>\$0</b>	<b>\$18,881,342</b>

- New Entitlement: FY11 Grant Year HUD allocated funds. Grant amounts are determined by HUD formula.
- Prior Year Uncommitted Funds: Carryover funds that are not committed to on-going, multi-year projects.
- Program Income: Income received by the City directly generated through the use of CDBG or HOME/ADDI funds.

The allocation of these resources to anticipated projects and programs is shown in the *Listing of Proposed Action Plan Budget and Projects* in appendix D.

***The City of Long Beach has not received any surplus funds from urban renewal settlement or float-funded activities. Furthermore, the City of Long Beach has returned no grant funds to the line of credit.***

In addition to this Action Plan Budget, additional federal, local, and private funds, including City Redevelopment Agency and State low-income housing tax credit funds, will be utilized to address the needs identified in the Consolidated Plan. In FY 09, the City of Long Beach leveraged \$107,375,253.83 in additional funds, including \$67,347,869 in Section 8 funding and \$28,237,000 in Housing Set-Aside. In addition, various CDBG, HOME, and ESG-funded programs had a required match and program-designed match in the amount of \$838,384.83. The following table shows the anticipated sources of these resources in FY 11:

CDBG	10,290,652.00
HOME	8,209,879.00
ESG	380,811.00
ADDI	-
Section 8	67,347,869.00
SNAPS (Special Needs Populations)	5,987,650.00
<b>LOCAL</b>	<b>\$ 33,507,955.00</b>
<b>STATE</b>	<b>\$ 25,455,955.00</b>
Housing Set-Aside	23,955,955.00
* 21st Century State Bond (Youth programs)	-
* CalHome	1,500,000.00
<b>CITY</b>	<b>\$ 8,052,000.00</b>
<b>General Fund</b>	
Public Facilities Improvement	3,000,000.00
Code Enforcement Activities	2,950,000.00
<b>Health Fund</b>	
Code Enforcement Activities	552,000.00
<b>Redevelopment Fund</b>	
Residential Rehabilitation (NEA)	750,000.00
Code Enforcement Activities	800,000.00
* State Low Income Housing Tax Credit (HOME Project)	-
<b>PRIVATE</b>	<b>\$ 2,238,384.83</b>
<b>BANKS</b>	<b>\$ 1,400,000.00</b>
<b>Grow America Revolving Fund</b>	
Business Loans	1,400,000.00
<b>COMMUNITY ORGANIZATIONS</b>	<b>\$ 63,082.61</b>
** Neighborhood Partners Program (Match from Applicants)	63,082.61
<b>NONPROFITS</b>	<b>\$ 465,964.00</b>
Emergency Shelter Grant (Agency Match)	\$ 380,811.00
** Non-Profit Assistance Program (Agency Match)	85,153.00
<b>OWNERS</b>	<b>\$ 309,338.22</b>
** NSB Commercial Improvement Rebate (Owner Match)	117,637.88
** NSB Residential Rehabilitation (Owner Match)	22,166.34
** NEA Residential Rehabilitation (Owner Match)	169,534.00
<b>TOTAL</b>	<b>\$ 127,963,200.83</b>

\* Amount will be provided at a later date

\*\* Estimated based on FY 08 and FY 09 data.

## **MANAGING THE PROCESS**

### **Lead Agency**

As the entitlement grantee for the CDBG, HOME and ESG programs, the City of Long Beach Department of Community Development is the lead agency for the development of this Annual Action Plan. The department will also act as one of several public and private agencies that will administer programs and activities under the plan. The Department of Community Development oversees community development, economic development, and housing programs.

In an effort to increase the direct effectiveness of the Emergency Shelter Grant, the Department of Community Development coordinates the distribution and supervision of ESG funds to the Department of Health and Human Services, which handles the actual distribution and supervision of funds to non-profits (the direct recipients of ESG funds). The Department of Health and Human Services also prepares the Continuum of Care for the City of Long Beach and submits the City's application for Shelter Plus Care and Supportive Housing Program Grants. This department has significant knowledge and expertise with the homeless community, and provides assistance to non-profit agencies serving homeless individuals and families.

### **Plan Development**

The Consolidated Plan and Action Plans represent a comprehensive planning effort mainly led by the Community Development Advisory Commission, with involvement of local government experts, the social service community, residents, and consultation with other local HUD entitlement communities. The Commission is appointed by the Mayor and consists of fifteen Long Beach residents representing a cross-section of the community serving as voluntary commissioners. They represent:

- Business and Industry
- Social Services
- Housing Rehabilitation
- Low-Income
- Minorities
- Housing
- Redevelopment
- At-Large [one member]

The Commission works closely with staff to ensure that careful consideration is given to the City's identified needs, and that programs and services are cost-effective and meet specific goals and objectives.

## **Enhancing Coordination**

The City of Long Beach will continue to coordinate and share ideas with residents, other local government entities, affordable housing providers, and social service agencies to maximize the effectiveness of planned activities.

Long Beach expands its existing relationships with local jurisdictions through participation in sub-regional planning efforts through the Gateway Cities Council of Governments. In addition, the City regularly meets with representatives from other cities through the Southern California Neighborhood Partners to share ideas and achieve coordinated solutions to regional issues. The City also regularly distributes its Federal HUD reports and public meeting announcements to local and county officials.

Long Beach interacts with various non-profit agencies and public service groups in the delivery of programs through its federal entitlement and other resources. City staff assists these agencies in planning programs and projects, ensuring activity eligibility and costs, complying with federal regulations and requirements, and monitoring the timely expenditure of annually allocated program funds. The City requires agencies to submit quarterly and annual reports to meet federal requirements, and periodically conducts on-site monitoring reviews.

## **CITIZEN PARTICIPATION**

### **Citizen Participation Process**

The development of the City of Long Beach FY 11 Action Plan involves extensive citizen participation. The Community Development Advisory Commission is responsible for compliance with the City of Long Beach Citizen Participation Plan. As such, it conducts two public hearings and works closely with City staff to ensure that a significant multilingual community outreach and education effort is completed prior to the adoption of this Plan.

After a notice was published in three local newspapers, the Commission conducted an initial Public Hearing on April 21, 2010 to solicit public comments on the City's 2-year extension of its 2005-2010 Consolidated Plan and intent to begin the preparation of the FY 11 Action Plan. In addition to published notices in English, Spanish, and Khmer (Cambodian), fliers announcing the Public Hearing were e-mailed to over 1,000 individuals and organizations. As a result of this extensive community outreach, 3 residents testified at the April 21 Public Hearing.

The Commission and staff developed a list of organizations from which to seek comments on the Action Plan. Presentations were made to neighborhood and community organizations that benefit from CDBG, HOME/ADDI, and ESG-funded services.

The Commission conducted a second Public Hearing on June 16, 2010 to solicit public comments on the draft FY 11 Action Plan. The Action Plan includes all public comments received at the Public Hearing and written responses from staff. At the conclusion of the Public Hearing, the Commission will recommend whether the Long Beach City Council should approve the FY11 Action Plan.

At a public meeting, the Long Beach City Council will review the Action Plan recommended by the Commission along with the citizen comments. Once the City Council approves the Plan, it will be submitted to the United States Department of Housing and Urban Development.

### **Citizen Comments**

For citizen comments, please refer to appendix A.

### **Efforts to Broaden Participation**

The components of the citizen participation plan discussed above have been designed with the explicit intention of accommodating and encouraging participation by low- and moderate-income residents, residents of low- and moderate-income neighborhoods, members of minority groups, persons with limited English skills, and persons with disabilities.

Community outreach efforts include presentations and requests for comments at community meetings. For a list of meetings at which staff presented on the FY 11 Action Plan, please refer to appendix A.

### **Comments Not Accepted**

To date, all comments have been incorporated into the draft plan.

## **INSTITUTIONAL STRUCTURE**

The central responsibility for the administration of the Action Plan is assigned to the Neighborhood Services Bureau. This agency will coordinate activities among the public and private organizations to realize the prioritized goals of the Annual Action Plan. Extensive public-private partnerships have been established and organized to address the City's housing, homeless, and community development needs. The Neighborhood Services Bureau will access, facilitate, and coordinate resource linkages and draw from the immediate sources of expertise in the community to strengthen existing partnerships and develop new collaboratives.

## **MONITORING**

The Department of Community Development Neighborhood Services Bureau is responsible for ensuring the use of US Department of Housing and Urban Development (HUD) funds complies with program requirements through program performance monitoring. Monitoring is proactive and ongoing to ensure federal compliance and evaluate the effectiveness of HUD-funded programs. The primary goals of monitoring are to:

- Ensure production and accountability;
- Ensure compliance and consistency with HUD regulations; and
- Evaluate organizational and project performance.

### **CDBG and ESG Monitoring:**

A Monitoring Plan has been developed and implemented. The plan includes:

- Standardized procedures for reporting by program service providers;
- Standardized procedures for monitoring frequency and reviews; and
- Availability of staff and other resources to assist in meeting HUD regulations.

At the beginning of the program year, a meeting is set with program providers to discuss the reporting requirements and Monitoring Plan.

Program providers are required on a quarterly basis to provide progress reports, which are reviewed for compliance. A site review, held quarterly, is scheduled with the program providers. An entrance interview is held at the beginning of the program year with key representatives for clarification of the program's purpose, scope, objectives and goals. HUD-required records and information to be collected are then discussed. The review ends with an exit conference to present preliminary results of the monitoring, to provide an opportunity to discuss program compliance and reporting concerns, and to provide an opportunity for the program provider to report on steps being taken to address areas of non-compliance or non-performance. Formal notification of the results of the monitoring review is sent to the program provider, which creates a permanent

written record, an outline of concerns and findings, and set deadlines for a written response and corrective actions, if any.

It is the monitor's responsibility to provide the technical assistance needed to ensure that the programs are productive and in compliance with federal regulations.

### **HOME Monitoring:**

The City of Long Beach will follow monitoring standards and procedures regarding affordable housing projects it has funded in order to ensure compliance with HOME program regulations. The City's HOME monitoring standards and procedures are as follows:

- 1) The City will monitor the HOME program to ensure that HOME funding is used in conjunction with nonprofit partners, including Community Housing Development Organizations (CHDOs), in accordance with HOME regulations. The City evaluates organizations' qualifications and designates them as CHDOs. The City will use a minimum of 15 % of its annual HOME allocation for housing owned, developed or sponsored by CHDOs.
- 2) The City will monitor all activities undertaken with HOME funds to ensure that they are consistent with the City's Consolidated Plan.
- 3) The City will review the status of HOME grants to monitor the 24-month deadline to commit HOME funds and the five-year deadline to expend HOME funds.
- 4) The City will leverage HOME funds with private, local and nonprofit dollars. HOME regulations state that a 25 % matching obligation is incurred for the HOME funds expended. A record of match obligations and contributions will be maintained in a Match Log. Match will be reported to HUD annually in the Consolidated Annual Performance Evaluation Report (CAPER).
- 5) The City will monitor HOME activities to ensure that the activities are eligible under the HOME Program and the associated costs are related to affordable housing tasks.
- 6) The City will monitor HOME activities to ensure compliance with minimum HOME investment requirements. The minimum amount of HOME funds is an average of \$1,000, multiplied by the number of HOME-assisted units in a project. The City will also monitor HOME activities to ensure compliance with the maximum per-unit HOME subsidy limits applicable to the City of Long Beach.
- 7) The City will monitor HOME activities to ensure compliance with the HOME maximum purchase price/after-rehab value limits, the 203(b) limits applicable to the City of Long Beach, for owner-occupied and homebuyer properties. The City will conduct the required frequency of property inspections as stated

in the HOME regulations. At least 15 % of the HOME-assisted rental units in a project and a minimum of one unit in every building will be inspected during the period of affordability per the following schedule: 1 to 4 units, every 3 years; 5 to 25 units, every 2 years; and 26 or more units, annually. The City will monitor HOME funded rehabilitation work to ensure compliance with methods and materials to be used when performing rehabilitation activities.

- 8) The City will monitor HOME activities to ensure that HOME funds are used to assist households with incomes at or below 80 % of the area median income. The City will also ensure that for each annual HOME allocation, 90 % of the occupants of HOME-assisted rental units and households assisted with HOME-funded TBRA have incomes that are 60 % or less of the area median and 20 % of the units in each rental housing project containing five or more units are occupied by tenant households with incomes at or below 50 % of median income. Household incomes of tenants residing in HOME-assisted rental units will be re-certified on an annual basis.

### **Additional Performance Measurement**

The City of Long Beach has implemented a citywide integrated management system called Focus On Results (FOR) Long Beach. The goals of FOR Long Beach are to:

- Align resources around City Council and community priorities;
- Focus the entire organization on common objectives;
- Empower the work team;
- Improve efficiency and effectiveness of City services;
- Increase accountability at all levels of organization; and
- Communicate status of performance regularly.

FOR Long Beach was designed to strengthen the decision-making process and serve as a critical communication link between City Council, City staff, and the community. The system links budget and performance information for the entire organization. It facilitates regular and integrated performance reporting, highlights performance and resource gaps, and enables the optimization of service delivery based on demand, results, and best practices.

The activities of HUD formula grant programs have been integrated into the City's goals and strategies as communicated through citywide and departmental Strategic Plans. Results of many of the CDBG, ESG and HOME-funded activities reported herein are also communicated to City Council, City staff and the community through monthly, quarterly, and annual FOR Long Beach performance reports.

## **LEAD-BASED PAINT**

In FY 11, efforts to evaluate and reduce the number of housing units containing lead-based paint hazards will continue. Ultimately, the effects of these programs are to increase the inventory of lead-safe housing available to very low-income, low-income, and moderate-income families.

All CDBG, HOME, ADDI, and ESG-funded housing programs and projects have incorporated lead-based paint hazard reduction efforts. In addition, Code Enforcement used Lead Safe Work Practice (LSWP) standards to correct code enforcement violations. Five full-time equivalent Code Enforcement employees have obtained the State of California Department of Public Health Lead Inspection Assessor certification. These five act as the ears and eyes for detecting and correcting conditions at properties with lead-based paint hazards.

In addition to the aforementioned programs and projects, Healthy Homes and Childhood Lead Poisoning Prevention Program (CLPPP) collaborated to write a grant called Lead Education and Outreach Program (LEO). The Environmental Protection Agency (EPA) funded the grant. It started October 1, 2007 and ran through September 30, 2009.

The first objective of the LEO grant was to provide the Cambodian community with educational material that showed the importance of screening young children for lead in their native language of Khmer. Another objective was to offer presentations to child care providers and to provide parents with information about lead poisoning prevention and the importance of screening young children. A further objective was outreach to residents of multi-unit dwellings built before 1978 within the 90813 and 90805 zip codes. Outreach efforts were focused specifically on families who have children under the age of 5 years of age and had not been screened for lead. Specialists gathered two samples from these dwellings and had them tested for lead through the City of Long Beach Public Health Lab. The reports were sent back to the parents with instructions if lead was discovered in their home. The program was a great success, and will serve as a model for other lead education and intervention programs in the future.

The Department of Health and Human Services also manages a Childhood Lead Poisoning Prevention Program (CLPPP) focusing on case management of children with elevated blood lead levels as defined by the State. This program provides community outreach regarding lead poisoning prevention and the hazards of lead poisoning, as well as information on identifying sources of lead. Health education presentations and materials are provided at community events and meetings. Public Health Nurses (PHNs) provide case management services to children who are referred to the program. Case management services include an interview and lead prevention and nutrition education by PHNs with the parents. The PHNs encourage parents to conduct medical follow-up for children who have lead poisoning. A Registered Environmental Health Specialist provides an environmental inspection including on-site testing and specimen collection for possible sources of lead for testing by the Health Department Public

Health Laboratory. The PHNs also provide outreach and education to parents of children with lower lead levels and to adults who have elevated lead levels.

In April, 2009, the Department of Health and Human Services Bureau of Environmental Health was awarded a three-year, \$3 million grant from the U.S. Department of Housing and Urban Development (HUD) to eliminate lead-based paint hazards in low and very low income residences. The Lead Hazard Control (LHC) Program will identify 180 low and very low-income residences (with a focus on families with children under 6 years old), and address lead poisoning hazards created by lead-based paint. These may include chipping and peeling paint on walls and exterior surfaces, dust-producing friction surfaces (like doors, cabinets, and windows), and other conditions whereby children and adults are exposed to lead-based paint dust or chips. The program will hire painting and construction companies that are certified to work with lead, and families will be relocated during the renovations. The program is also responsible for conducting 15 outreach/education events in the community, and training at least 30 economically disadvantaged people in lead-safe work practices so that they may be hired as part of these renovations. More than 1,600 residential units have been made safe since the City first began receiving these HUD grants. This program is one of the City's first American Reinvestment and Recovery Act (ARRA) grants.

# HOUSING NEEDS

## SPECIFIC HOUSING OBJECTIVES

The City of Long Beach has identified three high priority-housing needs that will be addressed in FY10. These priorities are listed below along with the specific, measurable objectives that correspond to each. The specific objectives can be linked back to nationally recognized outcome statements using the codes provided.

### **Provide and Preserve Safe, Decent and Affordable Housing for Long Beach Households with the Greatest Need (High Priority)**

DH-2      The City of Long Beach will assist affordable housing developers in the production of affordable rental housing and affordable ownership housing with financial assistance including predevelopment loans, bridge loans, construction loans, and permanent financing.

**Total FY11 HOME Funding: \$25,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
HOME/ Set-aside	<ul style="list-style-type: none"> <li>• <b>Multi-Family Residential Rental Housing Production:</b> Assist affordable housing developers in the production of affordable rental housing.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units</li> </ul>
<b>SEVEN-YEAR GOAL: 48</b>		<b>FY11 GOAL: 7</b>
HOME/ Set-aside	<ul style="list-style-type: none"> <li>• <b>For-Sale Residential Housing Production:</b> Assist affordable housing developers in the production of affordable ownership housing.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units</li> </ul>
<b>SEVEN-YEAR GOAL: 19</b>		<b>FY11 GOAL: 3</b>

DH-2      The City of Long Beach will provide security deposit assistance to qualified low-income, formerly homeless households, to enable them to secure long-term permanent housing in unsubsidized apartments. The City will also provide rental assistance to qualified tenants in properties rehabilitated with HOME funds.

**Total FY11 HOME Funding: \$325,049**

Funding Source	Activities Under This Specific Objective	Performance Indicators
HOME	<ul style="list-style-type: none"> <li>• <b>Tenant-Based Rental Assistance/Security Deposit/Utility Deposit Assistance</b></li> </ul>	<ul style="list-style-type: none"> <li>• Number of households assisted</li> </ul>
<b>SEVEN-YEAR GOAL: 126</b>		<b>FY11 GOAL: 18</b>

**Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (High Priority)**

SL-3 The City of Long Beach will provide home improvement activities to maintain the current housing stock in targeted low- and moderate-income areas in order to sustain a suitable living environment.

**Total FY11 CDBG Funding: \$759,381**

<b>Funding Source</b>	<b>Activities Under This Specific Objective</b>	<b>Performance Indicators</b>
CDBG/ RDA	<ul style="list-style-type: none"> <li>• <b>Home Improvement Rebate:</b> Rebates of up to \$2000 for exterior improvements to residential properties (some restrictions apply).</li> </ul>	<ul style="list-style-type: none"> <li>• Housing units to be assisted that are occupied by low-income households</li> </ul>
<b>SEVEN-YEAR GOAL: 1,400</b>		<b>FY11 GOAL: 200</b>
CDBG/ RDA	<ul style="list-style-type: none"> <li>• <b>Tool Rental Assistance:</b> Provides up to \$500 towards rental of tools for home improvement projects</li> </ul>	<ul style="list-style-type: none"> <li>• Housing units to be assisted that are occupied by low-income households</li> </ul>
<b>SEVEN-YEAR GOAL: 350</b>		<b>FY11 GOAL: 50</b>
CDBG/ RDA	<ul style="list-style-type: none"> <li>• <b>Home Security Program:</b> Provides Security Lighting (up to \$500) and deadbolt locks for entry/exit doors (up to \$300) for residential properties.</li> </ul>	<ul style="list-style-type: none"> <li>• Housing units to be assisted that are occupied by low-income households</li> </ul>
<b>SEVEN-YEAR GOAL: 700</b>		<b>FY11 GOAL: 100</b>

**Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (High Priority) - continued**

SL-3            The City of Long Beach will provide code enforcement activities to maintain the current housing stock in targeted low- moderate-income areas in order to sustain a suitable living environment.

**Total FY11 CDBG Funding: \$2,133,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
CDBG	<ul style="list-style-type: none"> <li>• <b>Intensified Code Enforcement:</b> The City aligns these Code Enforcement activities with other CDBG (or other funds) activities in order to address blight issues and improve the quality and appearance of our residential, commercial, and industrial areas. The City provides programs such as the Home Improvement Rebate Program, Commercial Improvement Rebate Program, Home Security Lighting and Locks Program, Graffiti Removal, and Neighborhood Clean-up Assistance Program</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units inspected in LOW/MOD areas</li> </ul>
<b>SEVEN-YEAR GOAL: 105,000</b>		<b>FY11 GOAL: 15,000</b>
CDBG	<ul style="list-style-type: none"> <li>• <b>City Attorney/ Prosecutor Code Enforcement:</b> Failure to correct violations could result in a citation or a referral to the City Attorney’s office. Fines collected from citations, as well as settlements received from City Attorney prosecution, are reinvested in the CDBG fund as program income.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units inspected in LOW/MOD areas</li> </ul>
<b>SEVEN-YEAR GOAL: 350</b>		<b>FY11 GOAL: 50</b>

**Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (High Priority) - continued**

<p>CDBG</p>	<ul style="list-style-type: none"> <li>• <b>Proactive Code Enforcement:</b> Through the use of Pro-Active Code Enforcement (PACE), the City proactively removes blight and other life, health, and safety code violations in Neighborhood Improvement Strategy (NIS) areas and business corridors. Property owners are notified in writing with photos of the life, health, or safety code violation(s). In addition, property owners are provided information about the Home Improvement Rebate Program as a solution to assist them to resolve their property maintenance problem(s). re-inspection of the property is conducted in 30 days. if the problem has not been resolved, a normal code enforcement case is opened. This effort has resulted in an incredible 70% compliance rate within 30 days, ultimately resulting in a removal of blight and an improvement of the quality of neighborhood housing stock.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units inspected in LOW/MOD areas</li> </ul>
-------------	--	--

**SEVEN-YEAR GOAL: 70,000**

**FY11 GOAL: 10,000**

<p>CDBG</p>	<ul style="list-style-type: none"> <li>• <b>Police Code Enforcement:</b> Partnership with the City of Long Beach Police Department to address code enforcement cases related to criminal activity. In instances in which the Code Enforcement Inspector's life and safety is jeopardized when inspecting a property for life, health, and safety code violations, Police Department involvement is required. No CDBG funds go directly to the Police Department.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units inspected in LOW/MOD areas</li> </ul>
-------------	---	--

**SEVEN-YEAR GOAL: 525**

**FY11 GOAL: 75**

**Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (High Priority) - continued**

DH-2 The City of Long Beach will provide low-interest loans, typically at 0%, to private owners, nonprofit housing developers, and certified CHDOs to rehabilitate multi-family residential rental properties for occupancy by low- and very low-income households at affordable rents. This project also includes acquisition and/or rehabilitation by the City, the Long Beach Housing Development Company, or a City-designated nonprofit housing developer of HUD foreclosed properties for rent to low- and very low-income households.

**Total FY11 HOME Funding: \$4,417,447**

Funding Source	Activities Under This Specific Objective	Performance Indicators
HOME	<ul style="list-style-type: none"> <li> <b>Multi-Family Residential Rehabilitation and Acquisition Loan Program:</b> Provides 0% interest loans, with no maximum loan amount, to owners of rental properties with two or more units on a lot. To qualify for the rehabilitation loan, the property must be occupied by low and moderate income tenants and units maintained at affordable rents.                      The City also works in cooperation with the LBHDC to administer an acquisition and rehabilitation program for multi-family and single-family homes, some of which are acquired from the City through HUD's "Homes to Local Government Program." LBHDC acquires buildings and sells them to a nonprofit developer to rehabilitate, who in turns sells or rents to low- and moderate-income households with affordability restrictions. The maximum cost per unit under this program is \$100,000. Many units provided by the LBHDC address special needs. As a means of addressing the City's need for large family housing, properties are often reconfigured to provide three bedroom units.                 </li> </ul>	<ul style="list-style-type: none"> <li>Number of housing units</li> </ul>

**SEVEN-YEAR GOAL: 339**

**FY11 GOAL: 48**

**Address Substandard Conditions and Severe Overcrowding in Long Beach Neighborhoods (High Priority) - continued**

DH-3      The City of Long Beach will provide low-interest (3%) loans to low-income homeowners to rehabilitate owner-occupied residential property of 1-4 units on a lot.

**Total FY11 HOME Funding: \$2,526,174**

Funding Source	Activities Under This Specific Objective	Performance Indicators
HOME	<ul style="list-style-type: none"> <li>• Homeowner-Occupied Residential Rehabilitation</li> </ul>	<ul style="list-style-type: none"> <li>• Number of housing units</li> </ul>

**SEVEN-YEAR GOAL: 672**

**FY11 GOAL: 96**

**Encourage Owner Occupancy (High Priority)**

DH-2 The City of Long Beach and/or the Long Beach Housing Development Company will acquire and/or rehabilitate properties for sale to low- and very low-income households. The City will provide assistance to qualified first-time Section 8 homebuyers with purchasing a home in the City of Long Beach in the form of below-market interest rate loans and conditional grants for down payment and non-recurring closing costs.

**Total FY11 HOME Funding: \$60,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
HOME	<ul style="list-style-type: none"> <li>• <b>Down Payment Assistance Program for Section 8 Homebuyers:</b> provides assistance to qualified first-time Section 8 homebuyers with purchasing a home in the City of Long Beach in the form of below-market interest rate loans and conditional grants for down payment and non-recurring closing costs.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of households assisted</li> </ul>

<b>SEVEN-YEAR GOAL: 11</b>		<b>FY11 GOAL: 2</b>

## **PUBLIC HOUSING NEEDS**

The City of Long Beach does not own public housing units. However, the Los Angeles County-owned Carmelitos Housing Project is located in the City of Long Beach. In FY 11, the City will continue to inform residents of the Carmelitos Housing Project about available City programs, including Welfare-to-Work. The City will also continue to develop our working relationship with the Los Angeles County Community Development Commission and coordinate appropriate services to residents of the Carmelitos Housing Project.

## **BARRIERS TO AFFORDABLE HOUSING**

The City will continue to facilitate and encourage the development of affordable housing through its public nonprofit corporation, The Long Beach Housing Development Company (LBHDC). The LBHDC is a nonprofit, public benefit corporation established to assist in the development and creation of affordable housing opportunities, including both rental and home ownership. The two major sources of revenue for the LBHDC are the 20% redevelopment Tax Increment Housing Set-Aside from the City's seven redevelopment project areas, and federal HOME funds. The LBHDC will work with Community Housing Development Organizations (CHDOs) and other developers to create additional housing opportunities for both low and very low-income families and individuals.

The City's Housing Services and Neighborhood Services Bureaus will work with the LBHDC and the City to identify and finance affordable housing developments and programs that will provide safe, decent, and affordable rental and ownership opportunities for Long Beach residents and workers.

The City of Long Beach will continue to undertake a number of efforts aimed at eliminating barriers to affordable housing and ameliorating the negative effects of public policies that serve as barriers to affordable housing.

Among the most recent efforts in this regard are the following:

1. The Downtown Planned Development District 30 (PD-30) was amended to provide moderate to high density housing opportunities for persons working in the Downtown area. This amendment facilitated the development of the Puerto del Sol Apartments, a development consisting of 64 affordable units (30 units at 40% of median, 33 units at 50% of median and 1 unit at 60% of median). This project was completed on March 8, 2008.
2. The Downtown Shoreline Planned Development District 6 (PD-6) was amended to reduce the allowable retail area in the planning district by 200,000 square feet in return for increasing the allowable total residential development by 500 units. This housing, adjacent to Downtown, will provide an important source of housing for Downtown workers. The

revision was based on a trip generation calculation that demonstrated the relative benefit of locating workers adjacent to potential job locations.

3. Chapter 21.63 of the Long Beach Municipal Code was recently amended to provide incentives to encourage the development of ownership and rental housing for very low income, low income and senior citizen households, as well as moderate income condominium owners, through the award of density bonuses and waiver of certain development standards under specific circumstances.

The density bonus portion of the amendment to Chapter 21.63 provides the bonus in exchange for guarantees that the units will be maintained as affordable housing for the target population for at least thirty (30) years. The guarantee must be in the form of a recorded deed restriction. The amount of the density bonus cannot exceed the maximum percentage permitted by the State of California.

In addition to the density bonus, the amendment provides for a waiver of parks and recreation facilities impact fees (currently \$4,221 per single family unit and \$3,260 per multi family unit) and transportation developer fees (currently \$1,125 per unit) for these affordable housing units.

The amendment also provides for the waiver of a number of development standards if the developer can demonstrate that the increased density allowed cannot be physically accommodated on the site under basic standards. The waiver involves a priority order of standards that may be waived; the developer must demonstrate that the increased density cannot be accommodated with each sequential waiver before the waiver of the next standard is allowed.

The priority order of waiver is as follows:

1. Percentage compact parking
2. Tandem parking design limitations
3. Privacy standards
4. Private open space
5. Common open space
6. Height
7. Distance between buildings
8. Side yard setbacks
9. Rear yard setbacks
10. Number of parking spaces (but not less than one space per unit)
11. Front setbacks

These waiver areas form an important source of potential flexibility in the review of plans for affordable housing, and positively impact the chances of a given affordable housing project being approved and built.

Finally, if the developer of an affordable project believes that the project is still not financially feasible, even with the density bonus and waiver of the standards required to make the project physically feasible, then the amendment allows the developer to submit a project pro forma demonstrating the deficiency, including the costs of complying with each of the listed standards. Additional standards may then be sequentially waived until financial project feasibility is achieved.

The amended Chapter 21.63 has already contributed to the feasibility of a number of affordable Long Beach housing projects and will continue to be an important resource for future project feasibility, design, and construction.

On June 1, 2005, the City Council adopted a Housing Action Plan (HAP) for FY05-09 to serve as the framework for the allocation of the City's scarce affordable housing resources according to the income (very low, low, and moderate), tenure (owner/renter), and age category of the target population. Targeted funds included HOME and Redevelopment Housing Set-Aside funds. The Plan aims to maximize investment towards providing quality affordable housing to as many Long Beach residents as possible, with a clear and pronounced effect in revitalizing and stabilizing Long Beach neighborhoods. In its initial 5 years of implementation, the HAP efforts were focused in three specific neighborhoods in the City to strengthen and make a visible difference in these neighborhoods. Development plans are underway for properties acquired in the HAP focus areas.

The City will continue to implement programs that foster and maintain affordable housing. Residential rehabilitation assistance will again be provided to lower-income homeowners to preserve housing affordability. During the FY11 program year, HOME will provide assistance to multi-family units and single-family units with rehabilitation loans. All of the projects will focus on improving living conditions and correcting code violations, while the multi-unit projects will also maintain affordable rents.

### **Tenant-Based Rental Assistance Program**

#### **Needs Analysis:**

During a survey of local market conditions it was determined that a tremendous need for a rental assistance program was required.

As shown in the City of Long Beach Consolidated Plan, 16% of all households in Long Beach fall into the extremely low-income category, 12% are shown as low-income, and 16% are shown as having moderate income. Therefore, 44% of all families in Long Beach were shown to fall within the extremely low-income to moderate-income levels. The U.S. Census Bureau identified 23% of Long Beach residents as living in poverty. More than half of the City's residents living in poverty are children. In 2004, Long Beach was ranked 7th in the United States in terms of the proportion of the population living below the poverty level. This was as a result of a survey conducted by the U.S. Census Bureau in 2003, called the American Community Survey.

Federal assistance under the Section 8 program does not do an adequate job of addressing the needs of the City. Long Beach has been allocated 6,261 Section 8 vouchers and currently has a 10 year waiting list with over 4,700 qualified families. The last time new applications were accepted for the waiting list over 15,000 applications were received in less than 30 days. In addition HUD mandates that 75% of all Section 8 recipients must be below 30% of the Area Median Income (AMI), which does not address the working poor and other below median income families.

Under the Cities Tenant Rental Assistance program many of the applicants of other housing programs are able to afford quality housing. In order for a rental unit to qualify for assistance the unit must have been rehabilitated utilizing HOME funds and annual inspections are mandated in order to insure Housing Quality Standards are met. Calculation of TBRA rents is based on 30 % of family gross income. In addition families may qualify if total income is less than 80% of the AMI allowing the City to address families unable to qualify for Section 8 assistance.

**Intake Process:**

Currently, the Tenant Based Rental Assistance and Security and Downpayment Assistance programs are designed to be implemented with multi-unit residential properties that are being rehabilitated using HOME funds. The Tenant-Based Rental Assistance Program (TBRA) provides assistance to only lawfully residing low and very-low income families who are in place at the beginning of the rehabilitation process. Tenant eligibility is made by the City in accordance with all applicable HUD regulations, and on the basis of written evidence of income and initial residency in a HOME-assisted unit as provided by the tenant and owner. These programs aid City's effort to transition homeless families to permanent housing

When Rehabilitation of the property has been financed in whole or in part with the proceeds of a HOME loan made by the City of Long Beach ("City") to Landlord, current lessees who qualify as Low to Moderate income under HUD guidelines are eligible for TBRA. The program is designed to insure that eligible tenants are able to afford rental units that have been rehabbed, and rental fees although deemed as "affordable" under HUD guidelines, do not provide a hardship for the current renters.

Under the TBRA program the City will provide eligible residents with subsidy assistance amounting to the difference between the eligible monthly rent under the lease agreement and 30% of the tenant's monthly gross income. Under the CC and R covenants signed by the owner at rehab loan inception, all owners must agree to all fair housing guidelines under the City Of Long Beach Affirmative Fair Housing Marketing Plan And Tenant Selection Plan. Tenants are monitored annually to insure that they continue to meet program income guidelines.

In addition, HOME funds will be made available to continue the Security and Utility Deposit Program to assist homeless families who are able to sustain permanent housing, but are unable to save the funds necessary to initially secure the housing. This program is the result of collaboration between the Human and Social Services Bureau of the Department of Health and Human Services (DHHS) and the Neighborhood Services Bureau to create a program that creates affordable rental housing opportunities for formerly homeless households. The HOME Security and Utility Deposit Program brings together federal HOME funding and an efficient participant qualification process developed for the Tenant-Based Rental Assistance (TBRA) program by the Neighborhood Services Bureau, with homeless applicant intake, processing and monitoring by staff from the Department of Health and Human Services. Homeless individuals and families are assisted in securing stable, long-term housing through this collaborative effort. HOME funds are used to fund security deposits equivalent to two months of rent to enable these formerly homeless renters, who have income sufficient to pay rent but cannot afford “up front costs,” to secure a decent place to live.

The City will continue to offer first-time homebuyer seminar provider referral to interested individuals. Los Angeles County is home to several companies that provide HUD certified education classes.

Under federal regulations, a minimum of 15% of HOME funding must be allocated to Community Housing Development Organizations (CHDOs) for housing development activities. CHDO organizations must be private, non-profit, community-based service organizations that have obtained or intend to obtain staff with the capacity to develop or rehabilitate affordable housing for the community served. Since the inception of HOME in 1992, the City has worked with fifteen CHDOs:

- Clifford Beers Housing Inc.
- Community Corporation of Santa Monica (CCSM)
- Decro Alpha Corporation
- Decro Gamma Corporation
- Decro Epsilon Corporation
- Federation of Filipino American Associations, Incorporated
- Friends of Central Avenue
- Habitat for Humanity South Bay/Long Beach
- Home Ownership for Personal Empowerment
- JABEZ Foundation, Inc.
- Joshua One Community Development Corporation
- Long Beach Affordable Housing Coalition
- Mental Health Association
- Shelter for the Homeless
- United Cambodian Community, Incorporated

## **HOME/AMERICAN DREAM DOWN PAYMENT INITIATIVE (ADDI)**

### **Forms of Investment**

The City of Long Beach no longer receives ADDI funds. No forms of investment will be utilized beyond those described in 92.205(b).

### **HOME Match Provision**

The City incurs a matching obligation for HOME funds it expends, except for those associated with: FY 92 HOME funds; HOME administrative and planning funds; CHDO operating expenses; CHDO capacity-building funds; and CHDO site control, technical assistance, and seed money loans for projects that do not go forward.

The City intends to use Redevelopment Set-Aside expenditures as match for FY10 HOME funds. We have used such expenditures as match for the past several years. Set-Aside revenues from the RDA for FY10 are currently estimated at \$17,103,000. This amount is well in excess of any anticipated match requirements.

### **Proposed CHDO Expenditures**

CHDO expenditures are reflected in Project 11 of this Action Plan. The amount anticipated to be expended meets or exceeds the 15% CHDO requirement.

### **Homebuyer Activities – Recapture Option**

The City of Long Beach intends to use HOME and ADDI funds to assist first-time homebuyers in purchasing a home. To ensure long-term affordability, the City will impose a recapture provision, which will allow the City to recycle funds to assist future homebuyers. The City may require additional restrictions, including first-time homebuyer qualifications and affordability requirements, which may be more restrictive than current HOME Program regulations. Examples of current requirements include the following:

- Total household income cannot exceed low-income limits
- Must occupy property as the principal residence
- Required to comply with recapture/resale provisions during the affordability period

Additional City Restrictions:

- Must purchase a home within the City of Long Beach
- Required to be a first-time homebuyer
- Complete an approved pre-purchase Homebuyer Workshop

- Must currently live or work in the City of Long Beach to apply for assistance

Recapture Option:

The City of Long Beach will recapture the entire direct HOME or ADDI subsidy if the HOME Program recipient decides to sell the house within the affordability period.

Enforcement of the Recapture Option:

To enforce the recapture restrictions, the City will record a Deed of Trust against the property. This Agreement will ensure that the full HOME subsidy will be recaptured from the net proceeds of the sale. Where the net proceeds are insufficient to repay both the HOME subsidy plus the homeowner's investment, the City will forgive a prorated share of the HOME subsidy based on occupancy during the affordable period. In such case, the homeowner will not be permitted to recover more than the homeowner's investment.

The City follows the HUD affordability requirements set forth by 24 CFR Subtitle A § 92.254 (a)(4) as shown below:

	Homeownership assistance HOME amount per-unit
	Minimum period of affordability In years
Under \$15,000 .....	5
\$15,000 to \$40,000 .....	10
Over \$40,000 .....	15

Depending on the project size and level, The City has and will select to reserve longer affordability periods of up to 55 years.

**Refinancing with Rehabilitation Guidelines**

Under certain circumstances, the HOME Investment Partnership Program allows the use of HOME funds for refinancing; However, HUD regulations at 24 CFR 92.206(b) require that "Refinancing Guidelines" be included in the local participating jurisdiction's Consolidated Plan. Subject to certain HUD requirements, the local participating jurisdiction designs its own "Refinancing Guidelines" and includes these guidelines in the Consolidated Plan for public input and HUD review/approval.

The HOME regulations at 24 CFR 92.206(b) allow HOME funds to pay the cost to refinance existing debt secured by housing that is being rehabilitated with HOME funds:

1. For single-family (1 to 4 unit) owner-occupied housing when lending HOME funds to rehabilitate the housing, if the refinancing is necessary to reduce

the overall housing costs to the borrower and make the housing more affordable; and

2. For multi-family projects when lending HOME funds to rehabilitate the units, if refinancing is necessary to permit or continue affordability under 24 CFR 92252. The Participating Jurisdiction (PJ) must establish refinancing guidelines and state them in its Consolidated Plan.

It is the City's understanding, via oral confirmation from HUD Los Angeles Area Office staff, that HUD's intent in the above-stated 24 CFR 92.206 (b) reference to "the cost to refinance existing debt" is not simply to use HOME funds to pay for the lender's costs and fees associated with a refinancing, but also to pay for the refunding in replacing the existing debt with new debt.

The following adopted "Refinancing Guidelines" describe the conditions under which the City of Long Beach will use HOME funds in any project proposing to refinance existing debt on a multi-family housing property.

1. May not be used for single-family housing. *Although HUD HOME regulations allow HOME funds for refinancing in connection with "single family (one to four units) housing", the City of Long Beach Refinancing Guidelines stipulate that HOME funds to refinance may only be allowed in connection with multi-family housing projects; refinancing may not be allowed with single-family housing. HUD defines "single-family housing" as one to four units, including one owner-occupied unit.*
2. HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG. *This is a HOME regulations requirement at 24 CFR 92.206(b)(2)(vi).*
3. HOME funds may not be used to refinance properties that previously received home funding unless the affordability period has expired. *This is a HOME regulations requirement. 92 CFR 92.214(a)(7) states that HOME funds may not be used to provide HOME assistance (beyond one year after project completion) to a project previously assisted with HOME funds during the period of affordability established in the original written agreement.*
4. Use of HOME funds for refinancing will only be allowed in multi-family projects, which are proposed to be rehabilitated with HOME funds. *This is a HOME regulations requirement. 24 CFR 92.206(b) states that HOME funds may be used to pay "the cost to refinance existing debt secured by housing that is being rehabilitated with HOME funds" (emphasis added).*
5. The refinancing must be necessary to permit or continue affordability *under HOME regulations at 24 CFR 92.252 ("Qualification As Affordable Housing: Rental Housing")*. *The purpose of the refinancing must be to maintain current*

*affordability and/or create additional affordable units. This is a HOME regulations requirement at 24 CFR 92.206(b)(2).*

6. The new investment of HOME funds for refinancing can be made either to maintain current affordable units or to create additional affordable units. *Levels of affordability will be, at a minimum, those required by the HOME Program regulations. This guideline is a HOME regulations requirement at 24 CFR 92.206(b)(2)(iii). The Guidelines must "state whether the new investment is being made to maintain current affordable units, create additional affordable units, or both."*

*For those projects which currently have affordable (non HOME-funded) deed-restricted units and which may seek to use HOME Program "Refinancing With Rehabilitation," the requirement to "maintain current affordable units or create additional affordable units" may also be met by increasing the project's current affordability level. For example, an increased affordability level may be achieved by:*

- *lowering the existing rent restrictions;*
- *increasing the number of affordable/restricted units;*
- *extending the term of existing affordability restrictions; or*
- *a combination thereof.*

*The level of additional affordability (if any) will be determined in the context of overall financial feasibility of each financing.*

7. Regardless of the amount of HOME funds invested, the minimum affordability period shall be at least 15 years. *This is a HOME regulations requirement at 24 CFR 92.206(b)(2) and 24 CFR 92.206(b)(2)(iv). The actual affordability period will be the subject of negotiation on each project.*
8. The investment of HOME funds for refinancing will be allowed jurisdiction-wide. Eligible properties must be located in the City of Long Beach. *This is a HOME regulations requirement at 24 CFR 92.206(b)(2)(v), which requires the guidelines to specify whether the investment of HOME funds, for refinancing, will be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy.*
9. Whenever HOME funds are used for refinancing, the City of Long Beach staff will require a review of management practices to determine that:
  - *"Disinvestment" in the property has not occurred. HUD regulations do not define "disinvestment." Within these Guidelines, the term "disinvestment" shall mean an intentional and avoidable reduction in capital investment, which results in a failure to either construct, maintain or replace capital assets [i.e., buildings, equipment, furnishings, fixtures, property infrastructure, etc] in accordance with the*

*HUD minimum property standards enumerated at 24 CFR 92.251, and as determined by the City of Long Beach staff;*

- The long-term needs of the project can be met; and
- The feasibility of serving the targeted population over an extended affordability period can be demonstrated.

*This is a HOME regulations requirement at 24 CFR 92.206(b)(2)(ii). The City of Long Beach staff will either conduct this review of management practices, or select a consultant (costs to be borne by the owner) to conduct such a review.*

10. In any project using HOME funds for "Refinancing With Rehabilitation" the owner(s) would not be allowed to take cash out of the refinancing. *However, a reasonable developer fee (which shall be subject to negotiation) for a project would be considered a project expense and would not be considered to be taking cash out of the refinancing. HOME regulations do not allow owners to withdraw cash from the refinancing; 24 CFR 92.205(d) states that only the actual HOME eligible development costs (i.e. costs eligible under 92.206(a), (b), or (c)) of the assisted units may be charged to the HOME program. Neither Sections 92.206(a) or (b) or (c) authorize the retention of refinanced HOME funds by the owner.*
11. The minimum amount of HOME funds that can be invested in a project is \$1,000 times the number of HOME-assisted units in the project. *This is a HOME regulations requirement.*
12. Projects seeking to use HOME funds for "Refinancing With Rehabilitation" must be in compliance with all regulations for the HOME Investment Partnership Program at 24 CFR 92.
13. There will be a minimum "required ratio" between rehabilitation and refinancing as follows: within a proposed project up to 85% of the project's HOME funds may be used for refinancing and at least 15% of the project's HOME funds must be used for rehabilitation. *The HOME regulations require, at 24 CFR 92.206(b)(2)(i), that whenever HOME funds are used for refinancing, the rehabilitation must be the "primary eligible activity" and that this "primary eligible activity" requirement is met either by establishing a minimum level of rehabilitation per unit or by establishing a "required ratio" between rehabilitation and refinancing. HUD HOME regulations do not specify the amount of this "required ratio" and allow the participating jurisdiction to propose the "required ratio." Staff will determine the ratio based on the amount of HOME funds invested, leverage of HOME funds, and financial feasibility.*
14. Under these Guidelines, the property proposing to use HOME for refinancing may only be owned by non-profit owners or by public entities including the

Long Beach Housing Development Company. *However, there is a prohibition on ownership interests, which are contrary to the HUD conflict of interest prohibitions at 24 CFR 92.356 [HOME "Conflict of Interest"], or 24 CFR 8536 ["Procurement"], or 24 CFR 8442 ["Codes of Conduct"].*

*HUD HOME regulations do not limit property ownership in connection with refinancing. However, under these Guidelines, in order to encourage housing activity by non-profits, the City of Long Beach has decided to exclude for-profit owners from using HOME funds for "Refinancing With Rehabilitation" and give priority to non-profits which are designated as Community Housing Development Organizations (CHDOs).*

15. *Loan Terms: These "Refinancing With Rehabilitation Guidelines" are intended to be used in conjunction with other existing HOME-funded programs previously approved by the City of Long Beach ("other City of Long Beach existing HOME programs"). City of Long Beach staff will superimpose these Guidelines onto the "other City of Long Beach existing HOME programs." To the extent that these Guidelines may be inconsistent with the requirements of the "other City of Long Beach existing HOME programs," the more restrictive requirements will apply.*
16. *These "Refinancing with Rehabilitation Guidelines" are minimum guidelines for conformance with HUD minimum requirements, and they may be subject to further additional restrictions or limitations (including but not limited to funding availability) as determined by the City of Long Beach. These Guidelines serve to obtain HUD's approval of a general framework and create a potential alternative for the City of Long Beach. However, approval of these Guidelines does not create an obligation or requirement that the City of Long Beach will make loans utilizing Refinancing With Rehabilitation. The City of Long Beach is authorized to modify (after notification to HUD) these "Refinancing With Rehabilitation Guidelines" to the extent that any provisions in these "Refinancing With Rehabilitation Guidelines" may be inconsistent with the City of Long Beach current (or future) adopted policies.*

# HOMELESS NEEDS

## SPECIFIC OBJECTIVES

The City of Long Beach has identified one high priority for homeless needs that will be addressed in FY 11. This priority is listed below, along with the corresponding specific, measurable objectives. The specific objectives can be linked back to nationally recognized outcome statements using the codes provided.

### Following a Continuum of Care (CoC) Model, Provide Supportive Services and Housing for Homeless and Persons at Risk of Becoming Homeless

SL-1 Make accessible large-scale funding grants to non-profit organizations serving low/moderate income persons for the purpose of creating a suitable living environment.

**Total FY11 Funding: \$200,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
CDBG	• Social Service Grant Program	• Number of agencies assisted
<b>SEVEN-YEAR GOAL: 70</b>		<b>FY11 GOAL: 10</b>

SL-1 Make accessible supportive services to individuals and families that are homeless or at risk of becoming homeless through case management and counseling for the purpose of creating a suitable living environment.

**Total FY11 Funding: \$100,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
CDBG	• Multi-Service Center (MSC)	• Number of people to be assisted (duplicated)
<b>SEVEN-YEAR GOAL: N/A</b>		<b>FY11 GOAL: N/A</b>

\* Note: FY11 Goal is based on the homeless population count conducted in 2009.

SL-1 Activities to maintain and operate emergency shelter (payment for shelter maintenance, operation, rent, security, fuel, equipment, insurance, utilities, food, and furnishings) and homeless prevention activities.

**Total FY11 Funding: \$380,811**

Funding Source	Activities Under This Specific Objective	Performance Indicators
ESG	• Emergency Shelter • Prevention • Maintenance and Operation of Homeless Facilities	• Number of clients that received residential services*
<b>SEVEN-YEAR GOAL: N/A</b>		<b>FY11 GOAL: N/A</b>

\* Note: FY11 Goal is based on the homeless population count conducted in 2009.

## SPECIFIC HOMELESS PREVENTION ELEMENTS

### Sources of Funds and ESG Match

The City of Long Beach contracts with non-profit agencies to improve the quality and number of emergency homeless shelters by funding emergency shelter and homeless prevention projects. The funded agencies must provide 100% match as stated in the Request for Proposals. The match source can be either in kind or cash match, and must match 100% of the amount requested with an equal amount of funds from in kind or cash sources other than ESG program or McKinney Vento funding. Funds used to match a previous ESG/CDBG grant may not be used to match a subsequent grant. Also, detailed match documentation must be submitted during the invoice process.

These funds, which are described in greater detail in the General section of this Action Plan, are targeted to prevent and end homelessness in the City of Long Beach.

### Homelessness

For over twenty years, the City of Long Beach has been committed to shaping a comprehensive and coordinated system of care to respond to the diverse needs of homeless individuals and families at risk of becoming homeless. In an on-going collaborative effort of local agencies, City leaders, community groups, and public and private resources, the City continues to expand services to homeless populations and works to provide for a seamless delivery system that addresses all the fundamental needs of the homeless population. Through the City's Consolidated Planning process and the "Continuum of Care" (CoC) delivery system, the City and social service providers strive to create a balance of emergency, transitional, and permanent housing and supportive services to assist homeless families and individuals, empowering them to make the critical transition from housing crisis to self-sufficiency and stable permanent housing.

The Long Beach Continuum of Care delivery system is comprised of several components:

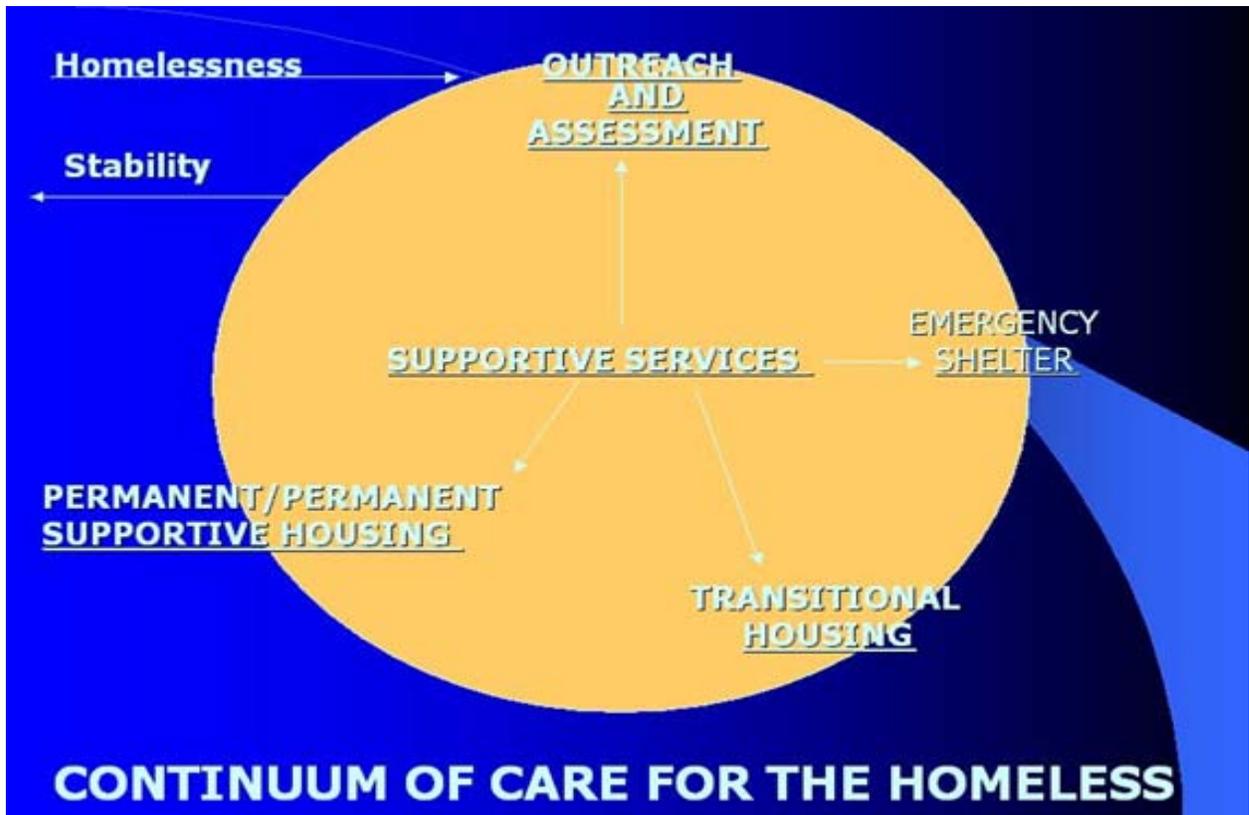

1. **Homeless Prevention** - Homeless prevention is supported by Emergency Shelter Grant funds, a portion of which is used for eviction prevention. In addition, the HOME funded program is utilized to assist families with move-in deposits for permanent housing units. Between 2005 and 2010, more than 295 households have been assisted by these funds, and were able to obtain and maintain permanent housing stability. The City Council directed the Long Beach Housing Authority to set aside 20 Section 8 vouchers annually for homeless families, disabled individuals, and seniors. This program was integral in placing homeless families with low earning potential into permanent housing. This would not otherwise have been possible given significant increases in the real estate market, which adversely impacts availability and affordability of housing in Long Beach.

- 2. Outreach and Assessment** - The City operates a collaborative Outreach Network five days a week that includes City staff and other community service entities that performs street outreach and responds to community concerns. Streets, alleys, river corridors and freeway underpasses are common locations for encampments and therefore a street outreach network is the critical link between the homeless and services. The teams have established routes, provide crisis intervention, immediate referrals, and contain multi-disciplinary staff members.

Through repeated outreach contacts, homeless persons become familiar with social service agencies and providers and the services offered. Clients are then connected to the MSC case management triage system for initial assessment to determine the most appropriate individualized resources available. A case plan is developed with the client and the client is assisted in accessing appropriate programs and services.

- 3. Immediate Shelter (Emergency Shelter)** - Clients are placed into short-term emergency shelter to allow the client to become stable and to access “next steps” to becoming permanently housed and self-sufficient.
- 4. Transitional Housing with Supportive Services** - This component involves individuals and families who move from the streets into longer-term shelter programs. This process begins after initial stabilizing services have been utilized. Shelter needs are assessed during the development of the individual case plan, with assistance ranging from emergency shelter, transitional housing, and permanent supportive housing to help in obtaining occupancy in fair market housing. The Villages at Cabrillo, a program operated by the U.S. Veterans Initiative and located in Long Beach, provides a unique setting and opportunity for homeless individuals and families to begin transition back into the community through a carefully planned network of services and agencies. All clients are placed into permanent supportive housing, as quickly as possible, and supportive services are readily available as clients learn the skills necessary for independent living.
- 5. Permanent Housing** - As individuals and families are stabilized in permanent housing, supportive services are decreased over time until they are no longer needed. Individuals and families can always return to the MSC for supportive services at any time. The goal is to help prevent the downward cycle of homelessness from occurring again in the future.

Wide arrays of supportive services are provided through each step of the Continuum of Care (CoC) delivery system to help all sub-populations of homeless individuals and families receive the assistance they need.

As result of the Continuum of Care process, the City has defined its vision as follows: Every resident of Long Beach will be able to access adequate housing, food, and medical services. Reaching this goal remains the focus of the Continuum of Care system. Throughout the year, various groups involved in the Continuum of Care planning process assess areas of need and set priority areas and goals.

Areas of concentration during FY11 include:

- Continue to support the 10-year Strategic Plan to prevent and end homelessness in Long Beach;
- Continue to strengthen street outreach to homeless residents and in response to the broader community concerns;
- Develop affordable permanent housing options;
- Shorten length of stay within the shelter system;
- Continue to streamline service referrals within the Continuum of Care system;
- Continue to build relationships with neighborhood and business associations and faith based partners while increasing awareness regarding homelessness through these linkages;
- Support the Multi-Service Center for the Homeless;
- Work in conjunction with the City's Neighborhood Services Bureau to develop avenues to expand housing resources and thereby increasing the number of affordable housing units in Long Beach;

- Continue to refine implementation strategies with the Homelessness Prevention and Rapid Re-Housing Program (HPRP); and
- Expand utilization rates for the Homeless Management Information System (HMIS).

### **Chronic Homelessness**

The City completed a citywide homeless count in 2003, 2005, 2007 and 2009 and an in-depth assessment in 2004, which found that 12% of the annualized homeless population experienced chronic homelessness. The 2009 point-in-time count indicated that 32% of the clients counted fit the description of chronically homeless. From the information captured through the homeless assessment, the City's CoC system has refocused its efforts to address the high number of chronically homeless found in Long Beach. The service providers in the City's CoC system share the vision of ending chronic homelessness in Long Beach.

The Continuum of Care agencies will continue to improve client-centered, culturally competent activities and the "no wrong door" and "no fail" approach. The "no wrong door" policy will assist clients in entering the Continuum of Care system through any agency, while simultaneously looking at ways to prevent chronically homeless clients from cycling back onto the streets. The core philosophy to the "no wrong door" policy is assessing and addressing the immediate needs of the person, which include food, clothing, and shelter. The following list is the core of the Continuum of Care delivery system for chronically homeless services:

- Service-enriched permanent housing;
- Substance abuse and mental health treatment;
- Primary health care, homeless veteran services; and
- In-home case management services with enhanced supportive services.

Due to the chronically homeless persons' previous negative experiences with multiple systems of care, the Long Beach Continuum of Care is based on immediate access to comprehensive services either through the Multi-Service Center, or through the multi-disciplinary outreach network team, which brings needed resources to clients where they reside. Streets, parks, encampments, and alleys are where most of the chronically homeless reside; street outreach programs are the critical link between the chronically homeless and comprehensive services.

In FY11, the MSC agencies will continue to coordinate the multi-disciplinary outreach network (comprised of outreach case managers, police officers, mental health advocates, substance abuse case managers, veterans case managers, and mental health clinicians). This outreach network provides services to clients where they reside, ranging from: intake, assessment and treatment planning, health assessments (physical and mental), minor wound treatment and medical screenings, referrals into mainstream programs, assistance navigating the medical and mental health systems, and housing placement. To facilitate

immediate access to services, transportation from one service provider to another will be provided to the homeless clients. The Multi-Service Center, Mental Health America (MHA) and U.S. Vets all operate daily shuttle services, while other service providers distribute bus tokens and bus passes and assist disabled clients to obtain bus passes and shuttle services through mainstream resources.

The Department of Health and Human Services-Homeless Services Division has been actively involved in the Homeless Connections Initiative (HCI), a group of stakeholders co led by PATH and MHA, comprised of faith based groups, service providers, concerned citizens and local businesses, working towards permanently housing the most vulnerable chronic homeless in the downtown Long Beach area. In July 2009 the HCI conducted surveys with 350 people living on the streets of downtown Long Beach to determine their housing needs. HCI focuses on housing the most vulnerable on the streets by linking the participants directly to housing and supportive services. The Outreach Network Team works with the housed individuals in providing ongoing case management to ensure housing retention.

Another component of the Continuum of Care system addressing chronic homelessness is the integrated database tracking system known as the Homeless Management Information System (HMIS). The HMIS has increased access to resources, streamlined client information gathering, and has eliminated service duplication. The case manager is able to access information such as service history, information about eligibility for services, services received, and rely on consistency of information relevant to the client. The information has allowed for appropriate referrals, flexible changes in the level of service, and the elimination of duplicate efforts of service providers to assist the client. The HMIS also supplies data on demographics, service delivery, program effectiveness, resource/service gaps, service utilization, and the overall continuum efficiency and effectiveness in achieving positive housing and service outcomes. By refocusing service efforts to address the special needs of the chronically homeless, the Continuum of Care system will be able to track progress on the number of chronically homeless placed and maintained in permanent housing.

### **Homelessness Prevention**

The City will continue to provide CDBG, ESG, and HOME funding support during FY11 to City and County social service agencies, nonprofit organizations, and other supportive service institutions that provide homeless assistance, emergency shelter, transitional shelter, supportive housing, outreach/assessment and job search and placement services to homeless Long Beach families and at-risk populations.

On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act of 2009 (Recovery Act) into law, which included \$1.5 billion for Homelessness Prevention and Rapid Re-Housing activities. The Homelessness Prevention and Rapid Re-Housing Program (HPRP) allocated \$3,566,451 for

Long Beach, which provides temporary financial assistance and/or services to help persons gain housing stability. HPRP is a valuable resource, as it provides temporary financial assistance and supportive services to a currently underserved population: individuals and families who are at-risk for homelessness.

The funds under HPRP are intended to target two populations of persons facing housing instability: 1. Individuals and families who are currently in housing but are at-risk of becoming homeless and need temporary rent or utility assistance to prevent them from becoming homeless (prevention), and 2. Individuals and families who are currently experiencing homelessness, and need temporary assistance in order to obtain housing and retain it (rapid re-housing).

The Department of Health and Human Services, Homeless Services Division (DHHS) met with Continuum of Care service providers and other community stakeholders on April 3, 2009, to solicit feedback related to local needs and priorities to develop proposed summary budget and local guiding principles. It was agreed that the MSC Collaborative would be the ideal system of care to provide assistance and supportive services; using the centralized intake at the MSC and existing collaborative network. Recognizing the need for both eviction prevention and rapid re-housing services, it was agreed that the HPRP funding allocation be evenly divided between homeless prevention and rapid re-housing components. Services identified as priorities include short-term rental assistance, medium-term rental assistance, security deposits, utility deposits/payments, moving cost assistance, case management and supportive services.

DHHS allocated funding for Homeless Prevention activities to Catholic Charities and Rapid Rehousing activities to Beyond Shelter. Both agencies are leaders within the existing Continuum of Care (CoC) system and have prior experience in providing these services. The MSC serves as the point of entry for households seeking HPRP assistance and are assessed for eligibility and subsequently referred to the corresponding agencies for Housing Stabilization and Financial Assistance, as applicable. HPRP was launched on October 1, 2009 and has proven to be extremely effective in assisting at risk and currently homelessness populations within Long Beach by serving closet o 200 households in the first six months of program implementation. DHHS staff and HPRP agencies meet on a quarterly basis to refine implementation strategies in order to better target those most in need of this resource.

### **Assisting the Transition to Permanent Housing**

The City will continue to carry out all activities related to the Emergency Shelter Grants Program (ESG) and other transition services identified in the City's Continuum of Care. Under this program the City will fund local public and private agencies during FY11 with ESG funds and other available resources, including the use of the City's social service fund dollars to satisfy the ESG matching requirement. The City will also continue to advocate for the availability of State

and County resources and to effectively use those resources to assist homeless individuals and families. The City will seek out and aggressively pursue, as appropriate, grant opportunities for homeless assistance funds from applicable federal, state, and local authorities; and assist and endorse such applications submitted by other entities. The focus will be on identifying additional resources to assist homeless persons and families, especially resources aimed at providing affordable permanent housing for homeless and special needs persons and families.

Transitional housing programs managed by nonprofit agencies are designed to prepare homeless persons and families for relocation into permanent housing. These programs monitor persons for a temporary period of time after moving into permanent housing to assess progress, identify, and address potential problems. An important aspect of the transition process is the access that families and individuals always have to services, programs, and assistance necessary to address any difficulties experienced in maintaining permanent housing.

A number of existing programs that provide employment, supportive services, and related assistance to the Continuum of Care System are identified in the Strategic Plan and Anti-Poverty Strategy of the 2005 - 2012 Consolidated Plan. Local homeless service providers are already highly familiar with these public and private local resources and use them extensively in their efforts to transition homeless persons into permanent housing and community self-sufficiency. The City will continue to provide a comprehensive coordinating function as well as provide resources for all aspects of the Continuum of Care System.

The City's Career Transition Center and the Center for Working Families both provide an array of vocational counseling services, on-the-job training and job placement services. These Centers' resources are focused on preventing homelessness and providing opportunities for economic self-sufficiency necessary to maintain permanent housing. They are important tools utilized as part of the City's Continuum of Care.

### **Discharge Coordination Policy**

The City of Long Beach Continuum of Care (CoC) continues to develop, refine, and implement strategies for comprehensive discharge planning practices citywide. Policy development has been inclusive of community agencies that are specifically prepared to address the needs of the homeless chronically mentally ill, persons with substance abuse problems, and emancipated youth. The Homeless Services Officer is the primary point of contact for service provision within the city and oversees the daily operations of outreach workers and case managers from various agencies, including but not limited to the City's Multi-Service Center (MSC) and 12 co-located collaborative agencies. The comprehensive outreach team is proactive in developing relationships with local area providers who come in contact with homeless populations being released from local jails, hospitals, and the foster care system, in order to facilitate

planning for housing placement and therefore preventing homelessness for that individual.

The three major health care facilities that provide medical and mental health care for a significant number of homeless persons in the City of Long Beach are St. Mary's Medical Center, Long Beach Memorial Hospital, and the Veteran's Affairs Medical Center. These institutions, and several smaller medical and mental health facilities that also serve the homeless in Long Beach, have been informed of proactive planning options available to prevent an individual from being discharged into homelessness. A referral mechanism has been formalized and provided to the medical/mental health centers located within the Long Beach Continuum of Care. The referral protocol from these facilities to the MSC has been reviewed by hospital personnel and agreed upon via a Memorandum of Understanding, which strives to ensure the continuity of discharge planning, so that homelessness can be addressed prior to discharge. In addition, the outreach network has distributed "Pocket Resource Guides" to emergency rooms, medical social workers, and discharge planners at these facilities to educate them as to the services available in a triage situation. The MSC Coordinator provides ongoing training to facility staff regarding homeless and other services available citywide. Optimally, this relationship has been established so that discharge-planning personnel will link patients to the appropriate level of transitional care prior to seeking services from the local homeless continuum.

Mental Health America (MHA), a nonprofit service provider in the City of Long Beach, operates a comprehensive system of care for severely mentally ill individuals, who are homeless, recently released from jail, and at serious risk of recidivistic incarceration or institutionalization. The critical component is the role of the local system navigator, which provides the initial referral for identification and discharge planning coordination between MHA and the Los Angeles County or Long Beach City Jail. This process has allowed MHA's outreach team to go into the jails to identify potential participants and begin the "engagement process."

For example, in the Los Angeles County Jail-Twin Towers facility, where inmates with mental health problems are incarcerated, the process is initiated when the jail's mental health workers identify individuals who have mental health issues and are homeless from the City of Long Beach. MHA staff is then notified of the pending release of an eligible, previously identified inmate and work with the Inmate Reception Center to coordinate the client's release, so MHA staff can pick up the individual and connect them to emergency housing and services. The Long Beach City Jail is a similar outreach location for MHA's team and Jail personnel call the team prior to release of an individual who appears to need mental health services, so that assessment and referrals to supportive services and housing can be achieved.

Moreover, Mental Health America also serves "transitional age youth," who are mentally ill young-adults between 18 and 24, many of whom have "aged out" of the foster care system. In serving these individuals, MHA works with the foster

care and Children and Family Service systems. The needs of this population are a growing emphasis in Long Beach, with the Casey Family Programs spearheading the development of coordination systems. These services include wraparound programs where housing, case management, and educational and vocational training are available in order to prevent youth from experiencing barriers to self sufficiency related to homelessness.

The discharge planning and processes of physical/mental health care facilities, foster care/youth facilities, and jails will continue to be refined, with the full intent of improving the existing policies and procedures, training facility staff on appropriate discharge planning resources and levels of housing needed to prevent homelessness and recidivism to inpatient care.

## COMMUNITY DEVELOPMENT NEEDS

### ELIGIBLE NEEDS

PRIORITY COMMUNITY DEVELOPMENT NEEDS	Priority Need Level: High, Medium, Low, No Such Need	Goals
<b>PUBLIC FACILITY NEEDS (Projects)</b>		
Senior Centers	H	1

<sup>1</sup> Commercial or Industrial Improvements by Grantee or Non-Profit

## SPECIFIC OBJECTIVES

The City of Long Beach has identified three high-priority priorities for community development needs that will be addressed in FY 11. These priorities are listed below along with the specific/ measurable objectives that correspond to each. The specific objectives can be linked back to nationally recognized outcome statements using the codes provided.

### Retain, Expand and Attract Business by Encouraging Development Centered on Small Businesses and Job Creation (High Priority)

EO-1 The City of Long Beach will provide capital and services for the attraction, creation, and expansion of businesses, concentrating on low-moderate income areas, especially the creation of low-moderate income jobs. The City will focus services on small businesses, utilizing bilingual workers to outreach and furnish information about business development and loan programs.

**Total FY 11 CDBG Funding: \$146,804**

**SEVEN-YEAR GOAL: 16,800**

**FY11 GOAL: 2,400**

## ECONOMIC DEVELOPMENT

The City continues to make substantial investments in economic development. Investments include infrastructure improvements, support for new commercial and retail development, technical assistance for businesses, access to capital programs, commercial corridor revitalization, workforce development, and incentives for business retention, expansion, creation and attraction.

. Streetscape Improvements including medians, crosswalks curb ramps, sidewalks, security lighting, and landscaping are on going or planned in numerous neighborhoods.

Commercial corridor revitalization, a priority for the City, is ongoing in several major corridors. Components of the effort include the Business Revitalization Program which provides reimbursement of up to \$2,000 per business to commercial property owner and business owners on Fourth and Seventh Streets, Artesia Boulevard, Pacific Avenue and Pacific Coast Highway to improve the exterior of their businesses and ensure proper code standards. The Business Start-up Grant Program encourages new business ventures in low/moderate income neighborhoods by providing small grants to entrepreneurs. The City continues to deploy its aggressive workforce development program to provide training and placement of low/moderate income Long Beach residents.

The Economic Development Bureau plays a key role in the City's economic efforts. The Bureau provides an array of direct and technical assistance programs for both business retention and attraction. CDBG funds are used to assist private for-profit businesses with counseling, development, and expansion. Business loans are a key tool to create low/moderate income jobs and provide needed services to the City's low/moderate income neighborhoods.

The Business Development Center provides services to small and large businesses by supporting new start-ups and promoting growth of existing businesses to provide services and jobs to low/moderate income neighborhoods. Business Development Center services include:

- Business start-up counseling
- Site location assistance
- Enterprise Zone Hiring Credit assistance
- Marketing or business plan preparation assistance and counseling
- Business loan information
- International trade opportunities
- Assistance with business operation, financing, and problems

The City has also partnered with the Long Beach Small Business Development Center, the SBA program offered through Long Beach City College, and is supporting the Long Beach International Trade Office, which provides assistance to firms engaging in international trade through the Port of Long Beach.

## **ANTIPOVERTY STRATEGY**

The City of Long Beach will provide resources to households living in poverty through a network of social and public service agencies and programs addressing poverty and its effects. These efforts may include, but are not limited to, the following:

### **Housing and Employment**

- No interest loans to non-profits and Community Housing Organizations to acquire and/or rehabilitate rental property for low-income tenants, 3% loans to low-income homeowners to rehabilitate owner occupied residential property, and no interest loans or grants to low-income homeowners to fund rehabilitation required by lead based paint regulations.
- Financial assistance to housing developers for construction of affordable rental housing for low-income residents and HUD funds for the administration of the construction of low-income housing projects (Scherer Park and Pacific Coast Villas).
- HUD housing subsidies and assistance for low-income households, chronically homeless disabled persons, and low income persons with AIDS/HIV.
- Rental assistance to low-income households (including assistance to tenants of HOME funded rehabilitated buildings, assistance required due to long Section 8 waiting lists, assistance to qualified homebuyers pending completion of home purchase process, assistance with security or utility deposits, and assistance to HUD Section 8 recipients to become self-sufficient).
- Community Development Block Grant (CDBG) funding to City social service agencies, nonprofit organizations, and other supportive service institutions that provide homeless assistance, emergency shelter, transitional shelter, supportive housing, outreach/assessment, and job search and placement services to homeless families, and at-risk populations.
- Job training and assistance in the construction industry through HUD Section 3 funding targeting employers who will hire local low-income residents.
- Services for low-income disadvantaged youth to prepare them for entry into the workforce (includes internship programs, job placement, Summer Job Fairs, Job Shadow programs, and training opportunities).

- Targeted employment preparation services to economically disadvantaged persons including the long-term unemployed or laid-off adults (includes counseling, job search tools, computer classes, volunteer opportunities, and employment preparation workshops), and assistance to individuals preparing for work in targeted high growth industries (includes training programs, certifications, pathways to apprenticeships, and job placement).

### **Health, Human and Social Issues**

- Supplemental nutritious foods and nutrition education to low-income pregnant and post-partum women, infants, and young children up to 5-years of age who are at nutritional risk. Services will be provided at six sites throughout the city through the citywide federally funded Women, Infants, and Children (WIC) Program.
- Assistance and education regarding nutrition, physical activity, and participation in USDA food assistance programs for food stamp eligible families through the California Nutrition Network for Healthy Active Families Program.
- Pediatric immunizations and adult and pediatric flu vaccine doses at low or no cost through the City's Immunization Program.
- Comprehensive family planning services for low-income men and women (including counseling, education, contraceptive supplies, laboratory testing, and follow up) through the City's Family Planning Clinic. The clinic is part of the State of California's Family Planning, Access, Care and Treatment Program (F-PACT).
- HIV/AIDS services (including testing, medical management, health education, risk reduction, consultation, psychosocial assessment, and case management) regardless of ability to pay and HIV medications free of charge or at a reduced rate depending on applicant eligibility through the AIDS Drug Assistance Program (ADAP).
- Risk reduction services, referral services, and health assessments/screenings (including blood sugar, blood pressure checks, physical exams including pelvic and prostate exams, and screenings by a podiatrist, an audiologist, and an ophthalmologist) for seniors through the Senior Health Clinic.
- Case management services and application assistance to help low-income families utilize and maintain free or low-cost health insurance coverage through an affiliated citywide outreach campaign offered through a community collaborative.

- Short-term case management services to stabilize Long Beach seniors in their homes through linkages to community resources (many free or low-cost) including delivered meals, in-home assistance, medical management, and social services.
- “Brown Bag” food distribution, homeowner and renter assistance, utility tax exemption and refunds, and FAME Taxi Vouchers/ Bus Tokens for low-income seniors and the disabled through the Department of Parks, Recreation, and Marine.
- A work experience program for seniors consisting of part-time work and on-the-job training available through a partnership between the City of Long Beach and Los Angeles County.

## SPECIAL NEEDS POPULATIONS

### SPECIFIC OBJECTIVES

The City of Long Beach has identified one high priority for special needs populations that will be addressed in FY11. This priority is listed below along with a corresponding specific, measurable objective. The specific objective can be linked back to its nationally recognized outcome statement using the code provided.

#### Provide Housing and Supportive Services for Special Needs Populations (High Priority)

SL-1      The City of Long Beach will continue to support and make available funding priority for service-enriched housing and to organizations who serve special needs populations (childcare, after school programs, health programs, etc.) for the purpose of creating a suitable living environment.

**Total FY11 Funding: \$470,000**

Funding Source	Activities Under This Specific Objective	Performance Indicators
CDBG	<ul style="list-style-type: none"> <li>• <b>Social Service Grant Program:</b> Provides funding grants to nonprofit organizations that serve a group primarily presumed to be low/mod and/or 51 % low/mod as evidenced by documentation and data concerning beneficiary family size &amp; income.</li> </ul>	<ul style="list-style-type: none"> <li>• Number of agencies who serve special needs populations</li> </ul>

**SEVEN-YEAR GOAL: 70**

**FY11 GOAL: 10**

### HOUSING FOR PEOPLE WITH AIDS

This section does not apply to the City of Long Beach. The City does not receive HOPWA funding.

Los ciudadanos que deseen presentar sus comentarios por escrito, lo deben hacer para el 19 de Abril, 2010. Los comentarios por escrito deben de ser enviados a: Alem Hagos, Community Development Department, Neighborhood Services Bureau, 444 West Ocean Boulevard, Suite 1700, Long Beach California 90802.

### **April 21, 2010 Public Hearing Comments**

At the April 21, 2010 Public Hearing, three speakers addressed one or more overarching issues. Their comments (verbatim) and responses to their comments are included below:

**Anna Totta, Catholic Charities**

My name is Anna Totta. I am an older adult, 72. I am also the Regional Director for Catholic Charities and my main office is here in Long Beach. I am going to introduce in a minute, Laura Thompson, who was a resident at one of our emergency shelters who wants to tell you how it benefited her and her family. So maybe between the two of us we can get six minutes to speak, all right.

First of all, I want to thank you for every year supporting the Emergency Shelter Program. And secondly for your initiation and continued support for Project Achieved because at the time, three or four years ago, there was only Catholic Charities, Emergency Shelter for families and the Rescue Mission and all of a

sudden, Project Achieved was born into being through the IURD, then they had to close it off (their program) and it was transferred to Catholic Charities. But Project Achieved serves men and women without children and the Elizabeth Ann Seton Shelter serves families with children, the disabled, and the elderly. Between the two, we serve about eight hundred persons every year. And with the families we get about an 85 percent success rate of moving them into housing and at Project Achieve, with the singles, which is a tougher population, you might imagine chronically homeless and so forth, about 60 percent are placed into permanent housing. So at this point in time, we like to give a real face to the people that are helped through the City and to thank you. I would like to introduce Laura Thompson who was one of our clients. So Laura.

**Laura Thompson, Catholic Charities**

Hi, I am Laura Thompson and I just really feel honored to be able to express my appreciation to all of you for your contribution or donations or whatever. I'm just really thankful for Catholic Charities Emergency Shelter. They have changed my life, my children, and myself tremendously. I just don't know what I would have done without them. They have changed my life. They really helped. And thank you.

**Anna Totta, Catholic Charities**

Good. Thank you. Laura participated in two programs and one is an experimental program out of the Continuum of Care and I wanted to describe it. The Emergency Shelter is for 45 days and by then they have to either be in transitional or permanent housing. Well Susan Price got permission from HUD to do an experimental Continuum of Care program called S-Transition in Place. So that the Continuum of Care Program puts our families into permanent housing rather than into a transitional house, then we help subsidize their rent for about 6-8 months and then see if they can fly on their own with permanent housing. And I think she's a great candidate for that and she was able to be reunified with her children. She couldn't have had that happened if there wasn't an Emergency Shelter to reunify her with her children. So just those stories, that happened are very, very important, and she's just one of many people who have been helped through the City of Long Beach.

Okay. So the other thing I want to talk about though, are the Homeless Prevention funds, you've heard of the HPRP funds. And Homeless Prevention means that if people are being evicted and on the verge of being homeless, then we give them assistance and then Rapid Re-Housing is for those who have fallen into homelessness and are giving assistance to go back into permanent housing. So Beyond Shelter does the Rapid Re-Housing portion. Catholic Charities does Homeless Prevention Program. So far, 200 families have been assisted in preventing them from homelessness because of the funds that they were given through the City and then provided. So that's been a very successful program. There has been somewhat of a down turn. I think in the Multi Service Center we're hoping there will be an effect of less homelessness; however, the economy as you well know is a little mixed up, whether that will work or not we really don't know at this point.

The other thing I want to talk about though is that people pay attention to homeless people, you know what I mean. They are very visible and it is very hard to see that and people have a lot of heart for that. And Catholic Charities, as I said, assist about 800 people a year in getting them off the streets and into housing. But people don't pay enough attention, I don't think, to the populations that are just on the verge. Do you know what I mean? And Gary Shelton, I invited Gary Shelton the other day, about 3-4 months ago, well maybe 4 months ago, to come to my office, cause I wanted to talk about homeless prevention. I really want the neighborhoods to know that's available because that's a large pot of money to help people from falling into homelessness. But what happened to Gary is that he saw a line so he just got in line at Catholic Charities. And Gary, how long was that line when you showed up? Ok, about ½ hour. Well that line now stretches all the way down the block, Gary. I just want you to know that people are hungry, people need utilities, people need transportation, we're helping people apply for food-stamps, we're helping people with all sorts of things that are going on. That line has gotten very, very long. It's scary to me.

So I just want to say, when you're looking at CDBG money, you may want to be putting it into housing and renovation and Social Service grants that renovate. And I was a benefit of one of them, believe me at Catholic Charities, which we renovated a very old building because of your funding. I was very grateful. But right now, given the world the way it is today, I really do think that you should look at more support or Social Service agencies. You talked about children on the street. You know, any time poverty increases, then children are more at risk. At Basic Assistance Center, let's remember there are only Lutheran Social Services, Saint Frances Center, and myself out there and Catholic Charities sees one out of four persons who are poor every year. And so as you look at portioning the money, not just to me but other social services agencies, will you look at that we are all kind of wobbly right now and could really use your support and help and maybe not so much into building some fixtures right now. Thank you.

**Sharon Wie, Interval House**

Good evening. I am Sharon Wie, the Director of Programs at Interval House, which is a domestic violence program. We have shelters and outreach centers here in Long Beach. I was actually here last night in this Council Chamber as Interval House and many of our community partners were recognized by the Council for the life-saving work that we do on violence against women's issues. And today we were at Poly High School, tomorrow we will be at Wilson, and we are working on educating young people that violence is not the answer and violence against women is not okay. And I am here just to remind you about the critical importance of our community working together to break the cycle of violence. And with the economy the way it is right now, and family struggling with finances, and the increase stress in the home, domestic calls have increase significantly with the police department, with battered women hotlines. And you have always been so supportive of the work we have been doing. I really want to thank you for all the hard work that you do and supporting programs like ours and to the City and to our Long Beach community. We are so proud to be part of the Long Beach community. We work and we do advising on issues all over California to deal with domestic violence and violence against women and we don't know other communities that have as wonderfully supportive and we thank you for all the hard work that you have done.

It is a problem across this county, three women are murdered every single day because of domestic violence and in our City of Long Beach, 40 percent of the homeless population are battered women and children that are fleeing from domestic violence. So the numbers are staggering are frightening, but there are wonderful groups such as Interval House that are working very much closely together to try to educate our young people so that they are not in dating violence, domestic violence situations as well as providing emergency crisis shelter as well as support services to victims of domestic violence and youth. And many special populations like the LGBTQ and elder abuse issues and men who are victims as well. So we thank you for all your wonderful work and it has been a pleasure to be here. Thank you.

## **Notice of Second Public Hearing and Document Availability**

**NOTICE OF PUBLIC HEARING:** On Wednesday, **June 16, 2010, at 6:00 pm**, the City of Long Beach Community Development Advisory Commission (CDAC) will conduct a Public Hearing in the **City Council Chambers in City Hall at 333 West Ocean Boulevard, Long Beach.**

The purpose of the Public Hearing is to allow for the public input on the draft two-year extension of the FY 2005 - 2010 Consolidated Plan and the draft 2010 – 2011 Action Plan that addresses the current **Consolidated Plan** priorities. The Consolidated Plan describes and prioritizes the housing and community development needs, as well as activities to address those needs as defined and funded by U.S. Department of Housing and Urban Development (HUD). As required by HUD, the Consolidated Plan brings together, in one consolidated submission, the planning and application aspects of the Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), HOME Investment Partnership Program (HOME) and American Dream Down Payment Initiative (ADDI) funds to address those priorities.

Draft copies of the Action Plan and the Consolidated Plan are located at the Main Library, 101 Pacific Avenue, the Neighborhood Resource Center, 425 Atlantic Avenue or can be downloaded from the Neighborhood Services WebPages

[www.longbeach.gov/cd/neighborhood\\_services/reports/default.asp](http://www.longbeach.gov/cd/neighborhood_services/reports/default.asp)

The City of Long Beach intends to provide reasonable accommodation in accordance with the Americans with Disability Act of 1990. If special accommodations are required, please call Alem S. Hagos at (562) 570-7403, at least 48 hours prior to the June 16, 2010 Public Hearing. Citizens wishing to provide written comments must do so by June 15, 2010. Written comments must be addressed to the Community Development Advisory Commission, 444 West Ocean Boulevard, Suite 1700, Long Beach, California 90802.

**AVISO DE AUDIENCIA PÚBLICA  
Y NOTICIA DE DISPONIBILIDAD DE DOCUMENTO**

**AVISO DE AUDIENCIA PÚBLICA:** El día Miércoles, Junio 16, 2010, a las 6:00 PM, la Comisión Consultiva de Desarrollo Comunitario de la Ciudad de Long Beach (CDAC) conducirá una Audiencia Pública en las Cámaras Municipales del Ayuntamiento en 333 West Ocean Boulevard, Long Beach.

El objetivo de la Audiencia Pública será para recibir el comentario del público sobre el borrador del Plan de Acción 2010.- 2011 (Plan de Acción) y el borrador de la extensión de dos años del presente Plan Consolidación 2005 - 2010 (Plan de Consolidación). El Plan de Consolidación describe y da prioridad a la vivienda y a las necesidades de desarrollo de la comunidad, como también a las actividades para resolver esas necesidades como se definen y pagadas por el Departamento de los EE.UU. de Dirección de Vivienda y Desarrollo Urbano con siglas en inglés HUD. Como un requisito de HUD, el Plan de Consolidación reúne en una presentación consolidada, la planificación y aspectos de solicitud para obtener los fondos para resolver esas prioridades de La Concesión para Refugio de Emergencia con siglas en inglés (ESG), HOME el Programa de Sociedad de Inversión (con siglas en inglés HOME), y la Iniciativa para la Entrada Inicial para El Sueño Americano con siglas en inglés (ADD).

El borrador del Plan de Acción 2010 - 2011 (Plan de Acción) y de la extensión de dos años del presente Plan Consolidación 2005 - 2010 (Plan de Consolidación) están disponibles en la Main Library, 101 Pacific Avenue, o en El Centro de Recursos de Vecindarios, 425 Atlantic Avenue, o se puede obtener de la página web de Servicios de Vecindarios:

The City's Code Enforcement team effectively enforces municipal and state code ordinances with the purpose of protecting the life, health, and safety of our residents.</p> <p>Through the use of Pro-Active Code Enforcement (PACE), the City proactively removes blight and other life, health, and safety code violations in Neighborhood Improvement Strategy (NIS) areas and business corridors. Property owners are notified in writing with photos of the life, health, or safety code violation(s). In addition, property owners are provided information about the Home Improvement Rebate Program as a solution to assist them to resolve their property maintenance problem(s). re-inspection of the property is conducted in 30 days. if the problem has not been resolved, a normal code enforcement case is opened. This effort has resulted in an incredible 70% compliance rate within 30 days, ultimately resulting in a removal of blight and an improvement of the quality of neighborhood housing stock.</p>	<p><b>15 Code Enforcement</b></p> <p>570.202 (c)</p> <p>10,000 Housing Units</p>	<p>CDBG</p> <p>ESG</p> <p>HOME</p> <p>HOPWA</p> <p><b>TOTAL</b></p>	<p>\$699,993.11</p> <p>\$0</p> <p>\$0</p> <p>\$0</p> <p><b>\$764,000</b></p>

 Prescribed by OMB Circular A-102

**NON-STATE GOVERNMENT CERTIFICATIONS**

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

**Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

**Drug Free Workplace** -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
  - a. The dangers of drug abuse in the workplace;
  - b. The grantee's policy of maintaining a drug-free workplace;
  - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
  - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will –
  - a. Abide by the terms of the statement; and
  - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted –
  - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  - b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

**Anti-Lobbying** -- To the best of the jurisdiction's knowledge and belief:

8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

## SPECIFIC CDBG CERTIFICATIONS

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan** -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);  
2010-2011
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2010 - 2011 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

City of Long Beach

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

**Compliance with Laws** -- It will comply with applicable laws.

**OPTIONAL CERTIFICATION  
CDBG**

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities, which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

**SPECIFIC HOME CERTIFICATION**

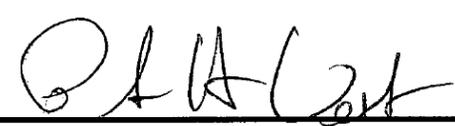

The HOME participating jurisdiction certifies that:

**Tenant Based Rental Assistance** -- If the participating jurisdiction intends to provide tenant-based rental assistance:

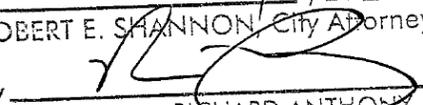

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

**Eligible Activities and Costs** -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

**Appropriate Financial Assistance** -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

### ESG Certifications

I, Patrick H. West, Chief Executive Officer of the City of Long Beach, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

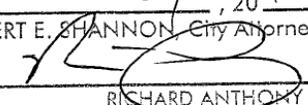

1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
2. The building standards requirement of 24 *CFR* 576.55.
3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.

10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related authorities as specified in 24 *CFR* Part 58.
  
11. The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
  
12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
  
13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

**APPENDIX TO CERTIFICATIONS**

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

**Lobbying Certification**

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**Drug-Free Workplace Certification**

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

Place Name	Street	City	County	State	Zip
Neighborhood Services Bureau	444 W. Ocean Blvd, Ste 1700	Long Beach	Los Angeles	CA	90802
City of Long Beach	333 W. Ocean Blvd, 3 <sup>rd</sup> Floor	Long Beach	Los Angeles	CA	90802
Code Enforcement	100 W. Broadway, Ste 400	Long Beach	Los Angeles	CA	90802
Housing Rehabilitation	444 W. Ocean Blvd, Ste 1700	Long Beach	Los Angeles	CA	90802
Health and Human Services	2525 Grand Avenue	Long Beach	Los Angeles	CA	90815
Economic Development	110 Pine Avenue, #1100	Long Beach	Los Angeles	CA	90802
Neighborhood Resource Center	425 Atlantic Avenue	Long Beach	Los Angeles	CA	90802
Parks, Recreation, and Marine	2760 Studebaker Road	Long Beach	Los Angeles	CA	90815

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:
  - a. All "direct charge" employees;
  - b. all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and
  - c. temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on

City of Long Beach

the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must be completed, in use, and on file for verification. These documents include:

1. Analysis of Impediments to Fair Housing
2. Citizen Participation Plan
3. Anti-displacement and Relocation Plan
