### Executive Summary:

#### Program Summary

The grant agreement was fully executed and sent to HUD on April, 2, 2010. The grant was unlocked by HUD in April 21, 2010.

The City has been conducting an extensive public outreach to the community, Realtors and Lenders about the NSP2 Second Mortgage Assistance program.

The City's Consortium Agreement with Habitat Greater Los Angeles was executed on April 2, 2010.

#### 1. Overview

The Neighborhood Stabilization Program – 2 (NSP2) is one of the initiatives of the American Recovery and Reinvestment Act of 2009 (ARRA). The program was modeled after the Neighborhood Stabilization Program – 1 (NSP1) created under the Housing and Economic Recovery Act of 2008 (HERA). Under NSP - 1, the City of Long Beach was allocated \$5.07 million funds from U.S. Department of Housing and Urban Development (HUD) in order to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes, stabilize neighborhoods, and stem the decline of house values of neighboring homes. The City

Council approved the plan for the use of NSP1 funds at their November 18, 2008 City Council meeting. Soon afterward, the Department of Community Development began implementing the program.

Properties in foreclosure continue to be a problem across the country, prompting the U.S. Congress to add the Neighborhood Stabilization Program – 2 (NSP2) to the American Recovery and Reinvestment Act of 2009. NSP2 is a competitive grant program rather than an entitlement program. NSP2 regulations are virtually identical to NSP1 with few exceptions.

## **2. Application Process**

The City of Long Beach Department of Community Development, as the lead, and its partner, Habitat for Humanity Greater Los Angeles (Habitat), a non-profit full service developer, herein collaborate with and implement the NSP2 Program.

The central foundation of this joint effort has overarching goals: creating affordability and increasing homeownership in highly affected targeted neighborhoods, mitigate negative effects of foreclosure like blight and decline of housing values, and revitalize and reconnect targeted neighborhoods to higher level and sustainable economy and housing market.

## **3. Proposed Use of NSP2 Funds**

The City and Habitat will use NSP2 funds in the areas of greatest need, including those with the greatest percentage of home foreclosures, with the highest percentage of homes financed by sub-prime mortgage loans, and those areas identified by the City, through its thorough and comprehensive housing and economic data analysis, as areas likely to face a significant rise in the rate of home foreclosure.

The City NSP2 proposal is focused on returning foreclosed properties back into the hands of qualified owners who will restore these properties and in so doing increase the livability of area neighborhoods. While implementing NSP1, the City has observed that there is a very active speculative industry in which investors are seeking to acquire and hold REO properties until the market improves. In areas of high-foreclosure concentrations, excessive speculative purchases will greatly prolong the cycle of disinvestment for years to

### **Executive Summary:**

ome as these investors hold properties, make minimum or no investment, and cause further neighborhood decline. This is a looming problem that must be addressed innovatively with the proposed NSP2 programs. It is the City's goal to intervene and prevent neighborhood destabilization by aggressively competing in the REO market. We will seek to divert a significant share of resold REOs to first time homeowners, who will serve to stabilize their communities. The City will be implementing this strategy in several ways, including direct acquisition and disposition of REOs by Habitat and through direct affordable financial assistance to prospective homebuyers to acquire and/or rehabilitate the properties. Through this strategy, the City will help stabilize high-foreclosure areas, arrest the decline housing values, and reconnecting targeted neighborhoods with the economy, housing market, and social networks of the community and metropolitan area as whole.

### **Target Geography:**

### **Target Geography:**

We have studied and selected 28 of the most distressed census tracts within the City based on

NSP 2 scores (average of 18 overall), foreclosure activity, lending trends, default risks, housing and other neighborhood socio-economic conditions. These census tracts are located within four major areas referred to as West Long Beach, Central Long Beach, East Long Beach, and North Long Beach neighborhoods. Although the conditions vary, all areas exhibit common elements of distress and an urgent need to address the foreclosure crisis. In addition, the City has long monitored the citywide housing conditions and affordability under NSP 1, other existing housing programs, community redevelopment activities, and via the Vacant Building Ordinance. We are therefore confident that the requested NSP 2 funds combined with our existing affordable housing resources will best serve to stabilize the target tracts selected for this program.

## **Program Approach:**

### **4. Program Design**

The City and Habitat will establish NSP2 funded programs that fully comply with the eligibility requirement.

The proposed NSP2 funded programs will be fully implemented by the Community Development Department and Habitat according to HERA, Community Development Block Grant (CDBG) and all other applicable federal rules and regulations. In addition, proposed activities will target eligible City residents that are: 1) in the income bracket of 51 to 120 percent area median income and 2) 25 percent of the funds will also fully be "deep targeted " to eligible residents at or below 50 percent of the area median income.

NSP2 funds will be used by the City and Habitat to undertake the following two primary activities and administration:

- Establish financing mechanisms to purchase and redevelop foreclosed upon homes and residential properties, including such mechanism as soft-second, loan loss reserve, and shared-equity loans for low- and moderate-income homebuyers.
  - The City will provide silent second mortgage assistance loans to low- and moderate-income first-time homebuyers who purchase a qualified single-family or condominium home in an eligible area.
- Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties.
  - Habitat will rehabilitate foreclosed and REO properties into affordable homes for purchases by low and very-low income families.

## Overall Progress Narrative:

During the reporting period between January 1, 2012 and March 31, 2012, the City of Long Beach (City) and Habitat for Humanity of Greater Los Angeles (Habitat) made continued progress toward their NSP2 program goals. Habitat met with the City and after assessing where they were financially, continued to work to buy, rehabilitate, and resell properties. In the quarter, Habitat closed escrow on one property, bringing the total to 21 acquired properties. Nine of the 21 acquired properties are fully rehabilitated and four have been sold to income-qualified homebuyers. The remaining 12 properties are all currently at various stages of the rehabilitation process. Habitat continues to search for an additional four properties to purchase to meet their goal and anticipates continued acquisition and rehab activities in future quarters, as well as to finalize resale to low-income (LH 25%) homebuyers.

During this reporting period, the City of Long Beach received an overwhelming response to the NSP2 Second Mortgage Assistance Program after the overwhelming response to the relaunch in November, accepting 44 new SMAP Phase I applications for consideration. As of March 31, 2012, the City processed applications and made loan reservations for a total of 69 properties, including second mortgage, closing cost, and rehabilitation assistance for first-time homebuyers. Currently, 66 of these 69 properties have closed escrow with the remaining 3 expected to close in the next 2-3 months, which is approximately 76% of the City's goal of assisting 86 homebuyers through the Second Mortgage Assistance Program. To support these NSP2 activities, the City has committed to leveraging \$1.5 million in Redevelopment Set-Aside funds to support green-lite rehabilitation, allocating nearly \$975,000 of these funds for NSP2 activities to date. The City expects to identify and assist the remaining homebuyers it needs to meet its goal of 86 properties with within the coming months.

At sites where the homebuyers' acquisitions have been finalized, rehabilitation efforts continue toward improving the homes. As of the end of the reporting period, the City finalized the rehabilitation of 32 properties (8 funded by NSP2 and 24 by Set-Aside/Leveraged funds) and continued efforts of an additional 31 active rehabilitations. Of the total 37 rehabilitations currently underway, six are being funded with NSP2 funds and the remaining 31 will be funded by leveraged match funds. When new homebuyers begin to finalize their acquisitions, the City anticipates that the rehabilitation/construction process will continue steadily in the next reporting period. In future quarters, we also expect to see an increase in finalizing escrows after the extensive intake of applications over the past few months.

Both the City and Habitat fully expect to continue making progress toward program goals at this steady pace and fully anticipate the ability to reach the three-year (100%) expenditure deadline, having already met the 50% two-year deadline. At this time, 70% of the grant funds have been drawn-down for eligible NSP2 program costs and 71% has been expended. NSP2 funds have supported the creation or retention of 13.59 FTE jobs - 11.03 in program implementation/grant administration, 1.8 in real estate and 0.76 in the rehabilitation/construction industry.

**Activity Description:**

This activity will be used to disperse funds to individual Habitat for Humanity of Greater Los Angeles activities. As Habitat acquires and rehabilitates projects, new property-specific activities will be created and cause funds in this activity to be reduced.

City staff was unable to establish the Program Income Account for Habitat for Humanity's NSP2 Activities, due to a technical issue with DRGR. The help desk revealed that this is a known issue and should be corrected in a few weeks. Once able, the PI Account for Habitat for Humanity will be recorded in DRGR to reflect an anticipated \$2 million in program income expected to result from first trust deeds on properties resold following rehab.

### Activity Description:

Administration activities limited to 10% of total award.

The Housing Services Bureau (HSB) will oversee the administration of the financing mechanism for the purchase and redevelopment of foreclosed properties. They will administer the establishment of waiting lists for eligible households to purchase foreclosed homes, provide program marketing and informational meetings for the public, conduct lender and realtor trainings, confirm the income eligibility of qualified applicants, establish partnerships with mortgage lending institutions to provide first trust deed mortgage loans to qualified applicants, establish partnerships with local realtors that specialize in foreclosed properties (especially those that concentrate in HUD, Fannie Mae, and Freddie Mac foreclosed properties), and coordinate the inspections of foreclosed homes being sold to income eligible households. Key personnel in this Bureau are Ellie Tolentino, Housing Services Bureau Manager who is responsible for oversight of all Bureau activities; Dale Hutchinson, Housing Operations Officer who is responsible for oversight of the financing mechanism activities, including NSP2 training for applicants, realtors, and lenders; and Jeryck Acuna, who is responsible for buyer eligibility verification and case management.

The Neighborhood Services Bureau (NSB) will oversee Habitat for Humanity of Greater Los Angeles, the developer responsible for the acquisition, rehabilitation, and resale of foreclosed and abandoned properties to income-eligible households. NSB and HSB staff will work together to administer the inspection and rehabilitation of homes purchased by low-, moderate- and middle-income households, and provide project management services for homes that require rehabilitation. Additionally, NSB staff will oversee and administer the NSP2 budget and expenditures, including the Disaster Recovery Grant Reporting System, project and activity set-up, drawdowns, and quarterly reporting. NSB staff will also partner with the City's Department of Financial Management to provide internal audit functions to assist with the examination of program operations and management and provide feedback to program managers. Key personnel in this Bureau are: Angela Reynolds, Deputy Director of Development Services; Robin Grainger, Rehabilitation Services Officer; Lei Ronca, Code Enforcement Officer; and Alem Hagos, CPD Grants Manager.

Amy Bodek, Director of Development Services, oversees the activities of the Bureaus.

### Location Description:

333 W. Ocean Blvd (City Hall), 444 W. Ocean Blvd (Neighborhood Services Bureau), and 110 Pine Ave. (Housing Services Bureau).

### Activity Progress Narrative:

Administration funds continue to be used to support the implementation and reporting of NSP2 activities.
