Remembering Jack Smith

Jack Smith was a Neighborhood Leadership Program graduate of the Class of 2006. Jack is the only Neighborhood Leadership Program graduate to win an Oscar. He won an Academy Award in 1995 for Technical Achievement for pioneering computerized motion picture budgeting and scheduling. Jack was one of the organizers of the community group Better Balance Long Beach (BBLB) and was instrumental in re-energizing 14th Street Park and making it safer for children and families. Jack and Better Balance for Long Beach held weekly gatherings at the park to provide a safe, family friendly environment for children to play and to discourage the criminal activity.

The group won a Neighborhood Partners Program matching grant and built a KaBoom! playground in the park in 2006. Each year, Jack served as a tour guide for the Neighborhood Leadership Program's Day of Discovery tour of Long Beach to share how neighbors took back their park and to encourage neighborhood leaders across the city to create safe places for children to play.

Jack helped create Better Balance for Long Beach's annual event Annual One Day Christmas Store, Shopping with Dignity. The event provides a free "shopping experience" for families that cannot afford Christmas presents. Hundreds of families each year are treated to shop for family members. At the store, parents shop for their kids and kids shop for their parents in a separate store. The event received national recognition in 2011 winning Neighborhoods, USA's Neighborhood of the Year Award Grand Prize at their annual conference held in Anchorage, Alaska.

Jack's best friend, Scott Olson has started a GoFundMe campaign to fund Jack's memorial. This campaign will pay for a Memorial to Jack (which is anticipated to be held in Long Beach on Saturday, January 14, 2017.) After paying for the memorial, the balance will be given to BBLB to help fund the Christmas Store 2017, which will be held in Jack's honor. Remembering Thomas Hummel

Thomas Hummel was a Neighborhood Leadership Program graduate of the Class of 2014. At the age of 20, Tom moved to San Francisco living in the Haight-Ashbury district. Over the next 20 years he spent his time living in either in Cincinnati, Ohio or Southern California, eventually relocating permanently to Long Beach, California. It is in Long Beach that he was introduced to Buddhism and joined the Soka Gakkai International USA, Buddhism community where he consistently practiced Buddhism until the end of his life. Thomas worked as bartender, car salesman, security personnel, Red Cross instructor (CPR/First-Aid) and EMT. Because of his practice of Buddhism, his humanitarianism shone through his life. He was a Red Cross volunteer traveling to many disaster stricken areas to help including New Orleans (Hurricane Katrina), Miami Hurricane (Frances), Pennsylvania (Floods), New York & New Jersey (Hurricane Sandy) and many others. In 2014, he graduated from the Long Beach Neighborhood Leadership Program, which provided more opportunities to volunteer in his local community. He completed the Long Beach Fire Department program to get his Community Emergency Response Team (CERT) Certification. He also completed

many online courses through Federal Emergency Management Agency (FEMA). The staff of the Housing and Neighborhood Services Bureau, made up of several of Tom's fellow NLP graduates, extend Tom's friends and family our deepest condolences. Please contact **Sandra Johnson** (Class of 2008) at 562-326-3366 with any questions regarding his service.
