

Draft

MOBILITY ELEMENT

The City of Long Beach is pleased to release the Draft Mobility Element. The Mobility Element is the component of the City's General Plan that provides a 20 year vision and plan for how people, goods and resources should move throughout the City.

Please join us for a presentation on the Draft Mobility Element. Following the presentation, participants will be able to interact with City staff and provide input at each of the travel mode stations.

We want to hear from you. Please join us.

May 22, 2013
Wednesday 6:00-8:00PM

**Miller Family Health
Education Center**
3820 Cherry Avenue

For More Information Contact:

Ira Brown
Long Beach Development Services
