The intent of the Planned Development Plan is to provide a set of land use regulations for the Long Beach Marina. This is a unique area and facility. Such factors make the established Zoning Regulations inappropriate in this location. The area is also of sufficient interest to the surrounding community, including all the abutting areas in the SEADIP Planned Development Plan to warrant public review of each development proposal. A map of the Long Beach Marina Planned Development district is attached hereto as Exhibit “A” and incorporated herein by this reference.

In reviewing and approving site plans and tract maps for the development of the area, the City Planning Commission shall be guided by the goals and policies of the General Plan and the General Development and Use Standards specified herein. The Commission shall not permit variance from those standards unless it finds that such variance meets the intent of the original standards and is consistent with the overall goals and objectives of the adopted Local Coastal Plan.

Any variance from those standards shall only be allowed if the following finding of fact is made: The variation will have no adverse affect on access along the shoreline including physical, visual or psychological characteristics of access.

**GENERAL DEVELOPMENT AND USE STANDARDS**

A. **Uses.** To be described in development and use standards for individual subareas.

B. **Access.**
   1. Vehicular access to all parking facilities shall be from Marina Drive.
   2. Pedestrian access shall be maintained along the water’s edge of the marina and at marina channels at all locations where it exists at the time of adoption of this plan.

C. **Building Design.**
   1. **Style.** All new buildings shall be appropriately designed so as to be consistent with a coastal oriented design motif.
   2. **Height.** No building shall exceed thirty-five feet (35’) in height.
3. Restrooms. The remodeling and/or additions to the restroom facilities shall be subject to design review. Separate restroom facilities for the public shall be added at each location.

D. Parking.

1. Commercial:

2. New use of existing commercial buildings. All new uses shall be required to provide the same parking as new construction; however, each new use shall be credited with the parking that is required of the existing uses.

3. Marina parking. Not less than 0.75 parking spaces per boat slip shall be maintained for non-commercial use boat slips and not less than one (1) space for each three (3) seats of passenger capacity for commercial boat uses operating as excursions, fishing trips, cruises, and harbor or bay tours.

4. Joint use. Joint use of parking spaces is to be encouraged.

5. Unless otherwise specified, all development shall comply with the off-street parking and loading provisions of Chapter 21.41 of the Zoning Regulations.

The parking of recreational vehicles and unattached trailers shall be consistent with Marine Bureau policy.

E. Landscaping. Prior to approval of any new construction, landscaping plans for the new construction designed to harmonize with the existing landscaping shall be provided for review and approval.
Existing berms, seating cutouts, and trees shall be maintained. A landscape theme shall be developed for Marina Drive that includes new palm trees, shrubs, vines, and accent lighting. The existing fence along Marina Drive will be removed and/or replaced with a better fence product. Prior to any major landscape improvements, a landscape Master Plan shall be submitted for review and approval.
