WELCOME TO THE LONG BEACH MARINAS

We are pleased with your interest in our facilities and look forward to serving you. The Long Beach Marine Bureau truly has one of the great locations in California, if not the United States. Boats are protected by a series of offshore breakwaters and by a natural south-facing bay. Our boating public appreciates rapid access to open water, prevailing winds and close proximity to Catalina Island. Sailing conditions in Long Beach are practically perfect year round. That is why Long Beach has been and continues to be home of the Congressional Cup, Transpac and Olympic trial races.

Our marina is set up as a system of three marinas; Alamitos Bay, Long Beach Shoreline, and Rainbow Harbor Marina. Each location is operated by the City of Long Beach and each has its own charm and attributes.

Alamitos Bay is an inlet off the ocean, centered in a primarily residential area with restaurants and shopping nearby.

The Shoreline Marina is in the heart of Downtown Long Beach with a breathtaking view of the Queen Mary and the Downtown Long Beach skyline. There are nearby restaurants, shops, and beautiful beaches within walking distance.

The Rainbow Harbor/Marina is located next to the Long Beach Aquarium of the Pacific and includes a commercial harbor and a small marina with a mix of commercial and recreational vessels.

We hope your experience in the Long Beach Marina will be a pleasant one. We are here to serve your boating needs. If you have any questions regarding this application, or for additional information, please contact the Marina Agent at one of the marina offices.
