Promenade Square Tot Lot Opens

An Opening Ceremony for the Promenade Square Park Tot Lot at The Promenade North and East First Street, was held on Saturday, December 17.

“Access to safe, fun places to recreate is a need in every neighborhood and this new tot lot will serve the many families living in Downtown that previously had to travel a half-mile away to play,” said Mayor Robert Garcia.

The Tot Lot includes a slide, several climbing structures and climbing rocks, a park bench, and playground safety surfacing. The design compliments the design elements of Promenade Square Park and The Promenade.

”The total project cost was \$192,000, and was supported with \$75,000 in one-time infrastructure funds from the Office of former Vice Mayor Suja Lowenthal; \$20,000 from Los Angeles County Supervisor Don Knabe; \$10,000 from the Downtown Long Beach Associates; \$7,300 raised by the Promenade Area Residents Association; and \$5,000 from the Molina Family Trust.

El Dorado Nature Center Named a Top Place to Visit in Southern California

El Dorado Nature Center ranked third in the “13 Places You Should Go In Southern California In 2017,” compiled by OnlyInYourState.com, a web site that “helps readers discover things to do in each of the 50 states.”

In making the designation, Only In Your State said, “2016 has been an eventful year in Southern California. Over the past twelve months we’ve featured fun adventures including scrumptious foodie finds, breathtaking hiking trails, and historic landmarks that all Southern Californians should see.” They recommended adding El Dorado Nature to your “2017 bucket list” and said, “For nature lovers looking for short and sweet walking trails, El Dorado Nature Center is the perfect destination. The trail lengths range from one to three miles at this outdoor oasis in Southern California.”

Kudos to El Dorado Nature Center for offering residents and visitors a serene place to get away and enjoy nature for almost 48 years.

COMMUNITY RECREATION SERVICES

L.A. Kings Street Hockey Clinic Enhances Youth Sports Skills

On December 29, the Los Angeles Kings Hockey team conducted a free “Street Hockey” clinic for dozens of excited youth from the Department’s Winter Fun Days program. The Kings set up at the Wardlow Park sports court with sticks and pucks, and demonstrated techniques and procedures that introduced kids to the fundamentals of the sport and honed the skills of experienced players.

The Kings previously supported the Department at All City Beach Day in August by attending and leading games and distributing giveaways.

By the Numbers: Community Recreation Services November 2016

Permits to Gather	78
Reserved Picnic Sites	7
Number of Contract Classes	121
Facility Use Permits Issued	68
Field Use Permits Issued	68
Adult Sports League Participants	5,880
Visits to City / City Operated LBUSD Pools	12,675
El Dorado Regional Park Paid Entries	6,133
El Dorado Regional Park Annual Passes	462
Youth and Teen Participants	38,792
Senior Citizen Participants.....	35,102

El Dorado Regional Park Annual Passes

Buy an Annual Parking Pass now for El Dorado Regional Park and El Dorado Nature Center and get unlimited vehicle entry to both areas for twelve months. The visor hanger design allows the pass to be used on more than one car within the purchaser’s immediate family.

Purchase passes at the Parks, Recreation and Marine Administration office at 2760 Studebaker Road or at El Dorado Nature Center Gift Shop, 7550 E. Spring Street. The pass costs are \$60; \$35 for Seniors(ages 50 and up) and Disabled.

COMMUNITY RECREATION SERVICES

PRM Winter Fun Days Engage Kids Over School Break

During the winter school break on weekdays from December 26-January 6, youth and teens found fun at their local park. The free drop-in activities offered included activities like charades, board games, digital games, and musical chairs. Sports fun such as basketball, soccer, obstacle courses and dodge ball kept kids active. Other fun included crafts, cooking, talent shows, New Year's celebrations and field trips.

Parks, Recreation and Marine staff are proud to provide safe and enriching environments that foster growth, and encourage fitness and positive community engagement.

ANIMAL CARE SERVICES UPDATE

Animal Care Services “Feels the Love” From Timmons Subaru

Long Beach Animal Care Services (LBACS) was chosen by Timmons Subaru as their local charity for their Share the Love event on December 10. Timmons Subaru will donate \$250 from the sale of each purchased or leased new vehicle sold between November 17, 2016 and January 3, 2017.

In addition on December 10, Subaru covered all pet adoption fees for LBACS's adoptable animals at the dealership to get as many shelter animals as possible a home for the holidays. Timmons Subaru strongly supported the event

with radio and Pandora ads that brought attention to the lifesaving programs at LBACS and helped nine successful adoptions occur that day.

The day also featured Photos with Santa for families and pets, mobile pet grooming, and a Shelter Pet Donation Drive for blankets, towels, heating pads, dog and cat food, dog treats, toys, and travel crates and carriers.

Timmons Subaru is currently calculating the donation from the sold and leased cars and will tentatively present a check to LBACS in June.

Drake Chavez Greenbelt Artificial Turf Sports Field Project

In December, work began on the 8.75-acre Drake Chavez Greenbelt Project, which includes a striped artificial turf sport field with organic infill, a grass play area, a landscaped open space area, a pedestrian trail, benches and on-site parking. Construction is scheduled to be complete and the Greenbelt is anticipated to be open in Summer 2017.

The total cost of the Drake Chavez Project is estimated at \$3,813,000, including \$2.865 million for construction and costs for design, construction management, labor compliance and project oversight. The project is supported by \$2,513,000 from Proposition 84 grant funding for

statewide park development, \$300,000 from Los Angeles County Regional Parks and Open Space District "Per Parcel Discretionary" funding, and \$1,000,000 of FY14 one-time funding that was designated for this project.

The annual maintenance cost of the Greenbelt is about \$40,000 per year, that includes daily trash removal, irrigation repair, and plant trimming. Weed abatement and artificial turf maintenance includes brushing to rejuvenate matted fibers, aeration to avoid infill compaction, and sweeping to remove litter.

The project is the first in the City to feature an artificial turf field with organic infill. The use of artificial turf on sports fields provides a safe surface not impeded by gopher holes, ruts or

other elements that cause uneven playing areas. An artificial turf field can provide more playable hours per field, and does not need to be closed as often for re-sodding or rehabilitation as grass fields with the same amount of heavy play. The use of artificial fields can reduce maintenance costs because there is no need to reseed, re-sod or aerate.

Future Long Beach parks that are planned to have artificial turf sports fields include Seaside Park and Admiral Kidd Park.

Know Your Long Beach Parks: Alamitos Heights Park

The land for Alamitos Heights Park at E. Colorado Street and Orlena Avenue was acquired by the City of Long Beach from oil producing companies in 1923. The 1.31-acre park is a landscaped open space area between

Colorado Lagoon to the west and Marina Vista Park to the south. The site was developed as a park along with homes in the area beginning in the early 1960s.

Members of the Alamitos Heights Improvement Association (AHIA) hold events at the park including their annual 5k Fun Run and Picnic, and holiday toy drives and snow days events.

MARINE BUREAU UPDATE

Marketing Campaign Building Awareness of Local Boat Slip Availability

In recent months the Long Beach Marine Bureau team has been working on a marketing campaign to help achieve 100% slip occupancy in the City's three marinas. The campaign has included traditional marketing such as advertising in trade magazines, website listings and Facebook postings. The campaign is also featured in rotation on the Long Beach Worthington Ford digital sign at the 405 freeway at Bellflower. Approximately 400,000 vehicles drive past that sign on a daily basis. As a result, we welcomed new boat owners into both Shoreline and Alamitos Bay Marinas.

Another first is the recently launched Long Beach Boat Slip Mooring public service announcement. Our marinas have never looked more beautiful. Marine Advisory Commissioner Jerry Avila graciously agreed to participate in the filming of the video with his family. Looks like they had a fun afternoon. Here's the link, take a look, <https://www.youtube.com/watch?v=2RS5LWhu9ac>.
