City of Long Beach, California
Guidelines for Installation of On Street Disabled Parking Zones

The purpose of these guidelines is to provide a process by which Long Beach residents may request the installation of an On Street Disabled Parking Zone on Public Right of Way within the City of Long Beach, under California Vehicle Code (CVC) §21458(a)(5), and LBMC Ch.10.34.

A. CURRENT OPTIONS FOR DISABLED PARKING

Any disabled person or disabled veteran displaying valid disabled parking plates or placards shall be allowed to park in any On Street Disabled Zone [all references should be to “On Street Disabled Parking Zones” identified by blue curb and a sign.

B. CONDITIONS FOR QUALIFICATION

On Street Disabled Parking Zones shall only be established where a demonstrated need for such place is shown as determined by the City Traffic Engineer (“CTE”). In determining need, the CTE will consider the following criteria:

- Applicant must be a full-time resident of the Long Beach address for which the On Street Disabled Zone is requested. Proof of residency, such as driver’s license or utility bill, is required.

- Applicant must have a valid California Department of Motor Vehicles Permanent Placard or Plate. Temporary Placards will not qualify.

- For apartments, condos and townhomes all on-site parking options must have been exhausted. Applicants are encouraged to contact the management or association to inquire about on-site disabled parking spaces.

- For single family dwellings, off-street parking must be unavailable or inaccessible. Example of inaccessibility:
  ♦ The garage is less than 14 feet wide.

C. ENGINEERING AND ACCESSIBILITY STUDY

Prior to approval of an On-Street Disabled Zone the Transportation Mobility Bureau staff will perform an accessibility study. This will require the following:

- Your consent to allow Transportation Mobility Bureau staff entering property of applicant to ascertain the presence of off-street parking including access to applicant’s garage. Applicants using their garage for storage will be denied an On-Street Disabled Parking Zone.

- The space is no longer needed;
