

# PRIORITIES

## Principles

- Providing public safety that is grounded in the Law Enforcement Code of Ethics.
- Continually communicating a clear vision and core values to both employees and the public
- Recognizing and rewarding activities that promote our core values
- Treating all people with dignity and respect

## Practices

- Practicing constitutional policing
- Implementing the best practices, tools, technology, and training to maximize resources and results
- Utilizing data to identify the cause of crime and drive strategy
- Maximizing resources to deliver timely response and relentless follow-up to solve and prevent crime

## Partnerships

- Cultivating a culture of service and partnership in the organization and the community
- Investing in partnerships to maximize effectiveness and results
- Implementing management systems that promote communication and accountability for both the Department and the community
