

Marina Drive Revitalization

Marina Drive,
between 2nd St.
and Studebaker Rd.

PROJECT SUMMARY

The Marina Drive Revitalization project will serve an increasingly popular coastal destination in southeast Long Beach. Improvements include new sidewalk additions, protected bike lanes, 94 new parking spaces, five new crosswalks and traffic calming measures, and three new bus stops, as well as drought tolerant landscaping.

Community Benefits:

- Improve public safety
- Improve access to recreational and fitness opportunities
- Improve visitor experience
