

Shoreline Marina Lighting Improvements

Downtown Marina Bike Path

PROJECT SUMMARY

The Shoreline Marina Lighting Improvements project installed directional/wide angle LED lights on 17 gangway entry gates along the bike/pedestrian path. Each fixture is specifically directed towards the bike/pedestrian path which prevents light spillage onto the docks.

ANTICIPATED PROJECT TIMELINE

Current Phase:
COMPLETE

Planning Complete:
November 2018

Design Complete:
December 2018

Bid/Award Complete:
March 2019

Construction Complete:
May 2019

Community Benefits:

- Improve public safety
- Improve energy efficiency
- Reduce maintenance costs
