📍 ATLANTIC NORTH TO ARTESIA EAST

Beach Streets is an Open Streets event designed to showcase businesses & neighborhoods. For a single day, we close a major traffic corridor to cars & open the streets to people walking & bicycling.

The event attracts local residents & visitors from the region to explore & discover the area at a slower foot traffic pace. Previous Beach Streets events have attracted more than 40,000 people!

- » Participants of all ages will enjoy family-friendly entertainment at our festival hubs located at Houghton Park and the east end of Artesia.
- » Opportunity for participants to explore a new neighborhood, try a new restaurant, and discover a new retail store.
- » Utilize alternate modes of transportation along the route like walking, bicycles, rollerskates, skateboards, etc. Basically anything without a motor (officially marked means of transportation for those with disabilities are exempt).
- » Experience the event route free of vehicle traffic & parked cars!
