Annual Report 2019
CITIZEN POLICE COMPLAINT COMMISSION
We would like to thank the CPCC’s former Executive Director, Manager of the CPCC, Investigators and staff; the office of the City Manager; the City Clerk’s Office; the City Attorney’s Office; the Department of Technology and Innovation; and the Long Beach Police Department (LBPD), including the Internal Affairs Division for their support.

In closing, we thank the Long Beach community for your honest feedback, participation in open session, recommendations and trust. We know that our work is not always easy, as we address sensitive issues. However, this work is necessary to give our fellow community members a place where their concerns can be independently heard.

Sincerely,

Desmond Fletcher, Chair, March 2019 through June 2020

Suely Saro, Chair, July 2018 through February 2019
The Citizen Police Complaint Commission has undergone some major progressive changes in 2019. Our investigators have worked meticulously to address a backlog of cases from the previous years. The CPCC has seen a 36 – 67% increase in the number of cases briefed each month for the Commission to review. This has allowed the commission to gradually review cases further away from the case expiration date. While we have confronted several challenges, I am confident that the CPCC is on track to serve its primary mission over the next year.

This report reflects the work of the CPCC during the 2019 calendar year. Included is the number of cases/complaints opened, allegations opened, cases reviewed by the commission, allegations reviewed by the Commission, cases closed with no further action and allegations closed with no further action. In this report, CPCC refers to the work of the overall body, including staff and Commissioners. Commission refers to the work of those appointed to fulfill the duties of the charter.

I thank Mayor Robert Garcia and the City Council for their continued support of the CPCC. I would also like to thank the CPCC Commissioners and staff who put so much time and effort into investigating cases, preparing briefs and deliberating over cases late into the night. Your hard work and dedication are greatly appreciated. I would also like to thank the City Manager, City Attorney’s Office, City Clerk's Office and the Long Beach Police Department, notably the Internal Affairs Division. The collective professionalism, courtesy, cooperation, and assistance of all involved is appreciated.

Internal Reforms

In 2019, several critical reforms were implemented to help the flow of caseloads and enhance transparency. I implemented a case tracking system for investigators to manage their caseloads on a monthly basis. This has resulted in several investigations being completed earlier and has helped tremendously with presenting cases to the Commission sooner. In an effort to enhance transparency, the Commission voted to revise the City Manager Reports to explain why a finding recommendation the Commission recommended was a different finding than the final disposition of the City Manager. The implementation of the revised City Manager reports began in 2020. CPCC staff also prepared and implemented changes to public records request laws under Senate Bill 1421, which will enhance transparency. Changes included flagging all cases that fall under Senate Bill 1421 requirements to be readily available for Public Records Requests.

Staffing

In February and October 2019, we were able to fill both vacant investigator positions, bringing the CPCC back to full staffing. Both investigators have contributed greatly to the reduction in open cases and timeframe in which cases are presented to the Commission.

Commissioner Additions

In 2019, three new Commissioners were appointed to the commission representing District 2, District 4 and one At-Large seat.

Challenges

The length of time spent on deliberation in closed session increased significantly due to more cases being presented to the Commission and more video evidence being made available for the Commission to review. The Commission reviews a large amount of body-worn camera videos due to the implementation of body worn camera testing within the Long Beach Police Department. Meetings often adjourn between 10:00 pm and midnight. We are working on finding ways to decrease the length of meetings and at the same time, ensure the Commission continues to receive all available information to render finding recommendations on cases.

The Future

In 2020, the CPCC will explore the implementation of a Mediation Program. Mediation has been a very successful tool in cities across the United States, helping to bridge the gap in police & community relations. We will continue to shorten the timeframe in which cases are presented to the Commission.

We are enthusiastic to continue enhancing the CPCC’s efforts and I am personally excited to continue to work with CPCC Commissioners to implement their new ideas and recommendations.
Retirement of Executive Director Anitra Dempsey

After working for the City of Long Beach for 30 years, more than 20 of which were with the City Manager’s Office, CPCC Executive Director Anitra Dempsey retired from the City in July 2019. Anitra was a huge asset to the CPCC and implemented many positive changes to help the CPCC progress in a variety of ways over the years. The CPCC staff and Commissioners wish her the absolute best in her retirement.

Because the 2019 Annual Report covers January-December, some Commission seats show two representatives, beginning with the commissioner who served first in that seat.

CPCC Meetings: CPCC meetings begin at 5:30 pm on the second Thursday of every month at City Hall, 411 West Ocean Blvd., Long Beach, CA, in the City Council Chambers. Complainants, those who filed complaints, are notified when their cases will be reviewed by the Commission. Community members are welcome to attend the Open Session and can address the Commission during this time. Special meetings that include subject matter presentations or changes in meeting times are posted in compliance with the Brown Act to provide notification to the community.

Commission Priorities

The Commission Chair, with input from the Vice Chair, sets priorities for the CPCC during his or her term. During this reporting period, the Commission identified the following priorities:

- Provide more transparency on city manager reports
- Figuring out a way to view case videos prior to meetings
- Have cases presented to the commission at least two months minimum before the one-year case time-out date

Highest Standard of Objectivity

Commissioners are charged with and receive training to remain objective in all cases they review. Commissioners must remain open-minded and understand their role to ensure the fairest outcome in every case.

The CPCC views objectivity as decisions based on facts and without bias, not decisions solely influenced by personal feelings, interpretations, or prejudice. Commissioners consider alternative viewpoints and all available evidence when deliberating cases, and are prohibited from allowing anything that happens outside the scope of the CPCC’s investigation to affect their decision-making, including media reports and information on the internet.

Commissioners are held to the highest standard of confidentiality and cannot discuss cases outside the scope of their duties. They are prohibited from conducting their own research and forming opinions about a case until they have sufficiently reviewed all evidence.

Connected with the Community

- The CPCC continued to be strategic about its community presence to increase opportunities to inform the community about the CPCC as a resource, and to hear concerns and recommendations.
- The Commission Chair and Vice chair initiated a community engagement committee and made presentations to neighborhood groups and community-based organizations.

Serving on the CPCC

Before newly appointed Commissioners can review cases, they are required to complete an orientation process that consists of an overview of applicable laws and CPCC policies and procedures. The orientation also includes discussion about the history of the CPCC, perceptions and realities about the Commission’s work, and the CPCC’s value to the city of Long Beach. See more orientation information in Appendix E.

CPCC Workload

Several factors contribute to the number of complaints filed each year, including public awareness of the CPCC and its function, police conduct toward the public, media focus, and community concerns.

A complaint/case can contain one or several allegations with one or several accused officers. If there is more than one officer accused in an allegation, the total number of allegations includes findings recommendations for all accused officers. For example, if three officers are accused of excessive use of force in one incident, the CPCC renders finding recommendations on each officer.

About the Citizen Complaint Commission

The CPCC was created by a vote of the people in 1990 to review the service provided by members of the LBPD and independently conduct investigations into allegations of police misconduct with an emphasis on excessive force, false arrest and complaints with racial or sexual overtones.

The mission of the CPCC is to promote an atmosphere of mutual trust and respect between the community and the LBPD, and to ensure that professional police services continue in Long Beach.

The CPCC is a Charter Commission and has the power to issue subpoenas related to a complaint. The CPCC is neither an advocate for the Complainant nor for police personnel. CPCC findings can result in the accused personnel being disciplined, trained or exonerated. The CPCC refers policy recommendations to the City Manager, who can forward the recommendations to the LBPD for implementation.

While the Commission does not set policy, its policy recommendations have resulted in policies being changed or clarified to best serve the community.

While the Commission does not set policy, its policy recommendations have resulted in policies being changed or clarified to best serve the community.
You can file a complaint if you believe that a member of the LBPD has violated your rights. Call (562) 570-6891, mail a complaint form, send an email, or file a complaint in person at the CPCC office, 411 West Ocean Boulevard, 1st Floor, Long Beach, CA, 90802. Business hours are Monday through Friday, 8:30 a.m. to 4:30 p.m. Appointments are recommended, but not required. Complaints can be made anonymously. Complaint forms are available in person and on-line: http://www.longbeach.gov/citymanager/cpcc/filing-a-complaint/ in English, Khmer, Spanish, and Tagalog.

It is recommended that the complaint be filed soon after the incident occurs. In general, complaints can be filed directly with the CPCC within one year of the date of the incident or with the LBPD at any time.

To expedite the processing and investigation of complaints, provide as much information as possible regarding the allegations, including witness names, photos, recordings, and other physical evidence that is available.

Third party complaints will be investigated if sufficient information is available. All complaints remain on file for the statutory time period and can be considered when evaluating overall police-community relations.

**The Investigative Process**

Complaints/cases are assigned to an Investigator who reviews reports, video and audio recordings, interviews witnesses, and conducts field investigations to collect information relevant to the case. The complaint and the investigative data are submitted to Commissioners for review prior to the monthly meeting.

In 1994, the Commission refined its policy to exclude complaints that were invalid on their face and/or were complaints of police service, which were not violations of Police Department policy. These complaints collectively, are classified as No Further Action (NFA).

As a part of the policy change, the Commission delegated authority to the Executive Director to initially screen new complaints. This expedited the preliminary review process and reduced time spent on frivolous and intentionally misleading complaints of misconduct. The need to redefine the policy was based on a number of complaints that had no foundation in fact to suggest a complaint.

In 2014, with the addition of staff, and to allow the Commission to see more cases, the criteria for the Executive Director to recommend cases with a NFA disposition was changed to:

- Insufficient information
- Lack of witness cooperation
- Staff recommendation

Prior to 2014, the authorized criteria for the Executive Director to recommend cases be closed with an NFA disposition included:

- The accused was never an employee of the LBPD.
- The complaint was deemed to have “judicial review,” such as a disputed parking citation.
- The facts and information were insufficient to permit resolution or warrant further investigation.
- The complainant retracted the allegation(s).
- The actions of the officer regarding the allegation(s) were legal, necessary and proper under the circumstances.
- CPCC staff concurred with LBPD’s recommendation of “service” or additional training.

**CPCC Executive Session, Second Open Session and Report on Commission’s Vote**

During the monthly CPCC meeting, the Commission takes a recess from Open Session and reconvenes in Executive/Closed Session to discuss the cases and to recommend findings on each allegation. The Commission then reconvenes in Open Session to report their vote on each allegation without violating confidentiality requirements. Because each complaint is a personnel matter, the public is not allowed to attend the Executive/Closed Session.

The Commission’s findings recommendations are submitted to the City Manager, who reviews both the Commission’s recommendations and LBPD findings. The City Manager provides the final disposition to the Complainant in writing. See Appendix F for more information.
The City Charter requires that complaints against members of the LBPD be also investigated by the CPCC. Complaints can be filed in person or by phone, email, complaint form or letter. Complaint forms are available in English, Spanish, Khmer and Tagalog.

The CPCC and the LBPD notify each other of new cases, generally within ten days of receiving the complaint. A CPCC Investigator is assigned to the case. The Complainant receives a letter with the case number and contact information for the assigned CPCC Investigator.

Subpoenas are issued for relevant documents. The CPCC Investigator reviews reports, video, audio, interviews with witnesses, collects any other relevant documentation and conducts field investigations to collect information relevant to the allegations.

A brief is prepared for the Commissioners, or the case is recommended to be closed with NFA.

Commissioners review the brief and render findings and recommendations on allegations in Closed Session. The City Manager reviews both the CPCC recommendations and Internal Affairs findings, and provides the final disposition to the complainant in writing. The City Manager can decide to forward the Commission’s recommendations to the Police Chief for implementation. The Complainant is notified of the City Manager’s findings by mail.

2019 CPCC Report
2019 CPCC Report
In October 2018, the Commission expressed concern regarding the following:

**RECOMMENDATION:** The Police Department arresting someone “solely for smoking a cigarette” at a bus stop and believed that the “no smoking” signs in the bus area are too small. The Commission questioned whether LBPD should be enforcing them.

The following response was received March 2019:

**RESULT:** LBPD believed the 640 (b)(3) CPC violations are being issued lawfully. The LBPD has recommended that larger signage be approved by Long Beach Transit.

In February 2019, the Commission recommended the department take the following actions:

**RECOMMENDATION:** The Commission saw many complaints regarding handcuffs being too tight. A review and update of the policy regarding handcuffs was requested. The Commission also requested either a comparative analysis of injuries from handcuffs or information about practices regarding handcuffing.

The following response was received July 2019:

**RESULT:** A Watch Report was sent out department wide for officers to document the use of handcuffs, document action taken after inspection of handcuffs if a citizen stated they were too tight. Note in the report if handcuffs were properly applied and no adjustment was necessary, and document any action taken after adjustment of handcuffs due to citizen complaining of tightness.

The LBPD updated their training bulletin on “Search Techniques” to include a section on handcuff fitting and locking. A handcuff refresher training in the form of an in-service bulletin was also distributed to all sworn officers with detailed information on how to double-lock handcuffs and check for fit, with photo examples. During the 2019 CPCC Annual Training at the LBPD Police Academy, handcuffing demonstrations were also provided to the Commissioners.

In January 2019, the Commission recommended the department take the following actions:

**RECOMMENDATION:** The Commission recommended that LBPD create a policy on the use of zip ties and recommended that LBPD provided officers with a tool in the field to remove zip ties when handcuffs are used (ensuring both handcuffs and zip ties are not used together).

The following response was received August 2019:

**RESULT:** The LBPD identified a tool specific for removal of flex cuffs and made the tool available for officers to use when applicable. Regarding policy, the objective standard for the use of flex cuffs falls under the same policy governing the use of metal handcuffs in the LBPD Manual. A flex cuff demonstration was also provided to the Commissioners during the 2019 CPCC annual training at the LBPD Police Academy.

APPENDIX C

Commissioners and Attendance Records

Because the 2019 Annual Report covers January through December, some Commission seats show two representatives, beginning with the Commissioner who served first in that seat.

The CPCC is comprised of eleven Commissioners: one representing each council district and two at-large members. Per the City Charter, Commissioners must broadly represent the racial, ethnic, religious, labor, business, age, gender, sexual orientation, and disabled members of the general public.

Commissioners are recommended by Mayor and are confirmed by the City Council. Commissioners must reside in the City of Long Beach and in the district they are appointed to represent throughout their service. At-Large Commissioners can live anywhere in the city. Commissioners can serve two, two-year terms.

Commissioners provide a valuable insight into the community’s perception of, and experience with, members of the LBPD. To apply to the CPCC, visit www.longbeach.gov/mayor/action/commissions/ or contact your City Council office. Contact the Manager of the CPCC at (562) 570-6891 to learn about the specific duties and responsibilities of serving on the CPCC.

Commissioners are required to take and pass a Live Scan criminal background check before serving.

The attendance status reflects roll call and each vote. If a Commissioner arrives late or leaves early, he/she might be absent for one roll call or vote, but not for the other roll call or for the entire meeting.
