

RESOLUTION NO. RES-05-0114

A RESOLUTION OF THE CITY COUNCIL OF THE  
CITY OF LONG BEACH IN SUPPORT OF THE  
CONTINUATION OF THE BOEING C-17 PRODUCTION  
PROGRAM

WHEREAS, the Boeing C-17 is a proven workhorse of Air Mobility  
Command and is the only aircraft performing all airlift missions;

WHEREAS, the highly flexible C-17 is indispensable in the Global War on  
Terrorism, countless humanitarian missions, numerous peacekeeping missions and  
most recently in aiding victims of Hurricane Katrina;

WHEREAS, the Boeing C-17 manufacturing facility is critical to the region,  
state and national economies;

WHEREAS, currently some 9,700 employees work in the Boeing  
manufacturing plant in Long Beach, making Boeing the City's largest private industrial  
employer;

WHEREAS, approximately 6,500 of Boeing's 9,700 employees work on  
the C-17 program in Long Beach;

WHEREAS, over 30,000 jobs in 42 states support the C-17 program and  
will be severely impacted if the program slows or closes;

WHEREAS, Boeing has delivered 145 of the 180 C-17 transport planes  
under its current Pentagon contract, with the last C-17 currently scheduled to be  
delivered in 2008;

WHEREAS, the military is unable to order additional C-17s until the  
Pentagon finishes a planning review process for future expenditures, which is not  
expected to be completed until early next year, leaving the C-17's status in a state of  
uncertainty;

1                   WHEREAS, unless Boeing gets a solid commitment from the U.S.  
2 Government to produce additional C-17s, job losses and other impacts to the regional  
3 and national economy will begin in early 2006;

4                   WHEREAS, the Boeing may be forced to shutter California's last major  
5 aircraft manufacturing plant in 2008 because the United States Air Force has not yet  
6 extended its order for C-17 cargo planes.

7                   NOW, THEREFORE, the City Council of the City of Long Beach resolves  
8 as follows:

9                   Section 1. That the Long Beach City Council fully supports ongoing  
10 production at the Boeing C-17 manufacturing facility due to the monumental impact the  
11 facility has on the security and safety of the United States and on the economic  
12 condition of Long Beach and the greater region.

13                   Sec. 2. That the Long Beach City Council pledges to support Boeing's  
14 effort to secure ongoing production commitments for the C-17 airlifter in Long Beach to  
15 continue the critical role the Boeing C-17 program plays in our community, the nation  
16 and the world.

17                   Sec. 3. That other local and federal legislators likewise implore Congress  
18 and the military to move quickly to implement the funding necessary to ensure the  
19 continued vitality of the C-17 production program.

20                   Sec. 4. This resolution shall take effect immediately upon its adoption by  
21 the City Council, and the City Clerk shall certify to the vote adopting this resolution, and  
22 shall likewise forward the subject resolution to local, state and federal legislators for  
23 their consideration and action.
