

MAYOR ROBERT GARCIA
CITY OF LONG BEACH

March 9, 2017

The Honorable Miguel Santiago
California State Assembly
State Capitol, Room 6027
Sacramento, California 95814

RE: AB 210 (Santiago) – Support Relating to Homeless Multidisciplinary Personnel Teams

Dear Assemblymember Santiago:

On behalf of the City of Long Beach, I write in support of Assembly Bill 210. This bill seeks to address California's homelessness crisis, in part, by establishing Homeless Multidisciplinary Personnel Teams. Long Beach recognizes that the challenges associated with homelessness are complex. While there is a need to protect patient confidentiality, there are benefits to be gained when public service entities align to share information within confined parameters. Long Beach has found that the most effective means by which local governments can assist individuals to transition out of homelessness, and into transitional and permanent housing, is to develop a comprehensive plan that addresses the multiple factors that contribute to an individual's state of homelessness; these factors are often unique to the individual person.

AB 210 proposes to make several changes to existing law that would eliminate some barriers to providing homelessness services. While cities and counties may currently establish multidisciplinary teams, the ability for information cross-sharing is limited because of existing healthcare privacy laws. By allowing counties to formally establish protocols for sharing confidential information, AB 210 enables homeless service providers to collaborate on treatment strategies that address the whole person, and not simply individual factors associated with that person.

The City of Long Beach provides a range of homeless supportive services at our Multi-Service Center, with the goal of transitioning individuals experiencing homelessness into permanent housing. Currently, there is no statutory authority for county departments and homeless service providers to share data on homeless youth, families, or single adults. The

ability to share information would help to facilitate the identification, assessment, and linkage of homeless youth, families, and individuals to the most appropriate housing and supportive services. It also would enable county departments and agencies to know what services homeless persons are currently receiving or have received in the past.

Given these reasons, the City of Long Beach supports AB 210.

Sincerely,

A handwritten signature in blue ink, appearing to read "Robert Garcia", with a stylized flourish at the end.

Mayor Robert Garcia
City of Long Beach
