

**MAYOR ROBERT GARCIA**  
CITY OF LONG BEACH

April 14, 2021

The Honorable Steven Bradford  
California State Senate  
State Capitol, Room 2059  
Sacramento, CA 95814

**RE: Support for SB 743 (Bradford)—Housing Developments: Broadband Adoption: Grant Program**

Dear Senator Bradford,

On behalf of the City of Long Beach, I write in support of SB 743. This bill proposes to establish a grant program to provide broadband adoption, digital literacy, and computer equipment to publicly supported communities. The City is committed to addressing the digital divide through its Digital Inclusion Initiative (Initiative), which focuses on ensuring that everyone in Long Beach has equitable access to and use of digital literacy training, the Internet, technology devices, and other digital resources.

For the past 10 years, Long Beach has been named a Top 10 Digital City by the Center for Digital Government. While new technological advancements have helped the City achieve this recognition, a large portion of the Long Beach community does not have access to and use of in-home Broadband Internet. This finding led to a unanimous City Council decision in 2018 to approve the Initiative's development of a Digital Inclusion Strategic Plan and Roadmap (Roadmap). The City is in the process of co-creating the Roadmap with community members and local stakeholders. The foundation of the Roadmap will include a vision, goals, objectives, performance indicators, and strategies for advancing digital inclusion through a collective impact approach and equity lens as they relate to capacity, connectivity, and technology. Once the Roadmap has been developed, the City will work closely with community and local stakeholders to implement the plan.

The City supports legislation that eliminates the digital divide by increasing access to Internet and technological devices. SB 743 aligns with the City's efforts to provide economic relief to Long Beach households following State and local emergency declarations due to the COVID-19 pandemic. The digital inclusion funding mechanisms proposed by SB 743 will help support the City's commitments to digital inclusion investments during and after the COVID-19 pandemic.

Given these reasons, the City of Long Beach supports SB 743.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Garcia".

Mayor Robert Garcia  
City of Long Beach
