Date: September 21, 2020
To: Thomas B. Modica, City Manager
From: Oscar W. Orci, Director of Development Services
For: Mayor and Members of the City Council
Subject: Annual Notification of Historic Property Requirements

Each year, the Department of Development Services Planning Bureau sends a notification to owners of designated landmark buildings and properties located within historic districts concerning the benefits and requirements of historical properties and buildings. For 2020, the notification is being sent as a postcard (attached).

The notice describes both the benefits and additional requirements that come with owning or living in a historic landmark or property located within a historic district. Benefits include enhanced architectural and property value, eligibility for the Mills Act Property Tax Abatement Program (Mills Act), flexible application of the building code, increased community cohesion and civic pride. Additional permit requirements are in place to ensure the upkeep and adherence to historic district or landmark regulations. The notice serves as a reminder to property owners that any exterior changes to a historic landmark or property located in a historic district must be approved through a Certificate of Appropriateness (COA) prior to any work being done, even if a building permit is not required.

For more information, visit: longbeach.gov/historicpreservation. If you have any questions regarding this matter, please contact Patricia Diefenderfer, Advance Planning Officer, at (562) 570-6261 or at Patricia.Diefenderfer@longbeach.gov.

    DEPARTMENT HEADS
Owners of designated landmark buildings or properties located within a historic district enjoy several benefits, including:

- Greater architectural integrity and improved property value
- Flexible building codes for historic buildings
- Eligibility for the Mills Act Property Tax Abatement Program

**Historic designation is maintained through a permitting process.**

Any exterior changes to a historic landmark or property located within a historic district **must** be approved through a Certificate of Appropriateness (COA) before starting any work, even if a building permit is not required. Common projects requiring a COA include: changes to windows and/or doors, building repairs and additions, paint, re-roofing, and solar panel installations.

Work done without a COA may result in fines and other penalties, as specified in the Long Beach Municipal Code (LBMC).

For more information, contact the Development Services Department’s Historic Preservation staff at 562.570.6194 or HistoricPreservation@longbeach.gov or visit: longbeach.gov/historicpreservation.

To request this information in an alternative format or to request a reasonable accommodation, please contact the Development Services Department at longbeach.gov/lbds and 562.570.3807. A minimum of three business days is requested to ensure availability; attempts will be made to accommodate requests with shorter notice.
Historic District Residents—know the rules, enjoy the benefits!
