DARYL SUPERNAW
COUNCILMAN, FOURTH DISTRICT
CITY OF LONG BEACH
GO FOURTH!

January 6, 2017

Dear Neighbor,

Thank you for taking the time to read our Fourth District weekly newsletter. It is emailed every Friday afternoon and provides updates on past and future events throughout our council district. Please encourage your neighbors to sign up to receive our publication by contacting us at: district4@longbeach.gov or (562) 570-4444.

Past Events

JetBlue Fined \$90,300 for December Violations... \$592,200 for 2016

LGB staff have reviewed JetBlue late-night operations and violations for the month of December. All the data is preliminary pending the final verification of times, noise levels and unanticipated delay status. JetBlue conducted 15 operations after 11:00 pm that resulted in Consent Decree violations/fines. For the month of December, JetBlue incurred a \$6,000 fine for each Consent Decree violation. In addition, JetBlue conducted a total of 33 operations between 10:00 pm and 11:00 pm. 32 of these operations qualified as unanticipated delays and the delays were primarily due to mechanical problems with aircraft and poor weather conditions. One operation that was conducted between 10:00 pm and 11:00 pm resulted in a fine of \$300. JetBlue was fined a total of \$90,300 for the month of December. Thanks to Ryan McMullan, Airport Operations Specialist - Noise Analyst II, for providing our office with this report. The chart below lists all the late-night noise data for 2016. Over the 366 days in 2016, JetBlue violated the noise ordinance a total of 381 times... or an average of 31.7 times per month.

Airport Director Responds to FIS Study Questions

Yesterday at 5:20 pm, council offices received a 17-page memo from Airport Director, Jess Romo, through the City Manager's office. The document contains answers to 32 questions submitted by Councilman Al Austin after our December 13th FIS Study session. The memo can be viewed at this [link](#). Considering the first item in today's newsletter, readers may be interested in the response to question #5:

"Why does JetBlue continually violate the Noise Ordinance with late night operations?" If you would like clarification on any answers or have additional questions, send them to Jess Romo through our office at: district4@longbeach.gov

Volunteers Encouraged to Help with Citywide Count of Homeless Persons on January 26th

Community volunteers are encouraged to participate in the count of persons experiencing homelessness in Long Beach on the morning of Thursday, January 26th. The 8th biennial Homeless Count, required by the U.S. Department of Housing and Urban Development (HUD), defines the scope of homelessness, both in the community and across the nation, and helps to determine existing resources, identify gaps, and highlight progress toward ending homelessness. To learn more about the count or to volunteer please visit [Homeless Services](#) website.

Young Women's Empowerment Conference

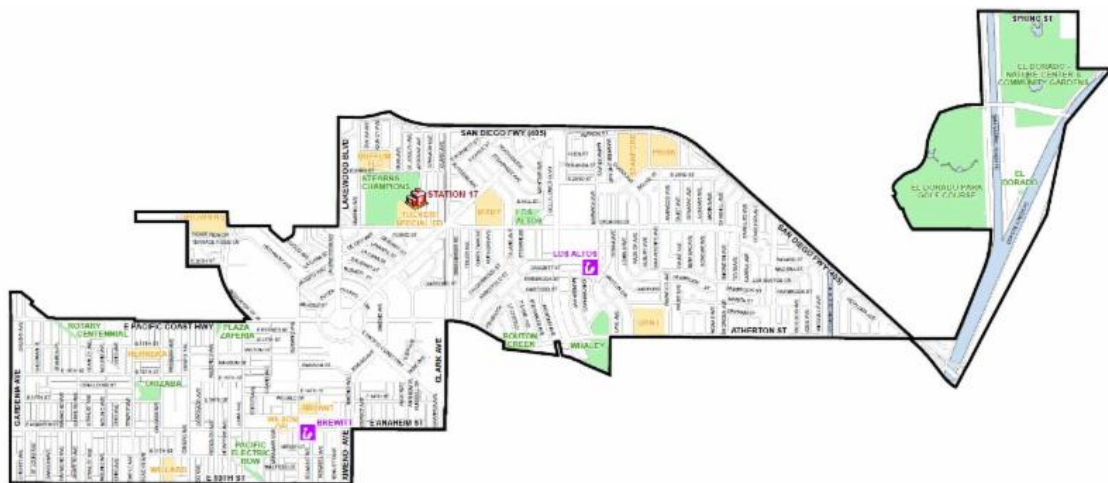

Congressman Alan Lowenthal is hosting a Young Women's Empowerment Conference for 7th and 8th grade students on Saturday, January 28, 2017. It takes place at Sato Academy of Mathematics and Science, 1100 Iroquois Avenue, Long Beach, CA from 8:30 a.m. to 2:30 p.m. This is the second year the conference is focusing on middle school students. The event provides an opportunity to encourage young women to think about their transition to high school, continuing their education and learn more about the options open to them for a successful future. The students will be able to register and choose the sessions they wish to attend by following this [link](#). The deadline for registration is January 18th.

And Finally

Written Description of the Fourth Council District Boundary

If you've ever found the map of the 4th District to be a little confusing, you can always refer to the written description. While a picture may be worth a thousand words, the map of the 4th can be described using "only" 806 words. The terminology used certainly adds to the length. Two particular words, "thence" and "prolongation", are employed a total of 65 times. You can read the written description at this [link](#).
