

Summary of Budget Changes: Other Fund Groups

As figures reflect the net impact to a fund, an increase in expense is shown as a positive number (cost/hit to fund) and a decrease in expense is shown as a negative number (savings/benefit to fund). Accordingly, a decrease in revenue is shown as a positive number (cost/hit to fund), and an increase in revenue is shown as a negative number (savings/benefit to fund). For ease of review, all reallocations of resources within funds, offset adjustments, and minor changes have not been included.
