9) What do you feel is working well for the committee?

- Educating and reaching the community
- Participation
- Open communication
- Having subject matter experts in the room is extremely helpful as well as representatives of big entities
- Open dialogue and getting everyone's input and learning experiences
- Interaction between the different groups works well. Community is well represented
- Communication and discussion from everyone from different agencies, and on schedule
- Very organized, on track and meeting our goals
- Synthesis of ideas and backgrounds informing the decision-making process
- Neutral facilitation
- The way the group is open with discussion. Often informal discussions tend to yield great results
- Our meetings stay on task and we are well represented by most stakeholders
- Collaboration from many stakeholders
- Expertise from all areas being active members of the committee
- The commitment from the members
- Everyone is working towards a common goal. Well organized. Facilitator keeps us on track

10) What other topics would you like the committee to explore?

- Streamline objectives
- Sustainability of strategies
- Possible funding
- How to obtain funding to provide services
- None
- N/A
- The number of school children experiencing oral health issues and what is done if an issue is discovered while the students are in school
- None at this time
- Commitment from policy makers in Long Beach
- I don't know
- More oral health presentations

11) Please provide any additional feedback or comments to help us improve on the advisory committee

- (With regard to question 7) I believe we are making progress towards a common goal, but we still need more time
- (With regard to question 7) The tasks/objectives are too much to be achieved - confusing at times
- (With regard to question 2) This is unclear. Would be great to learn what strategies are funded and see if there are other resources or people to bring to scale
- George's Greek for lunch
- I appreciate the full scope of work (being) objectives shared
- N/A
