## **NEW PROJECTS**

**Q:**

I am interested in obtaining an example or template of the required attachment for the following question that is on page 17 of the New Project NOFO Application document: "Will this project include replacement reserves in the Operating budget? (Attachment Requirement)."

**A:**

This information should also show up in the "help text" on Cognito for ease of access. Please note that this attachment is *only* required if you are planning to utilize CoC funds for reserves as a part of your operating line item.

- **Replacement Reserve.** If your project application will utilize replacement reserve as part of the CoC Program operating budget, you must attach supporting documentation that includes:
  - total amount of funds that will be placed in reserve during the grant term,
  - system(s) to be replaced that includes the useful life of the system(s), and
  - repayment schedule that includes the payment amount.

For additional information, please see the [HUD Exchange FAQ](#).
