## Narratives

### Executive Summary:

#### Program Summary

The grant agreement was fully executed and sent to HUD on April, 2, 2010. The grant was unlocked by HUD in April 21, 2010.

The City has been conducting an extensive public outreach to the community, Realtors and Lenders about the NSP2 Second Mortgage Assistance program.

The City's Consortium Agreement with Habitat Greater Los Angeles was executed on April 2, 2010.

#### 1. Overview

The Neighborhood Stabilization Program &dash 2 (NSP2) is one of the initiatives of the American Recovery and Reinvestment Act of 2009 (ARRA). The program was modeled after the Neighborhood Stabilization Program &dash 1 (NSP1) created under the Housing and Economic Recovery Act of 2008 (HERA). Under NSP - 1, the City of Long Beach was allocated \$5.07 million funds from U.S. Department of Housing and Urban Development (HUD) in order to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes, stabilize neighborhoods, and stem the decline of house values of neighboring homes. The City Council approved the plan for the use of NSP1 funds at their November 18, 2008 City Council meeting. Soon afterward, the Department of Community Development began implementing the program.

Properties in foreclosure continue to be a problem across the country, prompting the U.S. Congress to add the Neighborhood Stabilization Program &dash 2 (NSP2) to the American Recovery and Reinvestment Act of 2009. NSP2 is a competitive grant program rather than an entitlement program. NSP2 regulations are virtually identical to NSP1 with few exceptions.

#### 2. Application Process

The City of Long Beach Department of Community Development, as the lead, and its partner, Habitat for Humanity Greater Los Angeles (Habitat), a non-profit full service developer, herein collaborate with and Implement the NSP2 Program.

The central foundation of this joint effort has overarching goals: creating affordability and increasing homeownership in highly affected targeted neighborhoods, mitigate negative effects of foreclosure like blight and decline of housing values, and revitalize and reconnect targeted neighborhoods to higher level and sustainable economy and housing market.

#### 3. Proposed Use of NSP2 Funds

The City and Habitat will use NSP2 funds in the areas of greatest need, including those with the greatest percentage of home foreclosures, with the highest percentage of homes financed by sub-prime mortgage loans, and those areas identified by the City, through its thorough and comprehensive housing and economic data analysis, as areas likely to face a significant rise in the rate of home foreclosure.

The City NSP2 proposal is focused on returning foreclosed properties back into the hands of qualified owners who will restore these properties and in so doing increase the livability of area neighborhoods. While implementing NSP1, the City has observed that there is a very active speculative industry in which investors are seeking to acquire and hold REO properties until the market improves. In areas of high-foreclosure concentrations, excessive speculative purchases will greatly prolong the cycle of disinvestment for years to come as these investors hold properties, make minimum or no investment, and cause further neighborhood decline. This is a looming problem that must be addressed innovatively with the proposed NSP2 programs. It is the City's goal to intervene and prevent neighborhood destabilization by aggressively competing in the REO market. We will seek to divert a significant share of resold REOs to first time homeowners, who will serve to stabilize their communities. The City will be implementing this strategy in several ways, including direct acquisition and disposition of REOs by Habitat and through direct affordable financial assistance to prospective homebuyers to acquire and/or rehabilitate the properties. Through this strategy, the City will help stabilize high-foreclosure areas, arrest the decline housing values, and reconnecting targeted neighborhoods with the economy, housing market, and social networks of the community and metropolitan area as whole.

**Target Geography:**

Target Geography:

We have studied and selected 44 of the most distressed census tracts within the City based on NSP 2 scores (average of 18 overall), foreclosure activity, lending trends, default risks, housing and other neighborhood socio-economic conditions. These census tracts are located within four major areas referred to as West Long Beach, Central Long Beach, East Long Beach, and North Long Beach neighborhoods. Although the conditions vary, all areas exhibit common elements of distress and an urgent need to address the foreclosure crisis. In addition, the City has long monitored the citywide housing conditions and affordability under NSP 1, other existing housing programs, community redevelopment activities, and via the Vacant Building Ordinance. We are therefore confident that the requested NSP 2 funds combined with our existing affordable housing resources will best serve to stabilize the target tracts selected for this program.

**Program Approach:**

4. Program Design

The City and Habitat will establish NSP2 funded programs that fully comply with the eligibility requirement.

The proposed NSP2 funded programs will be fully implemented by the Community Development Department and Habitat according to HERA, Community Development Block Grant (CDBG) and all other applicable federal rules and regulations. In addition, proposed activities will target eligible City residents that are: 1) in the income bracket of 51 to 120 percent area median income and 2) 25 percent of the funds will also fully be “targeted” to eligible residents at or below 50 percent of the area median income.

NSP2 funds will be used by the City and Habitat to undertake the following two primary activities and administration:

- Establish financing mechanisms to purchase and redevelop foreclosed upon homes and residential properties, including such mechanism as soft-second, loan loss reserve, and shared-equity loans for low- and moderate-income homebuyers.
  - The City will provide silent second mortgage assistance loans to low- and moderate-income first-time homebuyers who purchase a qualified single-family or condominium home in an eligible area.
  - Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties.
    - Habitat will rehabilitate foreclosed and REO properties into affordable homes for purchases by low and very-low income families.

**Consortium Members:**

CITY OF LONG BEACH, a California municipal corporation, and HABITAT FOR HUMANITY OF GREATER LOS ANGELES, a California nonprofit corporation (collectively, the “Consortium Members”).

## Overall Progress Narrative:

During the reporting period between October 1, 2010 and December 31, 2010, the City of Long Beach (City) and Habitat for Humanity of Greater Los Angeles (Habitat) made significant progress toward program goals. One primary goal includes a commitment to spend half of the awarded grant funds by the grant's two-year anniversary (February 11, 2012). In pursuit of this goal, Habitat has acquired a total of six properties. During this reporting period, Habitat facilitated the rehabilitation process at these sites and continued to search for additional properties to purchase. The City of Long Beach maintained its NSP2 website and continued processing applications for the NSP2 Second Mortgage Assistance Program. As of December 31, 2010, the City processed applications and made loan reservations for 83 properties, including second mortgage, closing cost, and rehabilitation assistance for first-time homebuyers. To support these NSP2 activities, the City has committed to leveraging \$1.5 million in Redevelopment Set-Aside funds to support green-lite rehabilitation.

Currently, 11 properties have closed escrow with the remaining 72 expected to close in the next 2-3 months. At sites where acquisition has been finalized, rehabilitation efforts are in the initial stages toward improving the homes and making them suitable for occupancy. Both the City and Habitat fully expect to continue making progress toward program goals at this steady pace and fully anticipates the ability to reach both the two-year (50%) and three-year (100%) expenditure deadlines.

The City and Habitat also made strides in documenting job creation and retention resulting from the NSP2 program. During the reporting period, it is estimated that 2.59 full-time equivalent (FTE) positions were retained or created in the grant administration field and that 8.21 real estate FTE's were supported by commissions and fees paid from grant funds. These initial numbers are promising and are expected to increase as program activities expand to include construction-related jobs as the program focuses more on rehabilitation activities.

## Project Summary

**Activity Description:**

The purchase price of this Home is \$282,150. The maximum second mortgage assistance this Low income homebuyer was originally eligible for was \$200,000. After their mortgage documents were processed, the homebuyer was found to be eligible for \$124,000. Second mortgage assistance recipients are also eligible for the Green-Lite rehabilitation assistance for a maximum of \$30,000. This property's estimated \$11,305 Green-Lite rehabilitation is to be funded by Redevelopment Set-Aside in order to fulfill the City's leveraging requirement. Additionally, Second Mortgage assistance recipients are eligible for \$10,000 of assistance towards their closing costs. This recipient will receive \$10,000 towards their closing costs. In total, without including program delivery costs, the homebuyer of the property located at 2030 Atlantic Ave. will receive \$134,000 in second-mortgage and closing-cost assistance from NSP2 and \$11,305 in rehabilitation assistance from Redevelopment Set-Aside.

**Location Description:**

2030 Atlantic Ave. Long Beach, CA. 90806. The property is located within Census tract 573202. This Census tract was found to have a foreclosure score of 18 and a vacancy score of 11.

**Activity Progress Narrative:**

Property was purchased on December 9, 2010. As of this reporting period, the rehabilitation process is underway, which should be complete in the next 120 days.

<b>Program Income Drawdown</b>	\$0.00	\$0.00

**Activity Description:**

Households earning between 51% and 120% of AMI will be assisted through the Second Mortgage Assistance Program (SMAP).

Through the SMAP, first-time homebuyers may apply for a silent second mortgage assistance loan in an amount equal to the purchase price minus the sum of the borrowers mandatory downpayment and their first Trust Deed mortgage loan. First TD loans must be at least 30% of the purchase price and the borrowers monthly housing costs must be at least 28% of their income. The second mortgage loans run concurrent with the first TD loans and are due and payable after 30 years or upon sale of the property, which ever occurs first. The second loan does not accrue interest and no monthly payments are required. However, should the borrower sell the property prior to 30 years contingent, deferred interest in the form of equity share shall be paid along with the principal balance of the loan. The equity share percentage is calculated as the sum of the second mortgage assistance loan divided by the purchase price, and is applied to the net proceeds on the sale of the property. The net proceeds will be calculated as the sales price (or appraised value) minus the original purchase, and any capital improvements. A portion of the equity share percentage will be forgiven for each year that the borrower maintains the property as their principal residence. After 30 years the equity share percentage is fully forgiven and only the principal amount of the loan is due.

**Location Description:**

NSP2 Eligible areas.

**Activity Progress Narrative:**

This activity will be used to fund upcoming Second Mortgage Assistance activities.

**Activity Description:**

Administration activities limited to 10% of total award.

The Housing Services Bureau (HSB) will oversee the administration of the financing mechanism for the purchase and redevelopment of foreclosed properties. They will administer the establishment of waiting lists for eligible households to purchase foreclosed homes, provide program marketing and informational meetings for the public, conduct lender and realtor trainings, confirm the income eligibility of qualified applicants, establish partnerships with mortgage lending institutions to provide first trust deed mortgage loans to qualified applicants, establish partnerships with local realtors that specialize in foreclosed properties (especially those that concentrate in HUD, Fannie Mae, and Freddie Mac foreclosed properties), and coordinate the inspections of foreclosed homes being sold to income eligible households. Key personnel in this Bureau are Ellie Tolentino, Housing Services Bureau Manager who is responsible for oversight of all Bureau activities; Dale Hutchinson, Housing Operations Officer who is responsible for oversight of the financing mechanism activities, including NSP2 training for applicants, realtors, and lenders; and Jeryck Acuna, who is responsible for buyer eligibility verification and case management. The Neighborhood Services Bureau (NSB) will oversee Habitat for Humanity of Greater Los Angeles, the developer responsible for the acquisition, rehabilitation, and resale of foreclosed and abandoned properties to income-eligible households. NSB and HSB staff will work together to administer the inspection and rehabilitation of homes purchased by low-, moderate- and middle-income households, and provide project management services for homes that require rehabilitation. Additionally, NSB staff will oversee and administer the NSP2 budget and expenditures, including the Disaster Recovery Grant Reporting System, project and activity set-up, drawdowns, and quarterly reporting. NSB staff will also partner with the City's Department of Financial Management to provide internal audit functions to assist with the examination of program operations and management and provide feedback to program managers. Key personnel in this Bureau are: Angela Reynolds, Neighborhood Services Bureau Manager; Robin Grainger, Rehabilitation Services Officer; Lei Ronca, Code Enforcement Officer; and Alem Hagos, CPD Grants Manager.

Dennis J. Thys, Director of Community Development, oversees the activities of the Bureaus.

**Location Description:**

333 W. Ocean Blvd (City Hall), 444 W. Ocean Blvd (Neighborhood Services Bureau), and 110 Pine Ave. (Housing Services

Bureau).

**Activity Progress Narrative:**

This activity will be used to fund program administration activities.

**Activity Description:**

1519 E. Phillips St, Long Beach, CA, 90805. The property is located within Census tract 570602. This Census tract was found to have a foreclosure score of 18 and a vacancy score of 11.

**Location Description:**

The purchase price of this home is \$280,000. The maximum second mortgage assistance this low-income homebuyer was originally eligible for was \$200,000. After their mortgage documents were processed, the homebuyer was found to be eligible for \$165,200. Second mortgage assistance recipients are also eligible for the Green-Lite rehabilitation assistance for a maximum of \$30,000. This property's estimated \$9,950 in Green-Lite rehabilitation is to be funded by Redevelopment Set-Aside in order to fulfill the City's leveraging requirement. Additionally, Second Mortgage assistance recipients are eligible for \$10,000 of assistance towards their closing costs. This homebuyer will receive \$10,000 towards their closing costs. In total, without including program delivery costs, the homebuyer of the property located at 1519 E. Phillips St will receive \$175,200 in NSP2 assistance and \$9,950 in leveraged redevelopment set-aside funds.

**Activity Progress Narrative:**

As of this reporting period, this property is in the purchase process. The purchase of this home should be complete by the next reporting period.
