STEPS FOR PROCESSING LBUSD DEVELOPER FEES

1. Make sure your property is within district boundaries by searching the School Finder on the LBUSD website.
2. Apply to the City by submitting a completed [APP-001](#) Development Permit Application with building plans for the project, and obtain this form ([FORM-015](#) LBUSD School Developer Fee Area Determination) specifying the proposed permitted area for your project.
3. Complete the LBUSD online Application Form for a Certificate of Compliance.
4. Bring FORM-015 to the District.
5. Pay the assessed fee (check or money order only) and obtain a Certificate of Compliance. Checks or money orders are made payable to “**LBUSD Developer Fee Collector**” (Returned checks assessed \$25 processing fee).
6. Return a digital copy of the Certificate of Compliance to the City’s building plan review staff assigned to your project to complete the building permit process.

RELEVANT CALIFORNIA EDUCATION & GOVERNMENT CODE SECTIONS

Education Code Section 17620(a)(1) – Development Fees

The governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any construction within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code.

Government Code Section 65995(b)(1) – Assessable Space

“Assessable space,” for this purpose, means all of the square footage within the perimeter of a residential structure, not including any carport, covered or uncovered walkway, garage, overhang, patio, enclosed patio, detached accessory structure, or similar area. The amount of the square footage within the perimeter of a residential structure shall be calculated by the building department of the city or county issuing the building permit, in accordance with the standard practice of that city or county in calculating structural perimeters.

Government Code Section 65995(b)(2) – Chargeable Covered and Enclosed Space

“Chargeable covered and enclosed space,” for this purpose, means the covered and enclosed space determined to be within the perimeter of a commercial or industrial structure, not including any storage areas incidental to the principal use of the construction, garage, parking structure, unenclosed walkway, or utility or disposal area. The determination of the chargeable covered and enclosed space within the perimeter of a commercial or industrial structure shall be made by the building department of the city or county issuing the building permit, in accordance with the building standards of that city or county.

Government Code Section 65995(d) – Construction Definition and Exclusions

“Construction” means new construction and reconstruction of existing buildings for residential, commercial, or industrial (uses). In addition, “commercial or industrial construction” includes, but is not limited to, any hotel, inn, motel, tourist home, or other lodging for which the maximum term of occupancy for guests does not exceed 30 days, but does not include any residential hotel, as defined in paragraph (1) of subdivision (b) of Section 50519 of the Health and Safety Code.

“Residential, commercial, or industrial construction” does not include any facility used exclusively for religious purposes that is thereby exempt from property taxation under the laws of this state, any facility used exclusively as a private full-time day school as described in Section 48222 of the Education Code, or any facility that is owned and occupied by one or more agencies of federal, state, or local government.
