Guest Moorings
 There are 300 feet of guest boat docking available in the marinas. Guest moorings are available, year-round. The guest rental fee is \$1.10 per foot, per night as well as a \$50 guest key deposit. Visiting boaters may come to the office and rent a mooring or you may call and make advance reservations. To secure your mooring, please call in with a Visa or MasterCard number.
 Reservations are highly recommended for holiday weekends.

The Long Beach Shoreline Marina & Rainbow Harbor/Marina truly has one of the great locations in California, if not the United States. Boats are protected by a series of offshore breakwaters and natural bay. Sailors appreciate the rapid access to open water, prevailing winds and close proximity to Catalina Island. Sailing conditions in Long Beach are practically perfect year round. That is why Long Beach has been and continues to be the home of the Congressional Cup, Transpac and Olympic trial races.

Access to the Long Beach Marina is also ideal, centrally located in the Los Angeles basin. The 710 freeway terminates within minutes of the marina. Long Beach, proudly is home to boaters from all parts of Southern California because of our perfect location.

General Marina Rules
 The Long Beach Marina strives to maintain a pleasant, clean ambience for all recreational users of our facility. To this end, the rules are designed with everyone in mind. So, whether you are a first time visitor or a long time permittee, we hope everyone abides by the following, simple rules. It will help.

- Nothing may be stored or left on the docks or fingers except in your dock box. Items that are not properly stored will be tagged. If they are not removed, they will be impounded.
- All dogs must be kept on a leash in all public areas in the marina. This includes the docks.
- All pet owners must carry appropriate materials to clean up after their pets.
- Fishing is not allowed from the docks, walls or fingers of the Long Beach Marina. Fishing is permitted from fishing piers or boats berthed at slips.
- Only minor repairs are allowed at the dock. It is now federal and state law that no materials of any kind may enter the waters of any marina from repair work. This includes dust from sanding, bottom cleaning or any other type of fallout debris from repair or clean up work.
- Children under 10 years of age, may not be on the docks without the immediate presence of their parents or other responsible adult.
- Visitors, unless accompanied by a permittee, are not allowed on the docks after sunset.
- No bike riding, roller skating, skateboarding or motorcycle riding is permitted on any dock or gangway.
