By Mark Sandoval, Manager of Marinas and Beaches

Summer is here! You are likely reading this around Memorial Day, and I hope that you are using your vessel and enjoying our wonderful waterfront.

We did receive a number of complaints about the recent events next to the Shoreline Marina. I recognize the inconvenience these events may cause, but they do benefit the City as a whole. I appreciate your patience, and we can be thankful that they are behind us for another year.

On the good news front, I am being told that the fuel dock has passed all test inspections, and once the formal inspections are done, the site will open. If it is not open by the time you read this, then it should be within days. It has been a long time coming but we will finally have convenient fuel in the downtown area.

As I write this, vessels are sitting in the new slips in Basin 1, and the remainder of the basin should be complete in July. We began the rebuild process in the early 2000s, and have rebuilt about two-thirds of our slips. We continue to plan for the remainder of the basins in Alamitos Bay, and have submitted paperwork to City Hall to obtain approval to continue with the next phase this fall.

In last month’s newsletter, I discussed my recommendation regarding slip fees for next year. My initial recommendation was an across-the-board increase, because a pricing policy developed by our advisory commission in 2006 did not support differential pricing. Those of you that have been in Long Beach for years remember that we have had differential pricing in the past. For many years, the downtown marina rates were less than the ABM rates, because ABM was much more desirable. In addition, when we built Basin 8, our first concrete docks, they were priced higher than the other ABM rates. However, in line with the policy developed in 2006, all rates were made the same in 2008, regardless of where the slips were located or whether they were new or old.

At our last commission meeting, the topic of differential pricing was discussed. Personally, I am supportive of differential pricing, because I do not see equity in charging the same for new concrete docks as we charge for docks that are still awaiting rebuild. The majority of the commission agreed with differential pricing, recommending a slight increase for old (wood) docks – ½%, and a CPI increase for newer concrete docks – 2.22%. This is a recommendation I support, as it more equitably charges for the amenities we are offering.

At that same meeting, there was a comment that some in the Shoreline Marina are upset that “they are paying for the rebuild of the Alamitos Bay Marina.” The history of the marinas since the mid-1980s shows that is not the case. The Shoreline Marina was built in the mid-1980s with a bond issue, and until 2008, the bonds were costing over $3 million a year in debt payments. In the late-1990s, vacancy in Shoreline was about 40%. At the same time, ABM had no associated debt and was full except the 20-foot slips. There is no way that the Shoreline Marina could have supported itself alone, and it could be argued, rightfully so, that ABM was subsidizing Shoreline at the time. At the current time, both marinas have associated debt, and we will continue to operate the marinas as one entity, which is the equitable thing to do.

As always, happy and healthy boating.

Long Beach Marine Bureau will be holding an auction of impounded and abandoned vessels on Saturday June 22, 2013, at the Alamitos Bay Marina Inspection and registration begins at 8AM and the bidding begins at 9AM. The list of vessels will be available in mid June. No vessels sold at the auction will be allowed in the City of Long Beach marinas for a period of six months.

For more information call Kimarie at (562) 570-3236 or email kimarie.vestre@longbeach.gov

**RULES AND REGULATIONS**

Our marine rules and regulations state: (H) Vessel Maintenance: Major repair or reconstruction work shall not be performed in or at any marina slip or in Alamitos Bay or other water areas within the limits of the City of Long Beach. Except for emergency repairs to keep a vessel afloat, no repair or other work on a vessel shall be performed before 8 a.m. or after sunset. Permits shall not place or permit others performing repairs or other work on a vessel to place tools or equipment in a manner so as to obstruct access to fingers or docks. Permits may use portions of the docks or fingers for minor rigging and maintenance for short periods of time; provided, however, such space must be kept in a neat, clean, and orderly condition and a drop cloth and boat bath are used during maintenance periods. No material of any type resulting from maintenance work shall be allowed to become airborne, or enter the waters of the Long Beach marinas. (This includes but is not limited to sanding of paint and fiberglass and spray painting.)
Seal Beach Yacht Club
Junior Sailing Program
Summer 2013

No experience necessary. This is a great opportunity for boys and girls, ages 6 to 18, to either learn to sail or advance their skills. Did I mention no experience is necessary? This summer program is from June 17th to August 16th, Monday – Friday with a choice of either the morning session from 9:00 a.m. to 1:00 p.m. or the afternoon session from 1:30 p.m. to 5:30 p.m. The U.S. Sailing Certified instructors guarantee exceptional instruction and lot of fun. The cost is $260 for Seal Beach Yacht Club Members and $300 for non-members.

For more information visit: www.sealbeachyc.org/junior or contact Jim Green at (951) 640-0631 or email at jimgreen8c@yahoo.com

PAINTING AND VARNISHING

Limit the amount of open solvents or paints on the docks to one gallon. Always mix paints and epoxy over a tarp. Always use a drip pan or drop cloth.

Spray painting is not permitted within the Long Beach Marinas. Use up remaining bits of paint by spreading on an old board. Do not dispose of paint or solvents in the marina’s dumpsters. Contact Management for nearest recycling locations.

Upcoming Classes

Safety at Sea

The Shoreline Yacht Club will present a US Sailing Safety At Sea Seminar on Sunday, July 7, 2013 from 8AM – 5PM. The cost is $125 if you register before June 24th, $150 if you register after June 24th, and $170 at the door. The fee covers lectures, demonstrations, exhibits, course material and lunch. This daylong seminar is open to everyone and will provide both novice and experienced mariners with information and skills required to prepare for sailing off-shore, boat preparation, handling heavy weather, recommended safety equipment and emergencies. Lecture topics include life raft inflation, crew preparation and safety, preventing medical emergencies, hypothermia and personal flotation devices. Also included are the man overboard recoveries, flare procedure and helicopter evacuation. Among those making presentations will be Bruce Brown, John Jourdane, and Stan Honey, all well-known and experienced long distance sailors.

For additional information you can contact Marion Seaman via email at MarionSeaman1@aol.com or by calling (310) 632-4748.

Wi-Fi Service For Boaters

The City of Long Beach Marine Bureau is currently working with Ecco Wireless USA, Inc. to provide wireless Internet service to our boaters. Phase one of the installation has begun in Alamitos Bay with service becoming available on June 1, 2013. In the Long Beach Shoreline Marina service will be available around July 15, 2013. If you are interested in purchasing a plan option please contact Ecco Wirless USA, Inc. directly at (231) 346-7324.
The Long Beach Municipal Band is one of the most distinguished and professional Municipal Bands in the United States. The player personnel in this wonderful ensemble include the best of the Southern California's symphony, studio recording and jazz performers. This diversity of talent provides Long Beach audiences with impressive concerts of jazz, movie, musical and light classical literature. The Band also combines with talented guest vocalists weekly to guarantee that your family's summer evening in the park will be the highlight of the week. We hope you and your family will join us in our musical expedition as performed by one of the nation's great cultural treasures - The Long Beach Municipal Band.

On Thursday evenings from July 4, 2013 – August 1, 2013, from 6:30 p.m. – 8:00 p.m. the Municipal Band will be performing at Marine Stadium.

Unique to other locations, Marine Stadium allows you to listen to the band while either sitting in the park or on your boat. On Thursday evenings the waterways at Marine Stadium will be reduced to 5mph at 5:30 p.m. so vessels of any size can come in, anchor and enjoy the music!
