

Marina Reader

Long Beach Parks, Recreation and Marine

FROM THE MANAGER

Hopefully you've been taking advantage of the weather and the whale migration this spring and summer. After receiving several photos and videos from customers who sighted these creatures along the breakwater, my family and I set off on a Sunday to search for these beautiful creatures. After 90 minutes of searching we were rewarded with the opportunity to follow a pod with two babies from the Seal Beach Pier to the Port of Long Beach before they turned onto deeper water. What an experience! Another memorable boating moment!

of the restrooms at the Shoreline Marina, specifically D3 through D7. In recent months those of you who use these have unfortunately been subjected to restroom conditions you'd expect at a public camping ground during the heavy summer months. I apologize and assure you that we are re-evaluating our staffing. We are in the process of detailing each of these restrooms. Let me urge you to contact the marina office when a restroom is in need of cleaning. Please do not hesitate to call.

Whale tale? A California Grey Whale tail captured by yours truly. Whale migration covers 12,500 miles of coastline.

I want to take this opportunity to discuss the state of the boat owner restrooms. In the last few weeks, we have received several complaints regarding the lack of cleanliness at some

On a positive note planned restroom improvements at Shoreline include: exterior painting, enhanced lighting, hand dryer replacement. The Maintenance Division is in the process of purchasing new sinks and paper towel and trash dispensers. Roof assessments are also currently underway. The plan is to replace or repair as needed in the next fiscal year. Restroom improvements at Alamitos Bay Marina include new roofs and enhanced lighting.

As summer begins in Long Beach come celebrate as the Long Beach Municipal Band starts its Summer Kick Off concert on Thursday, June 30. Listen to the concert from your vessel, bring a picnic and enjoy the music on the water in a way unique to Long Beach.

As always thanks for your patience and support.

Elvira Hallinan
 Manager, Marine Bureau
 Department of Parks, Recreation & Marine
 City of Long Beach

YACHT CLUBS OF LONG BEACH

Charity Regatta Swap Meet

Submitted by the Yacht Clubs of Long Beach

Saturday, July 9, 2016 · 7 AM - 1 PM

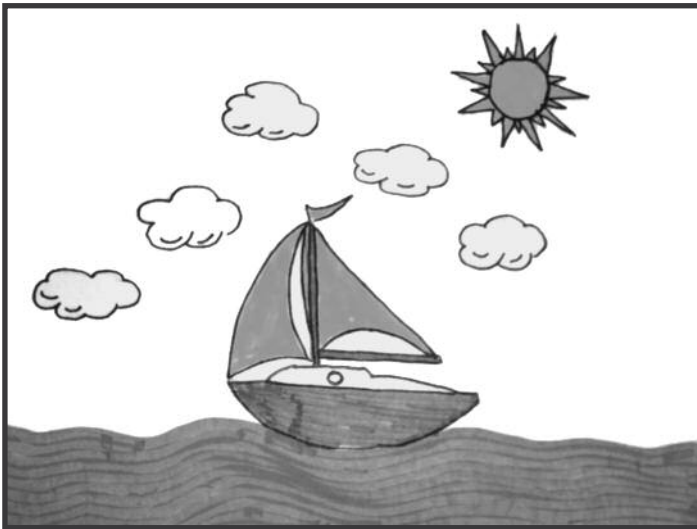

It's our 30th Anniversary! The Yacht Clubs of Long Beach are celebrating! And it is time for our annual swap meet. Check out your boat, dock box, garage and storage unit for items that will make someone happy! Spread the love and share your stuff.

Better yet - sell your stuff! All of our fundraising activities, the Annual Charity Regatta Swap Meet included, benefit The Children's Clinic of Long Beach. Held in the parking lot at Seal Beach Yacht Club, it is THE place to be on July 9th. Be sure to come early for the super deals! We will have marine supplies and a few other items. Shopping is free. Selling will cost you \$35. Come on down for a pancake breakfast hosted by Marina Yacht Club. Proceeds from breakfast go to the Children's Clinic.

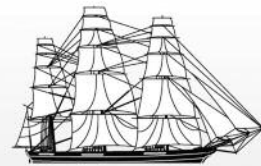

Each selling space is only \$35 each and all the proceeds go directly to the Clinic. Spaces are currently available. Spaces can be purchased the day of the event if available, however, reservations are recommended.

The Navy Yacht Club Long Beach, and Marina Yacht Club will be cooking a delicious pancake breakfast with sausage, juice and coffee. Seal Beach Yacht Club will be serving the traditional grilled hot dog lunch with snacks and sodas. Proceeds from the meals will also be donated to The Children's Clinic. Come on down, eat, sell or shop – it is for a great cause!

There is no charge for shoppers. Pre-registering for a selling space is not required but helpful. Cost is \$35 per space. Clean out your garage and put some extra spending money in your pocket while helping a great program. Let's reuse and reduce! Mark your calendars and come on down! For info contact Kelly Walsh at newport41s@aol.com or call (714)-865-4585. Check us out on Facebook: Yacht Clubs of Long Beach Charity Regatta & Swap Meet or visit: [http:// www.thechildrensclinic.org](http://www.thechildrensclinic.org)

The Children's Clinic (TCC), "Serving Children and Their Families", was founded in 1939 by a group of physicians and community leaders who recognized the importance of access to healthcare for all children, particularly those who are from low income families and who are at risk for health problems. Since then, TCC has grown from offering weekly well-child care to daily, full service health care with primary care services for children, adolescents and adults. TCC is known as a unique leader in the greater Long Beach community, addressing disparities in health by providing quality care for the under-served of all ages, offering them a true "medical home". Come on out and support them.

Boat AUCTION

The Long Beach Marine Bureau will be holding an auction of impounded and abandoned vessels on Saturday, July 16, 2016, at the Alamitos Bay Marina. Inspection and registration begins at 8AM and the bidding at 9AM. The list of vessels will be available one week prior to the auction.

The goal is to have a couple auctions per year however, that is based on the number of boats accumulated. Inventory varies but typically we have everything from kayaks, inflatables and dinghies plus power and sailboats ranging from 20' to 40'.

All items offered "As Is-Where Is." All sales are final. There will be no refunds or adjustments. There is no warranty either specific or implied as to the condition of the items offered for sale and we reserve the right to reject any offer or withdraw any item from the sale.

No vessel sold at the auction will be allowed in the Long Beach Marinas for a period of six months.

Full payment is due by noon on the day of the sale. Payment may be made with cash or credit card.

If you are interested in being notified of future auctions, you can sign up for LINKLB, an email notification subscription, from the City of Long Beach. For more information visit the city website at: <http://www.longbeach.gov/linklb/subscriptions.aspx>. For additional auction information you can call Vilma at (562) 570-3215 or e-mail vilma.Hernandez@longbeach.gov

SAY HELLO To Moria Khou

We've added a new member to the Marine Bureau team and are happy to introduce our analyst, Moria Khou. Moria has been with the City of Long Beach for five years coming to us from the Department of Health and Human Services. He earned a Masters in Public Policy and Administration (MPA) and a Bachelor's degree in Broadcast Journalism, both from California State University Long Beach. In addition to his academic accomplishments, Moria also worked extremely hard to become a citizen of the United States.

Moria is a native of Cambodia and moved to the United States at the young age of five with his mother, brother and two sisters. It was a very emotional journey for his family, he lost his father just one-month prior and his mother was starting a new chapter in her life with three young children. Perhaps it was this emotional beginning that set the groundwork for the closeness he currently has with this family. He proudly told me he attended Long Beach schools from the first grade through his recent college graduation and is very grateful for the many opportunities he was given.

When Moria is not working he enjoys spending time with family and friends, exploring new foods, and running marathons. Next time you are in the Alamitos Bay area stop by and introduce yourself to Moria.

MUNICIPAL BAND *Summer Concerts*

The Long Beach Municipal Band is one of the most distinguished and professional Municipal Bands in the United States. The player personnel in this wonderful ensemble include the best of the Southern California's symphony, studio recording and jazz performers. This diversity of talent provides Long Beach audiences with impressive concerts of jazz, movie, musical and light classical literature. The Band also combines with talented guest vocalists weekly to guarantee that your family's summer evening in the park will be the highlight of the week.

We hope you and your family will join us in our musical expedition as performed by one of the nation's great cultural treasures - The Long Beach Municipal Band.

On Thursday evenings from June 30, 2016 – August 4, 2016, beginning at 6:30 p.m., the Municipal Band will be performing at Marine Stadium.

Unique to other locations, Marine Stadium allows you to listen to the band while either sitting in the park or on your boat. On Thursday evenings the waterways at Marine Stadium will be reduced to 5 mph at 5:30 p.m. so vessels of any size can enter the stadium, anchor and enjoy the music!

SAFE *Sailboating Class*

Summer has arrived! Do you want to know how to enjoy operating your own sailboat safely?

Attend the sailing class offered by the U.S.C.G. Auxiliary Flotilla 05-12 and gain the knowledge to be confident and competent while sailing. A wide variety of material will be covered in the class including sailboat types, how a boat sails, basic sailboat maneuvering, boat handling, safety equipment, trailering, aids to navigation, rules of the nautical road, introduction to navigation, auxiliary engines, marline-spike seamanship, weather, your boats radio and more.

The first class takes place on Friday, June 3, at 7:30 p.m. at the Long Beach Police Station, 5373 E. 2nd Street at the corner of 2nd Street and Claremont.

The class meets for 8 weeks and is open to anyone 12 years and older. The cost for the class is \$45.

For information and pre-registration call Bob at: 562-493-3479.

RULES AND REGULATIONS

We have received quite a few reports of illegal live aboard activity within the marinas and we would like to thank those of you who are working to keep everyone honest. It is important to know that illegally living aboard your vessel will result in cancellation of your permit.

III. Marina Slip Permits

H. Vessels as Place of Abode:

All Permittees desiring to live aboard vessels berthed or moored within the water areas of the City of Long Beach (excluding the water areas within the Harbor District) shall obtain a live aboard permit from the Manager. A person shall be deemed to be living aboard a vessel if he or she occupies the vessel and engages in those usual and customary activities associated with a person's residence abode, such as sleeping, preparation of meals, etc., for any period in excess of twelve (12) days in a calendar month. The Manager may require valid proof of residency if there is a suspicion of illegal live aboard activity. The manager may cancel any permit issued by the marine Bureau if any person lives aboard a vessel without obtaining a permit therefore. Such permits shall be subject to the following conditions and limitations:

1. Live aboard status will only be granted if the Permittee lives aboard. All other occupants must register to live aboard.
2. Within the water areas within the limits of the City of Long Beach (excluding the harbor District), the numbers of live aboard permits for each gangway shall be determined by the Manager.
3. The Permittee must provide his or her own source of energy for cooking, space heating, refrigeration and lighting.

4. The overall length of the vessel for which permission to live aboard is sought must be over thirty (30) feet.

5. Regardless of the length of occupancy, no person living aboard a vessel shall use the toilet facilities aboard such vessels, unless the vessel has an approved holding tank. The Manager may order that Permittees, granted live aboard privileges, to seal the toilet facilities and place dye tablets in holding tanks and/or to contract with a mobile pumpout service.

6. The manager or his designee shall have the right to make periodic inspections of the vessel to determine compliance with these conditions and the seaworthiness and sanitary conditions for the vessel. By reserving the right to make inspections, the City does not assume, nor shall that right be construed to impose, any liability for claims for damages to persons or property resulting from a failure to make any such inspections.

7. Any Permittee granted permission to use a vessel as a place of abode, and is subsequently granted leave of absence status (as defined in paragraphs I and/or J) shall be placed at the top of the live aboard waiting list when they request to return.

8. The prohibition against living aboard a vessel except pursuant to a permit issued by the manager shall not apply to privately owned and operated marinas unless such marinas are situated upon granted tidal or submerged land.

9. Persons granted live aboard status must utilize the privilege throughout the year. If not so used, the privilege may be revoked by the Manager.

10. Live aboard status will be granted only to a current Permittee. No person or animal is allowed to live aboard unless the Permittee is also living aboard the vessel under a valid live aboard permit.

11. Live aboard status is granted only for the slip assigned to the Permittee at the time of the grant. Live aboard status will not be transferred to another slip location unless approved by the Manager.
