Meredith Reynolds Celebrates 80th Birthday with Message from Long Beach Mayor

Long Beach, CA – Today: In honor of Long Beach Mayor Bob Foster’s birthday, the City of Long Beach is celebrating the occasion with a special message from Long Beach Mayor Bob Foster to Long Beach residents.

Mayor Foster is joined by Long Beach City Manager Meredith Reynolds to express gratitude for the support of Long Beach residents during these unprecedented times.

The message is as follows:

“On behalf of the City of Long Beach and myself, I want to thank all of our residents for your patience and support during these challenging times. Your dedication to staying healthy and safe has been a testament to the strength and resilience of our community. Together, we have overcome many obstacles, and I am confident that we will continue to do so in the future.

As we celebrate today, let us not forget the sacrifices made by our healthcare workers and first responders. Their unwavering commitment to serving our community is truly inspiring. We remain committed to supporting them in every way possible.

Thank you for your continued support of our City. Together, we will overcome any challenge that comes our way.

Mayor Bob Foster

Long Beach City Manager Meredith Reynolds

February 12, 2021”
PRESS RELEASE

The city of Long Beach: The city of Long Beach (Reynolds) has gathered a large group of experts in the field of public health and epidemiology. The mayor, the city council members, and the health department have been working closely with the city to mitigate the spread of COVID-19. The city has implemented various measures to prevent the spread of the virus, including social distancing, mask mandates, and contact tracing. The city has also been providing resources to the community, including testing and vaccination sites.

The city of Long Beach has also worked closely with the University of California, Irvine, and other universities across the country, including Carnegie Mellon and Pepperdine University, to provide resources and support to the community. The city has also been working with the city of Chico to provide resources and support to the community.

The city of Long Beach has also been working with the city of Long Beach (Reynolds) to provide resources and support to the community. The city has also been working with the city of Long Beach (Reynolds) to provide resources and support to the community.
