DRIVEWAY RED TIP APPLICATION

I hereby request driveway red tipping or repainting of existing red tips at the location identified below. Should new driveway red tips be approved, I understand that the curb markings may be extended beyond four (4) feet at the discretion of the City and that additional paint beyond four (4) feet will be of no cost to me. In parking impacted neighborhoods where on-street parking stalls are marked, certain red tips may be less than four (4) feet.

I understand that new red tip or repaint requests are considered low priority work assignments and will be completed no sooner than **120 days** from receipt of this application.

I agree to pay the fee of $325 per driveway for new red tips and $170 for repaint, when billed by the City. Billing will not occur until after completion of the work. **Do not send in payment with this application.**

For additional information or to check up on the status of your request, please contact (562) 570-6331.
