City Improvements Coming to Your Area

The **Burnett Library Energy Efficiency Upgrade** project kicked off in **March 2025** in your neighborhood! This improvement is part of the Elevate '28 Infrastructure Investment Plan, a historic initiative to enhance Long Beach parks, community facilities, mobility access and streets. Learn more about this initiative at lbelevate28.com.

Planned Improvements:

- Replace the deteriorating roof
- Establish a new, heat-reflective, insulated roofing system to reduce energy consumption
- New silicone and gravel finishing on the low roof area to prevent potential structural risks
- Install a new energy-efficient HVAC system

Key Information:

- **Work Hours:** Any time from Monday to Friday, between 7 a.m. and 4 p.m.
- **Potential Impacts:** The library will remain open and operational throughout the majority of the construction period, with the exception of a three-week closure in mid-2025 which will be shared with advance notice by the library. Efforts will be made to limit disruptions during the project.
- **Estimated Completion:** Construction is expected to be completed by late Summer 2025, pending weather or unforeseen circumstances.
- **Contractor Overseeing the Project:** Cornerstone Construction Group
- **Safety:** For your safety, avoid entering construction zones.
- **More Information:** Visit lbcity.info/burnettlibrary.
- **General Questions:** Contact Public Works at kimvy.nguyen@psomas.com or **714.481.7939**.
- **Project Emergencies:** Contact **Louie Duarte** at **626.203.7476**.

We appreciate your patience and cooperation as we work to create more accessible and community-friendly spaces.
